A HEATED DEBATE IN THE SENATE

The Conference Report on the Tariff Bill Is Presented and Discussed.

JONES TALKS FREQUENTLY

He Demands an Explanation but Is Pacified by Allison.

PETTIGREW VERY BITTER

Accusations Are Made That Some Members Seek Personal Gain.

By Associated Press to The Tribune.

WASHINGTON, July 20.—The tariff struggle was removed to the Senate today, but there was very little evidence of an exciting contest when the session opened. Several of the Senators who have been absent from the city were back again anticipating that every vote might be needed.

The gallery attendance was greater than usual, although there was no crowd. On the desk before Mr Allison (Iowa), in charge of the tariff bill, was the ponderous manuscript of the tariff conference report.

Immediately after the prayer, a message from the House announced the agreement of that body to the conference report.

Considerable routine business was disposed of before the tariff report was called up.

A resolution by Mr. Morgan (Ala.) was agreed to, asking the President as to what indemnity if any had been asked of the Spanish Government for the arrest and subsequent expulsion of Samuel T. Tolon, an American from Cuba.

Mr. Allison then formally presented the tariff conference report and asked for its consideration, but at the instance of Mr Berry (Ark.) gave way for the immediate passage of a resolution empowering the President to take steps for the release of Ona Melton and other "Competitor" prisoners. The resolution passed without comment, by unanimous vote.

The Vice-President announced in response to an inquiry by Mr Allen (Neb.) that the pending Union Pacific resolution was the unfinished business and would come up at 2 P. M. unless displaced.

This drew from Mr. Morgan a statement that it was intended to discuss the tariff report in all its political, financial, and historical bearings. Aside from this it was proposed to secure consideration for the Union Pacific resolution, either by itself or during the tariff debate if this became essential.

It was not an orderly practice, but, said Mr. Morgan, when men were tied up and lashed over the back they were not disposed to stand on the niceties of procedure. It was more important, he said, to save $70,000,000 by the Union Pacific resolution than to pass the tariff bill.

Mr. Allison suggested that there was no disposition to cut off all reasonable consideration of the report. It was too important, however, to give way to other questions which might be brought forward.

The conference report was then read in detail. When the first clause was read, Mr. Jones (Ark.) made an earnest protest against proceeding on the technical report without an intelligent explanation of its meaning.

There had been no opportunity for the Democratic conferees to consider it in committee. It had been rushed through the House in a single day, without time for preparation to discuss it there. It was due to the American people, he declared that some explanation be given.

The reading of the lengthy conference report then proceeded rapidly. There were frequent inquiries by Mr. Jones and brief explanations from Mr. Allison, but these did not cause material delay. Seven pages of the printed report, covering thirty-eight pages of the bill, were disposed of in the first half hour.

When the item of window glass was reached Mr. Jones read a telegram just received from leading window glass dealers of New York saying the restoration of the McKinley rate would place a duty equivalent to 140 per cent on this article which would be prohibitory and would stop all revenue from this source.

The lumber amendments led to animated debate. Mr. Teller and Mr. Vest contended that the $2 rate on white pine and the retaliatory clause against Canadian logs in effect permitted a double tax.

Mr. Teller declared that the whole thing was conceived in the interest of a few mill men of Michigan, Minnesota and Wisconsin, by which they would be enabled to raise the price of pine $3 to $4 per thousand.

Mr. Pettigrew (South Dakota) severely criticised the conference amendment, making personal reference to the Michigan Senators. He said the $2 was designed to benefit a few men who own what standing pine there is in Michigan, Wisconsin and Minnesota.

One Michigan lumber man was worth $10,000,000 and was prominent in Republican politics. He is the man "who manipulated the election of Senators in Michigan," asserted Mr. Pettigrew.

This condition made the lumber amendment an important one "to the Michigan machine," he said. This lumber item of $10,000,000 counted against the influence and votes of 10,000 men of ordinary means. He said that the conference report ought to be rejected on this lumber item, but it was full of tricks.

Commenting on a newspaper clipping as to a gathering of lumber men in Mr. Burrow's room, Mr. Pettigrew said it showed that the pine amendment would take over $10,000,000 out of the pockets of the people and put it in the pockets of "this little group of lumber-men gathered in Burrow's room." While the bill was full of such tricks, Mr Pettigrew asserted that the lumber rate was one of the worst and most barefaced tricks of the whole bill.

THE PRESIDENT'S CURRENCY BILL.

It Will Be Sent to Congress When Tariff Matters Are Decided.

By Associated Press to The Tribune.

WASHINGTON, July 20.—It is semi-officially announced today that President McKinley will withhold his currency message until after the conference report on the tariff bill has been adopted by the Senate.

The Republican leaders in the Senate do not desire to have any new question thrown into the Senate while the debate is on lest it may lead to complications and delay.

It is in deference to their opinions and wishes that the President has postponed sending the message to Congress. He is, of course, as anxious as any of them can be to have the bill become a law at the earliest possible moment.

As soon as the tariff bill is out of the way, the currency message will be sent to Congress.

TROUBLE OVER APPOINTING POWDERLY.

The Immigration Committee Is Unable to Decide the Matter.

By Associated Press to The Tribune.

WASHINGTON, July 20.—The Senate Committee on Immigration attempted to secure a meeting today to consider the nomination of Hon. T. V. Powderly to be Commissioner of Immigration, failed to obtain a quorum.

The meeting developed the fact that confirmation will be opposed by some Senators on the ground that Powderly's appointment is distasteful to the labor element. Another attempt will be made to take up the nomination tomorrow.

Nicaragua Commissioners.

By Associated Press to The Tribune.

WASHINGTON, July 20.—The Secretary of War has designated Captain O. M. Carter of the army corps of engineers, and Rear Admiral John G. Walker, retired, as members of the Nicaragua Canal Commission provided for by sundry civil act approved June 4, 1897.

He has also detailed Major W. C. Raymond, engineer officer in the army, as a member of the deep water ways commission, provided for in the same act.

The other members of both those commissions are likely to be designated within the next day or two.

All Right Again.

By Associated Press to The Tribune.

OMAHA, Neb., July 20.—A special to the Bee from Sydney, Neb., says the damage done on the Union Pacific tracks by the cloudburst of Sunday night has been repaired and trains are now moving again. The first train was over at 6 o'clock last night. Wires are working again all right. There are indications of another deluge.

FUNDS IN DISPUTE

A Lively Interchange of Views Between Three County Supervisors.

CLAREMONT WANTS MONEY.

Piedmont Also in a Bad State Because of Its Lack of Means.

CHARGE OF OUTLAWED CLAIMS.

The Allegation Set at Naught by the County Expert's Report.

One of the hottest wars of words which has ever taken place in the county Board of Supervisors occurred today and continued for nearly an hour. It was brought about by a speech which Supervisor Roeth made and a couple of resolutions which he introduced regarding the appropriation of funds to his own road districts and those under the supervision of other members of the Board.

He first introduced a resolution transferring $200 from the general road fund to the Claremont road fund. He followed this up by saying that the money was required because of a deficit and there was also a deficit in the Piedmont road district which he wanted to help out.

The deficit was occasioned by the recent annexation on the strength of the anticipation of which many of the residents refused to pay their road taxes. It was now an impossibility to collect the taxes.

When there should have been $500 collected, the collector had been able to gather only $68.

Roeth then spoke about the money that had been transferred to Dublin road district and this brought Supervisor Wells to his feet.

"When I took Dublin district there was not a dollar in it," he said. "It was bankrupt. Now (to Roeth) how much did you have in your district? I ask you now to tell us how much money you had in your district."

Roeth started to reply. Wells kept the floor and vociferated:

"This is all out of order."

Chairman Talcott ruled in accordance with Wells' views.

Roeth then said "I would like to make a statement. I do not know the cause, but during my absence, it may be because of my absence, as I was away fifteen days, an appropriation of the funds was made to the several districts. It had been agreed to make the appropriation prior to that date, but was not until during my absence that it was made. Other districts had claims against them for two years, and these were illegally cleared up."

At this point Chairman Talcott spoke up. "Two years you say? Will you please name some of the districts?"

Then an interesting dialogue followed.

Roeth—The first district I can recall was Alvarado.

Talcott—I think the gentleman is in error. I know of no claims over one year old against any district. If you have information you should show it up.

Roeth—The resolution of the clerk will show it and show up some of the claims. I refer to the claim of E. B. Stone.

Church—I request that the clerk find the resolution and read it.

Roeth—I refer to fiscal years.

Talcott—In my judgment this gentleman, or no other gentleman can point to any claim that is an overdue claim that has been allowed because the law specifically states that no claim beyond a year can be allowed in the year in which it did not occur.

Roeth—I hold that it is not fair for you to transfer $500 to Dublin district and to Castro valley, and $100 to the Peralta road fund and leave other districts without needed money.

At this point the chairman's gavel descended with a crack like the report of a pistol shot.

Talcott—The gentleman is out of order and will take his seat.

Roeth—I want to say——

Talcott—Will you take your seat?

Mr. Roeth continued to remark as regards alleged claims which had been allowed out of the years in which they had been created, and finally again rose and handed to the Clerk another resolution appropriating $200 from the General Road Fund to the Claremont Road District Fund.

Talcott—The chair is of the opinion that that is the same resolution which you presented twenty minutes ago.

Roeth, naturally florid as to complexion, became as red as a peony when thus addressed by the chair, and he immediately replied:

"I beg your pardon. It is not the same motion, but I'll take my medicine if you want to cut me off."

Mr. Talcott then requested Roeth to remain quiet for a moment, stating that he had been informed by the Clerk that the last resolution on Claremont was identical with that which Roeth had handed in earlier.

Roeth denied that he had read another resolution regarding Claremont, whereupon Clerk Jordan read the first resolution which had been introduced on the Claremont district. The similarity was apparent, whereupon Mr. Wells rose and said:

Wells (facing Roeth)—If that is not the same resolution which you read before I'm mistaken.

Roeth—I didn't read the resolution. I simply handed it in. I desire to have the resolution adopted. My reasons for this are the same that are entertained with respect to resolutions for other districts. Why should not the Piedmont road district of Claremont receive the same consideration as Dublin? Why should not the Claremont district receive the same consideration as Alvarado, which according to the County Expert's representations, was considered short? The assistance in those districts would have to come out of the County General Fund and the expert said it would be necessary for me to go slow. The deficit in the Alvarado road district from the first day I was here to a month ago was $900.

The Clerk here read a resolution providing for the payment of a claim of E. B. Stone for $1,900, which was for work in Mr. Talcott's district.

After the reading had been finished the chair took a hand.

Talcott—I understand you to say that it was in the Alvarado district that you said the overdrawing took place. I feel that I will have to object myself. You misled me by your remarks. Did I understand that the Alvarado matter which was behind more than a year was liquidated?

Roeth—Yes.

Talcott—When was it done?

Roeth—The Clerk can tell.

Talcott—Do you say that anything wrong was done?

Roeth—There was a transfer to that fund from the County General Fund.

Talcott—The chairman is of the opinion that the gentleman is very much mistaken. There has never been a transfer of that kind to the Fruitvale Fund.

Wells—It is my opinion (to Roeth) that you ought to acquaint yourself with matters before you get up to talk about things that you know nothing about.

Roeth—I have investigated——

Wells—You are making assertions which you can't prove.

Talcott—The Board will bear me out that no money for the purpose mentioned has been taken out of the County General Fund, but out of the General Road Fund.

Roeth—The General Road Fund is what I am talking about.

Talcott and Wells then spoke up, claiming that Roeth all along had been talking about a fund his charges against which were entirely unfounded.

Then Supervisor Church, for the first time, took a hand in the dispute.

Church—Charges have been made by a gentleman on my left that the Board of Supervisors have audited and paid bills of two years standing. I will call on the County Expert to refer back for two years in his books and see if we have violated the law in auditing any claim that has been outlawed. The law requires that all claims shall be paid in the fiscal year in which they arise, and makes us responsible for any act of ours which should be in violation of that provision. I demand that the expert examine and report back to this Board as soon as possible. If there has been any violation of the law, we are responsible. If we have violated the law, I want it to be known.

Talcott—If there is no objection, it will be understood that the expert will report as desired.

Wells—I know that such is the case from experience. I overlooked a bill and put it in in the wrong year. I lost eight dollars and six bits. I never got it.

Expert Fred Davis then made his appearance, and there was a consultation between him and Supervisor Church.

Church—Our expert keeps up with the facts and figures of the Board and is able to report in half an hour.

Clerk Jordan—He is able to report now.

Talcott—Will the report be in writing or verbal?

Church—A written report.

A recess of half an hour was then declared, whereupon Mr Davis presented the following, which was read by Clerk Jordan:

THE EXPERT'S REPORT.

"To the Honorable Board of Supervisors, Gentlemen: The question has been put to me and a report required thereon whether or not any bills have been passed and allowed by this Board that were more than two years old and after examination I submit the following report.

"In accordance with section 41 of the county government act of 1893, a claim to be passed upon by the Board of Supervisors must be filed with the Clerk of the Board within a year after the last item of the account accrued, and our law further requires that the expenses incurred in one fiscal year must be paid out of the funds of that fiscal year. The revenue and claim book as kept by both the Treasurer and the Auditor, the claims paid against the different funds of the fiscal years are charged against in the said books to the fiscal year to which they belong, so that the Auditor and Treasurer have both an exact account of the claims allowed by the Board of Supervisors at various times against the fiscal years. The Auditor is particularly careful of issuing warrants on an outlawed claim as the fiscal years of the Auditor and Treasurer must balance to a cent.

"In this respect, however, I would state that a bill that was more than two years old was allowed and passed by the Board of Supervisors on August 31st, 1896, being the claim of Oliver Lindsey for jury fees amounting to $3.40, service being rendered by said claimant November 11 1892. The warrant for this claim was written by the Auditor in favor of said Oliver Lindsey, but now remains in his office with notice written thereon 'Do not issue, as this is an outlawed claim.' The reason of the passage of this claim by the Finance Committee and the Board of Supervisors was that the District Attorney rendered a verbal opinion that if the Board desired to take advantage of the law, that this claim was outlawed, they could do so, but it was simply a question as to what they thought would be right and just in the matter, but, as aforesaid, the Auditor refused to issue the warrant. This was the only claim passed by the Board of Supervisors which was over two years old in the last two years.

"All bills allowed by the Board of Supervisors for the last two years have, in accordance with my examinations of said bills, been legally allowed by this Board of Supervisors. Respectfully submitted,

"FRED A. DAVIS,
"County Expert."

The report was ordered filed and the Board adjourned until Friday morning.

Marching Miners Declare They Will Force Workers to Strike.

SOVEREIGN IS CALLED DOWN.

The Mayor of Columbus Refuses the Agitator Permission to Speak.

HELP FROM THE FIREMEN.

A Letter Is Addressed to Members Asking for Their Support.

By Associated Press to The Tribune.

ST. LOUIS, Mo., July 20—Having succeeded in getting the miners at O'Fallon, Illinois, to go out, the army of strikers that have been marching from town to town persuading men at different points to quit work, left this afternoon for Belleville, which they will reach about sundown.

Trouble is feared at Belleville as the miners at work there have declared their intention of not stopping work, while the marching strikers say they will force them to do so.

HINGES ON THE LITTLE WORD "IF."

Debs Believes That the Strike Will Be a Conditional Success.

By Associated Press to The Tribune.

FAIRMONT W. Va., July 20.—Fifty of the strikers at the Monagah went into the mines again today and ten at Clark followed their example.

This move is very encouraging to the agitators headed by Mr. Debs, but a meeting will be held at Rivesville this afternoon after which they expect some encouragement.

This morning twenty-five men at the O'Donnell mines came out for the second time, but their action is not one of much moment.

This morning the men went to work earlier than usual as a sign of good faith.

Debs says he expects a good meeting at Riversville this afternoon. If the men at Watson will come out he says the success of the greatest strike in the history of mining will be insured.

LITTLE CHANGE IN WEST VIRGINIA.

A Few of the Strikers Go Back to Their Work Again.

By Associated Press to The Tribune.

WHEELING W. Va., July 20.—The strike situation shows no marked change this morning. A few of the men who struck yesterday went back to work and some others came out.

The New River and West Virginia Central regions are working full time.

Debs will speak at Benesville tonight and spend today arranging a campaign with the organizers and local strike leaders.

Shipments continue heavy, and there is no apparent decrease of the output from maximum before the agitators begin their work.

No effort to interfere with West Virginia coal trains has been made.

SOVEREIGN IS NOT ALLOWED TO SPEAK.

The President of the Laborers Coldly Received in Columbus.

By Associated Press to The Tribune.

COLUMBUS, O., July 20.—J. R. Sovereign, President of the Knights of Labor, arrived today from Pocahontas, West Virginia, where he spoke ten minutes to the miners, when the Mayor by a proclamation stopped "all public meetings or assemblages of more than three persons in any public place within the corporate limits," alleging that such meetings were inimical to the public peace.

President Ratchford copied the proclamation for future use.

Mr. Sovereign reported that one hundred business men of Pocahontas apologized to him for the act of the Mayor.

Mr. Sovereign is going to Fort Wayne Indiana, whence in a couple of days he will return to Virginia.

TRIBUTE OF DR. McKENZIE.

Numerous Floral Offerings Sent by the Sorrowing Railroad Men.

(Special to the Tribune.)

SAN FRANCISCO, July 20.—The funeral of the late Charles F. Crocker was held today at the First Congregational Church in San Francisco. The ceremonies were conducted under the auspices of California Lodge, No. 1, F. and A. M. The special train from San Mateo arrived at noon, and was met by a delegation of Masonic bodies, which escorted the remains to the church. California Commandery, No. 1, Knights Templars and the Grand Consistory of California comprising Scottish Rite Masons, were represented in the funeral cortege. They were met at the church by California Lodge, No. 1, F. and A. M. The Masonic funeral service was conducted by W. Franklin Pierce Rev. Dr. Mackenzie of the First Presbyterian Church made a brief address.

Preceding the impressive ceremonies in San Francisco were the simple services at the Crocker mansion, Uplands at San Mateo. There Dr. Mackenzie made a very brief address, followed by prayer and hymns, in which the family joined. The casket was placed in the gold parlor of the Crocker mansion, in the midst of a wealth of floral offerings.

The pall bearers were as follows: Henry T. Scott, W. E. Bond and Russell J. Wilson, representing the personal friends of Mr. Crocker; H. E. Huntington, J. Kruttschnitt, J. C. Stubbs, J. A. Fillmore and N. T. Smith, representing the Southern Pacific Company. Chas. Holbrook, representing the Market Street Railway Company; Mayor James Phelan, H. B. Houghton and George T. Marye, representing the Regents of the University of California. Reuben H. Lloyd, representing the Grand Encampment Knights Templar. Thomas H. Caswell, representing the Supreme Council, Scottish Rite Masons; Judge F. E. Spencer and Dr. Edward R. Taylor, representing the trustees of Leland Stanford Jr. University; Charles L. Patton and Edward Peabody, representing the California Lodge of Masons, George D. Clark and William H. Miller, representing the Native Sons of the Golden West, Irving M. Scott and E. J. Molera, representing the Academy of Sciences.

The floral offering were elaborate and beautiful. The floral tributes of the railroad men formed a monument of blossoms, one of the most unique and largest floral displays ever seen in San Francisco.

The general offices of the company were closed today out of respect to the dead vice-president and many flags floated at half-mast during the day.

THE VACANCY IN THE BOARD OF REGENTS.

W. R. Davis May Be Appointed to Succeed the Late Colonel Crocker.

By the death of the late Charles F. Crocker, a vacancy occurs in the Board of Regents of the State University. His term will expire March 1, 1904. Speculation concerning his successors includes the names of Ex-Mayor William R. Davis, president of the Alumni Association of the State University, also that of George Boyd of San Francisco.

Mr. Crocker served on the Committees of Internal Administration, Grounds and Buildings and the Lick Observatory.

The term of J. West Martin of this city expires next March.

Convicted of Bigamy.

By Associated Press to The Tribune.

SAN JOSE, Cal., July 20.—Ira N. Stanley, a marine engineer, was convicted of bigamy this morning and sentenced to pay a fine of $200, with the alternative of 100 days' imprisonment in the county jail.

The jury, after much deliberation, having recommended the defendant to the "extreme leniency of the court."

SALT LAKE, Utah, July 20.—The city is crowded with visitors to witness the first day's proceedings of the Pioneer Jubilee. The incoming rush began yesterday morning and up to last night the railroads had brought in ten thousand visitors.

People were arriving all night and during the early morning by trains and every other means of transportation. Large additions were made to the decorations during the night and this morning the city presents a gala appearance.

The exercises of the day opened according to the programme.

By 10 o'clock thousands of people had congregated in the vicinity of the Brigham Young monument to witness the unveiling exercises. A temporary platform had been erected for the speakers.

A prayer written by President Woodruff (who is slightly indisposed) was delivered by Bishop Whitney.

Brigham Young, a son of the famous Mormon apostle, spoke and when the monument was unveiled a great shout broke forth from the assembled multitude. This was followed by a salute of twenty guns by the Nauvoo Legion.

FUN AT THE THEATRES.

The Frohman Company Comes to the Macdonough Next Week.

Ulrich's Celestial Maiden Continues to Draw at the Oakland.

Mary Mannering, the new leading lady of Daniel Frohman's Lyceum Theater Stock Company will be seen in this city for the first time on Monday, July 26th, when that powerful organization will commence an engagement for three nights, opening in that picturesque and idyllic play, "The Mayflower," a love story which involves characters and events peculiar to the period of the early Pilgrims, and presenting other recent Lyceum Theater successes.

Miss Mannering immediately won much praise in San Francisco, and was accorded an unusually kind reception there. She is an actress of more than usual ability, and is said to excel in emotional roles of the juvenile order. Miss Mannering distinguished herself in Golden Gate Park by her superior equestrian ability, especially in stopping a runaway.

Just prior to the closing of the four weeks' engagement of the Lyceum Theater Company at the Baldwin, Miss Mannering was riding with an escort in the park, when a cry of alarm suddenly broke on her ear. Turning her head, she saw a carriage containing two ladies and a child dashing towards her at a furious pace. Realizing that the horse had broken from under control, Miss Mannering waited until the infuriated beast was abreast of her and reaching forward caught the reins in her left hand. The suddenness of the shock almost dragged Miss Mannering from her seat, but with deliberateness she straightened herself in her saddle and trotted beside the carriage until the horse was under control. The occupants of the carriage were profuse in their thanks, but Miss Mannering modestly rode away without even ascertaining who she had rescued. The occupants of the carriage were well known as the wife and daughters of a prominent merchant of San Francisco, who sent Miss Mannering a beautiful basket of flowers with a note of sincere thanks.

OAKLAND THEATER.

"The Celestial Maiden" inaugurated the second week of its run last evening at the Oakland Theater with a crowded house.

The play is an exceptionally strong one dramatically, and is interspersed with sufficient high class comedy to relieve the powerful strain upon the audience. Divest the play entirely of the Chinese character and you

TUESDAY .....JULY 20, 1897.

It is to be hoped that Andree will find the Pole strong enough to hitch his balloon to so that he can stretch his legs.

Modesto is a Democratic town, yet they handled the news regarding the visit of Bryan there with the caption of "Wandering Willie."

If the King of Siam does not hurry back home he may find himself without such a place to go. The Cubanites are making things lively around the capital.

What with the Perry Pelar expedition, the Andree balloon trip and the Klondike rush the far North is engaging a good percentage of the public attention nowadays.

Our State University is certainly destined to in time rival the great colleges of the East. The plans for its beautification as outlined by Regent Rowlstein will bring it to the attention of the whole world.

A Berkeleyan has been sent to the asylum because he had the mania that he had a big hole in his head. Judging by the capacious smiles some of the residents out there are capable of he may not have missed the mark by very much after all.

Here is a little news item for the consideration of those who are figuring on making the trip to the Clondyke: Three mail carriers were frozen to death in Alaska in trying to carry the mail from Sunrise City across the glacier to Prince William Sound, July 9th. Ugh! Frozen to death in the middle of summer.

Chicago's new women are evidently not of the Christian Endeavor pattern. Mr. Girard of that town wants a divorce because his wife hid his trousers and cut the buttons off his vest to prevent his going to Sunday School. It is of course barely possible that a good-looking Sunday School teacher was somewhere in the background of the drama.

The death of millionaire Creede in Los Angeles is described in the Los Angeles papers as having been the occasion for a fight over his remains by two undertakers, each anxious to secure the funeral with its attendant large profits. While one was obtaining an order for the body the other one quietly carried it to his parlors and refused to surrender it. What with the light over his body and the one over his estate, Mr. Creede will not need any wake.

Congratulations over our California climate are again in order. Here is an idea of what the Easterners have been recently enduring, the item being from the Cleveland Plain Dealer: "The heat was intense and pitiless. Everyone in the great city has suffered. From the time the sun shot up over the horizon, a great ball of red, until it sank in the west murky sky, a sweltering molten mass of yellow, there was no cessation in the fierce rays. From morning until night its heat was fearful. A smoking characteristic of the day was the hot breeze which came in great gusts of hot air. There was nothing cooling about the breeze. On the whole it made one hotter than ever."

LAST CENTURY IDEAS.

It is not surprising that the progressive European and American elements in the Transvaal was at heart thoroughly in sympathy with the Jameson raid, for evidences are continually coming to hand of the stupidity and boorishness of the local government. The latest and most striking example is in the announcement that the Boers have refused to permit the use of electricity on the street cars of Johannesburg on the ground that it would deprive the farmers of a market for their fodder.

This is a return to medieval methods with a vengeance—the same sort of policy that frowned at the printing press and every other stroke of inventive genius that could benefit mankind and advance the steps of civilization. No wonder the progressive spirit of the age is rebellious at these stupid last-century-ideas Dutchmen. Although the methods that were attempted to bring them to their senses are doubtful even from the standpoint of political morality one must certainly applaud the efforts made to throw off such a retrogressive yoke. The world is in too much of a hurry nowadays to allow barriers of this description to remain up long and although the Commissioners that have just been investigating the Jameson raid in England have condemned the advances made on the Boer territory, it is a pretty safe proposition to say that within five years, or ten at the most, the Uitlanders will have forced the government to terms that will at least permit of the use of modern methods, or else will have destroyed the Boer organization altogether.

COL. CROCKER'S DEMISE.

The career of Colonel Charles F. Crocker furnishes a good object lesson for the young man of today. The inheritor of millions, which came to him at an age when temptation is the strongest, he never faltered from the path of rectitude in which he had started, and though he lived well and generously, he never indulged in the dissipations and extravagancies so easily within his reach.

His father was a man of the sturdy pioneer type. He had made his fortune by hard work and he did not want it to be frittered away or misused after he had gone. Thus it was that Charles F. Crocker was given the practical business training that served him in such good stead in after years for he was made to give his apprenticeship with the clerks at the desks and was only permitted to ascend the ladder to deserved promotion.

Colonel Crocker had it in his power of late years to cause serious disruptions in the corporation of which he was vice president, owing to the clash between the Huntington and anti-Huntington interests and in taking up the neutral portion he did and thereby pacifying the troubled waters he showed his shrewd, good sense for he not only avoided a conflict that might have led to his own undoing but aided instead of hampering the successful financial policy inaugurated by the president of the road. He was careful and scrupulously attentive to the business at his command and he bore the respect and esteem of every official of the company from the highest to the lowest grade.

With the public Colonel Crocker was always popular. The fact that he was a native son endeared him to the pioneer generation and the old-timers liked him for his father's sake as well as his own. He was a liberal patron of the sciences, as witness his recently paying all the expenses of an astronomical expedition and he was as popular in social circles as he was respected in business life. That he was a true Californian and had every confidence in the future of the State is shown by the fact that all the investment of his inheritance were made here. He was in every sense a representative man and that this was recognized was proved by his being selected by the last Republican State Convention as a delegate to the national assembly. He will be long missed in the circles in which he moved and the State generally will deplore the passing of a good man.

The favorable conference report on sugar is giving the brokers lots to do. The stock moved up 6¾ points yesterday, reaching $1,42½, the highest in its history. Almost every security is on the upgrade as a result of the tariff legislation.

The New York Sun has gathered conclusive proof that the long predicted wave of prosperity has arrived. It points dispatches from all over the country on the industrial and financial situation and in every instance the most favorable conditions are reported.

New York has taken up the health crusade that was started on this coast some months ago. Official surveillance is being rigidly kept over probable breeding places for disease and the germists have succeeded in passing a law preventing meat from being exposed for sale in public places on the ground that the dust may contaminate it with tubercular germs.

San Francisco is setting Oakland a good example in the line of sanitation. The Folsom street prison over there was recently reported as unwholesome and unfit for prisoners and it has been abandoned and a new jail is to go up. For the past six years Oakland's City Prison has been reported as unfit for human habitation but no steps are ever taken to remedy the evil.

If Joaquin Miller doesn't succeed in locating a good claim at Clondyke he ought to push on to the North Pole. That will give him lots of opportunities for notoriety.

FASHION'S FRIVOLITIES.

Ribbon belts made of two lengths of ribbon folded and crossed on the hips so that they form points back and front are a useful accessory of dress, since they are boned and hooked in front, and, consequently, are always in place.

If two pairs of shoes are kept in use together, wearing them alternately, the shoes will give more service and last longer than two pairs worn one after the other. Shoes, like many other things, become tired, and require an occasional rest to do good work.

The pinched bodice is a prevailing element of fashion, and the latest is the one which overhangs the belt in the back as well as the front. This whim is said to encourage the habit of tight lacing again, since the effect of having the waist small adds so much to the beauty of this particular mode.

There has been a steady demand this season for fancy mohairs, and these the manufacturers have produced in a very attractive variety of patterns. Some of the designs have narrow strips in open work effects, and these are made up over silk whose contrasting colors show effectively through the fancy meshes.

Girdles and belts with sash ends all made of ribbon, costing from $5 to $15, are shown in the shops in great variety. Ruffles of lace edging, set on two or three inches apart, across the ends for the entire length, are one mode of decoration; others are of fancy striped ribbon, without the lace, arranged in deep pointed girdles, boned to keep them in place.

The latest sleeve is cut in one piece, small aigot shape. Two plait are folded at the elbow on the under side, and the seam is arranged well under the arm, while plaits in front at the top thrown up a little fullness which forms the puff. Another fancy is a sleeve tucked on the entire length of the sleeve.

Frank Guild Arrested.

Frank Guild, a painter, living at 653 Seventh street this city, was arrested yesterday on a warrant sworn to by Mrs. C. H. Hawley of Napa. Guild has been painting the Napa Hotel, which is conducted by Mrs. Hawley. He was charged with defrauding Mrs. Hawley of $9.50, which was due on a board bill. Guild claims that he left Napa only for a day, his intention being to return after securing some supplies in this city. The lady, he says, owes him $175 on the painting. Guild was released last night on $50 bail furnished by C. M. Verrill.

Escaped From Agnews.

The police have been advised that Harry Nichols, an ex-convict, who was sent to Agnews Asylum from this city, has escaped from that institution.

FUN FOR SOLDIERS

The Boys in Blue by the Seashore Have Lively Times.

BRYAN IS IN THEIR RANKS.

He Is Court-Marshalled and Tossed in a Blanket.

OAKLANDERS AT SANTA CRUZ.

A Large Number Are on Hand by the Sad Sea Waves.

CAMP SHAFTER, Santa Cruz, Cal., July 19.—This morning at reveillie all the boys in blue coats turned out with alacrity to begin the first day of regular duty. Everybody seemed to be in good spirits as was amply attested by the way in which breakfast was attacked.

At 8 o'clock the entire regiment marched out to the field for drill.

Major John F. Hayes of Oakland took command of the first battalion. The gunsmen were put through skirmish drill and for two hours the boys were kept at work in a lively manner. The Oakland militia men and the members of G Company of Alameda performed the various evolutions in a very thorough manner.

The Fifth Regiment is composed of companies from Petaluma, Santa Rosa, Napa, and San Jose and as it can only get together once a year on the occasion of the annual encampment, brilliant work cannot be expected at first. Camp Shafter is a notable exception, however, and it is a source of much gratification to the regimental officers at the proficiency displayed in the various companies.

The present camp site seems to offer more advantages than old Tripe Hill, the Gettysburg of California.

While at drill the warriors are kept in a cool condition by the balmy breezes which waft from the mighty ocean close at hand. With the aid of the large campaign hats now in use the boys will be better able to repulse the unerring aim of Old Sol.

The drummers of Company A have one of the neatest tents in camp. They have tent No 3 and the occupants are F. W. Peterson, James Burgener, L. McKillican and last, but not least, the canary-colored (?) Meyer Hermann. The manipulators of the drums are hard worked men in camp, but nevertheless they succeed in making fun for all in their immediate vicinity.

Corporal Jumper of Company A has constructed a mammoth canvass to the sides of which are riveted great leather handles. The Corporal is pleased to term the affair a blanket.

The principal use of the "blanket" is to toss up unsuspecting blue coats, which is generally done with a vengeance. The height to which some of the light weights are sent skyward is enough to class them as involuntary meteors.

Camp Shafter presents a very interesting place for the people of the seaside city. All day long visitors are moving up and down the various company streets. The brass buttons have won the hearts of the fair ones and the ordinary civilian finds out to his discomfort that he is not in demand.

Among the high privates of Company A is a hero named Bryan. He claims relationship to the silver orator and as a result, Bryan of Oakland is a most widely known man both in and out of camp. When off duty it has been the habit of this celebrated soldier to doff his uniform of uncertain fit and put on a civilian's suit of latest design.

This morning after his customary change of clothes he was speedily arrested and dragged before a high court convened around the big brass drum. The judge, Sergeant Chas. Brier, after hearing testimony found the defendant guilty of bad conduct. He therefore sentenced the erring Bryan to be clothed in a bathing suit and to be most thoroughly tossed in the "blanket." That being over he was taken to the beach and rudely introduced to the breakers.

Tomorrow Captain Chas. Poulter of Company A will be officer of the day.

Corporal Frank Moore and Musicians McKillican and Johnson of Company A give an entertainment at the beach tomorrow afternoon.

The fourth division of the Naval Battalion, which is stationed in Santa Cruz has a detail of men at Camp Shafter to fire their three-inch breech loading rifle.

The firing takes place at reveille and at sun down.

This morning Adjutant-General Barrett of the National Guard paid a visit to Camp Shafter. He was accorded the salute of eleven guns.

Sergeant Dickerson of Company A has a mascot in the shape of a thoroughbred canine. He has been christened "Tuberculosis" and answers all calls with a much alacrity as the men.

Mrs. Captain Pointer has come down from Oakland to join her husband, the popular commander of Company A.

Residents of Oakland enjoying life at Santa Cruz are: Mr. and Mrs. J. Morse, Miss and Mrs. Muldoon, Wm. Neary, Dr. O. D. Hamlin and J. J. Hamlin Jr., J. M. Sabin and A. H. Walker of the Southern Pacific.

JUMPED ON HIS FACE.

Ruffians Badly Maltreat Michael Donnelly in Pleasanton Last Night.

Michael Donnelly, Ex-Town Marshal of Pleasanton was jumped upon last evening and stamped into insensibility by a crowd of Portugues. Donnelly had a disagreement with a contractor named Johnson and finally the two came to blows.

As they were fighting in front of a saloon three men came out and pitched into Donnelly, who was badly battered by them before some citizens rushed up and frightened the assailants away.

No one knew the three men and Johnson and Donnelly are both mystified by the strange attack. Donnelly is confined to his bed as a result of his injuries.

Injunction Dissolved.

Judge Ogden has dissolved the injunction restraining the City Tax Collector, Zach Gilpin, from selling the East Oakland Street Railroad for delinquent taxes but continued the case until Monday next at 3 o'clock.

The Home of Hood's Sarsaparilla—A Wonderful Cure.

"A swelling as big as a large marble came under my tongue. Physicians said it was a semi-transparent tumor and must be operated upon. I felt I could not stand it, and as spring came began to take my favorite spring tonic, Hood's Sarsaparilla. The bunch gradually decreased and finally disappeared. I have had no sign of its return. I am glad to praise Hood's Sarsaparilla." MRS. H. M. COBURN, Lowell, Mass.

IN THE SUBURBS.

The Gold Fever Has Struck Berkeley's Classic Shades.

ALASKA'S TREASURES SOUGHT.

A Party of Young Men Ready to Seek Yukon Fields.

STABBED BY AN ANGRY CHINESE

An Alameda Lad Stepped on Him While He Slept.

BERKELEY, July 20.—The gold fever has struck the college town, and a party is now being organized to go to the Clondyke gold fields in search of fortunes.

Several University men are interested in the proposed expedition. Hansford Griffith, a graduate of the University of Virginia, and at present a student at Berkeley, is at the head of the scheme. He wants each member of the party to put up $500 to defray traveling expenses and to provide for a year's provisions and outfitting.

The party will go by way of Juneau and will leave as soon as the party is complete and transportation can be secured. The members will remain in Alaska two years, and during this time expect to amass a fortune.

Those who are strongly considering the proposition made by Griffith are J. C. Berry of the tailoring firm of Milkelsen & Berry, Charles Graham and A. B. Quackenbush, all of whom are well known in business.

All of those mentioned are young men and are accustomed to roughing it. Two of them will leave wives and families.

H. T. Gilbert leaves today on the Walla Walla for the Treadwell mine. Football Captain Haskell of the State University and his chum, Theodore Barnes, one of the University crack sprinters, are spending the summer at Alaska and are said to be inoculated with the gold fever and their return is doubtful.

T. B. Weller of Mariposa, St. Louis, is lying dangerously ill at his home. He was stricken with paralysis Sunday morning and his right side is perfectly helpless, nor is he able to articulate. As he is 76 years of age, the attending physicians declare that there is no hope of recovery.

Weller is a former associate of C. P. Huntington and the late Senator Stanford in railroad enterprises. A native of Ohio, he came to California in 1879 and engaged in mining. Later he went into the mercantile business at Sacramento, Colonia and Truckee, and made and lost several fortunes.

Harry Santon fell out of a tall tree at Onuda Park yesterday and nearly killed himself. A wire broke his fall and thus saved him. His shoulder and wrist were broken and his face badly mangled. Santon is the 18-year-old nephew of General Theodore Wagner.

The Rev. J. A. Cruzan, editor of the Pacific, was formerly called to the pastorate of the North Berkeley Congregational Church to fill the vacancy caused by the resignation of the Rev. J. Clarke Rollins.

The foundation for the new psychological laboratory at the State University has been laid and work on the superstructure commenced. The building will be constructed in the Grecian style and will cost about $9,000. There are to be two stories and a basement to the building, which will contain thirteen rooms. On the first floor will be a large lecture room, two class rooms and a library. On the floor above will be chambers for experimental work in psychology. There will be, among others, a "silent room," a research room an apparatus room, a demonstration hall, workshop, study and registration room.

There is a proposal on foot to move the Town Hall from West Berkeley to East Berkeley. The town officials are in favor of the move, if the expense of moving can be met by private subscription. The cost of moving and laying new foundations would be about $500 and the town would save considerably by the change as East Berkeley officials could then have offices in the Town Hall and there would be no rent to be paid.

ALAMEDA NEWS.

ALAMEDA, July 20.—Dr. Thomas Carpenter has just returned from an inspection tour of the dairies in Livermore Valley. He was accompanied by Rowley Houston of the General Houston Rancho near Mills College. The two men traveled 17 miles in a week, and inspected 2,000 cows. Dr. Carpenter is well satisfied with the results of his trip, finding the cattle in an excellent condition.

As William Dunleavy of Alameda was stepping off the train at Mastick station Sunday night some one pushed him, so that he fell against a Chinaman asleep in a corner of the car. The Mongol drew a knife in anger and stabbed Dunleavy in the right hand and abdomen. While the wounds are not serious, Dunleavy is nevertheless unable to work.

The charge exploded and cut up his face, but didn't hurt him beyond recovery.

Princess Pauline Metternich, whose career as a leader of fashion in Napoleon III.'s court, where her husband was Austrian Ambassador, would have made the name famous even if the chancellor had never lived, has obtained leave from Emperor Francis Joseph to change her name. She will be called the Princess Metternich-Sandor, the latter her father's name, to distinguish her from Princess Metternich-Winneburg, the wife of the present head of the family, the younger son of the famous chancellor. Even King Umberto of Italy is nearly three years younger. Emperor Wilhelm II of Germany is more than seventeen years younger than Albert Erward, and Czar Nicholas II more than twenty-seven years younger. The Prince of Wales was 7 years old when Josef was crowned, 24 when Leopold ascended the throne, 37 when Umberto became King, nearly 47 when the young German Kaiser began his rule, and 53 when the youthful Czar was proclaimed autocrat of all the Russias.

TO CALL A ROOSTER AN EAGLE

Does not make him one. To claim a dollar article is worth two dollars, does not make it so. Many merchants exaggerate the value of an advertised article in order to make it appear a bargain when offered for its probable worth. We never mis-state the value nor misrepresent the quality of anything we advertise. The items mentioned here are real bargains and worth every cent we claim.

ALL WANT M'KINLEY.

Organized Efforts Being Made to Secure a Visit From the President.

California is now imbued with the desire to have President McKinley make a visit to this coast. A largely-attended meeting, presided over by Mayor Phelan was held last night in San Francisco and the following resolution was passed:

"Resolved, That in addition to the general invitation to be extended to President McKinley by the central citizens' committee already existing to visit San Francisco and the Pacific Coast the following named organizations of San Francisco be requested to extend individual invitations to the President to make such visit as supplemented to the invitation of said committee, to wit: The Grand Army of the Republic, the Chamber of Commerce, Board of Trade, Board of Supervisors and the various Labor organizations.

"Resolved, That the citizens of San Francisco, in mass meeting assembled, hereby pledge their support, and cordial co-operation with the general committee now working to induce the President to visit this city and we heartily approve of the action of the committee in inviting the President to come to San Francisco, and we congratulate the officers and members of the committee on invitation upon the energy, foresight and public interest manifested by them."

The Oakland Exposition was also included in the list of organizations.

THE CRADY AT SEA.

First Screwheeler to Make a Trip Out in the Pacific Ocean.

The stern-wheeler H. C. Grady is now on her way from Astoria to Oakland and opinion is about equally divided as to her chances of ever arriving.

The Grady crossed the bar at Astoria last Saturday morning and should, if all goes well, arrive here tomorrow. While passing the lightship near the bar the steamer rolled very heavily and took several big seas on board, but she soon came away to the south making good speed and has not been reported in port.

This is the first steamer with a stern wheel that has ever essayed to make a trip on the Pacific ocean and as it is fifteen years old the risk is great. The steamer is 211 tons burden and after her arrival she will be put on the Sacramento river produce trade.

Mr. Metcalf says the document cannot be considered by this court, as it has not been filed here but is still in England. He avers that he must be appointed executor under the will, if it be admitted to probate, as he is therein nominated to that position.

THE WORK IS DONE

Supervisors Have at Length Finished Equalizing Assessments.

THE LAST PROLONGED SESSION

Nearly One Hundred Cases Carefully Inquired Into.

MUCH LABOR FOR THE CLERK.

Applications Denied After Very Much Careful Consideration.

The County Board of Equalization brought its labors to a close last night at 11:30 o'clock after an almost continuous session yesterday of twelve hours.

The Board has been theoretically in session since the 6th of this month, but it has been actively engaged in the work prescribed for it by the statutes for the past two weeks.

The work accomplished in that time was, by far, the most burdensome ever accomplished by a Board of the same kind in this county.

It considered nearly one hundred applications for the reduction of assessments and in every instance went conscientiously into the merits of the case. Books were delved into, testimony was taken and, in fact, everything was done which would enable the members to act in an intelligent and legal manner.

As a consequence, the minutes of the proceedings which were recorded in a most capable and accurate manner by County Clerk Jordan, covered more than a hundred pages of closely written matter.

Thousands of motions were made and to every one of them, with the names of the members of the Board who voted for or against them, the attention due it was given by Mr. Jordan.

The Board saw fit to make a number of reductions and at the same time to deny the application of same petitioners. They differed no less radically from taxpayers at times than they did with Mr. Dalton.

They are all glad that they have got through their work and will now take a rest to which their efforts entitle them.

The Closing Work.

After the close of the Tribune's report of the Board of Equalization yesterday afternoon, the first franchise acted on was that for electric lighting which had been assessed at $75,000. Mr. Britton thought that $40,000 would be a fare valuation of the franchise.

Mr. Church moved that the amount be reduced from $75,000 to $67,500. The motion was seconded by Mr. Wells and prevailed by the votes of Messrs. Church, Mitchell and Wells, Booth and Talcott voting in the negative.

In answer to a number of questions, Mr. Britton said that any persons so disposed, under the Constitution, could have power to supply gas in Oakland further that it could not be done in the matter of electric lighting. Before a company could occupy the streets for the purpose of giving electric lighting a franchise from the Council would have to be obtained.

The assessed valuation of the Company's plant, he said, was $100,000, and to that no exception was taken. The request made as regards the franchises was the first made by the company in years. There had been 3,000 shares of stock issued and the market value per share was $53.

Mr. Church moved to deny the application of the Alameda Water Company.

In supporting Mr. Church's motion, Mr. Mitchell said that, on the showing made by the Assessor, the company had sworn to a valuation of $882,000 before the trustees of Berkeley and he would vote in favor of the motion because the assessment showed less than $200,000.

The total assessment was $225,575 and the Company wanted the same reduced to $82,112.

CENTRAL CONSOLIDATED ROAD.

Receiver Rudolph of the Central Consolidated road testified that nobody had ever taken any money out of the road except himself and out of 10,000 shares there were 1,375 shares held by stockholders, the owners of the others having quit paying assessments. The last assessment was $2.50 per share. The witness said that the company did not pay expenses last year. Its receipts were $57,763 and the expenditures were $2,-17,31, and beside this outlay, there were interest and over runs of more than $1,000, making the loss for the year something over $500.

The application for the reduction on the assessment of the road from Twelfth and Broadway, from $19,000 to $8,500 was denied.

The application for the reduction on the Sixteenth street line from $2,325 to $755 was also denied.

The assessment of the cars was reduced from $7,500 to $1,500.

The application for reduction of the franchise from $10,000 to 5,000 was denied.

The Highland Park Road was next acted on.

The assessment on the line from Eleventh street and Broadway was reduced to $1,700 on motion of Mr. Mitchell and the votes of Church, Mitchell and Talcott.

The value of the franchise on the same line from $7,000 was reduced to $2,500 instead of $10 by the vote of the same Supervisors.

The reduction of the assessment of the line in Fruitvale from $6,750 to $1,-000 was denied, on motion of Supervisor Booth.

The Hopkins street assessment was reduced from $2,250 to $1,600 on the vote of Messrs. Church Mitchell and Talcott.

Another franchise near Hopkins street was reduced from $1,500 to $750 on motion of Supervisor Mitchell. The original request had been for a reduction to $10.

The franchise on the same street which was sought to be reduced from $500 to $10 was allowed to stand, Talcott's being the only vote in the negative.

The application of J. Whitfrom for a reduction in block 170 was denied.

The application of S. L. Morse was granted to the extent of $150 the assessment was $1,250 and Morse wanted it reduced to $750.

Dr. Burckhart wanted the valuation of the Oakland General Hospital reduced from $8,000 to $6,000. The valuation of the improvements was reduced from $2,000 to $1,600.

Joseph Harris asked for a reduction on lots 24, 25, 26, and 27, block 170, from $6,000 to $5,000. The motion was denied.

The First Hebrew Congregation asked, through Joseph Harris, for a reduction of its property at Twelfth and Castro streets from $10,150 to $7,000. Mr. Dalton said that there had been a mistake of $1,000 in computing the total. The assessment was reduced to $9,000.

Jacob Hoeck's request was for a reduction from $1,500 to $900 on property on Railroad avenue. On motion of Mr. Booth the sum was reduced to $1,200.

Mr. J. Kerwin asked for a reduction of the assessment on C. J. Mathew's property, near Fitchburg. The tract contains 220 acres.

Another request by Kerwin for Kate A. Mathews covered an assessment of $24,900 which he wished reduced to $15,-000. The property adjoins the property of P. J. Mathews.

Still another request by the same person, in favor of Sarah A. Mathews in Eden Township, was made on property assessed at $36,000, which it was claimed was worth only $25,000. The tract comprised 127 acres.

These three applications were taken under advisement.

The Alice Kerwin application was then taken up. The property was assessed at $1,250 and was worth only $500. There were sixteen acres in the tract.

Another tract belonging to Alice Kerwin, it was also claimed, was erroneously assessed at $2,550 when it was worth only $1,800.

All the Kerwin and Mathews applications were denied.

The request of W. J. Taylor for a reduction of the assessment from $9,450 to $8,100 on lots in Vernon tract was denied.

SESSION'S BASIN.

The assessment of the Session's Basin property the contract for the purchase of which is held by the California Improvement Company, was reduced from $58,500 to $50,000.

The assessment of $1,000 on a house of P. G. Eastman, New Broadway and Booth street was reduced to $2,250.

The assessment against H. C. Alexander on a stock of shoes for $3,000 was reduced to $1 because it was a double assessment.

At 5:40 P. M. o'clock the Board took a recess until 9 o'clock last night.

THE FINALE.

At the night session, all the members were present.

Clerk Jordan read the minutes of the day's session, which were approved.

The application of John Hampton was denied because of the non-appearance of the applicant.

The same disposition, and for the same reason, was made of the application of A. J. Mills.

Supervisor Church then said, in a pleasant manner, that the senior member of the Board, (Mr. Wells), had requested the other members of the Board to retain their seats during the session of the Board, stating that they would thus expedite the transaction of business. He further said that the senior member was the only one who had lived up the idea and he (Church) moved that a vote of thanks be tendered to Mr. Wells.

Mr. Wells said he objected to the motion because as he had only done his duty he didn't think he deserved thanks from his associates. Those other men, he said, (pleasantly) had not done their duty by not keeping their seats and, therefore, he did not think that they were deserving of thanks.

These remarks caused quite a hearty laugh among those present.

The vote of thanks, however, were extended unanimously to Mr. Wells.

A vote of thanks suggested by Mr. Wells was then tendered to Mr. Justice Attorney Shook for his attention at the meetings and at the assistance which he had rendered the members.

THE MILITARY ROLL.

A resolution was then introduced to the effect that the military roll had been examined by the Board and that it appeared to be correct.

Mr. Booth wanted to know whether or not it was expected that the Board should examine the roll. He said, in looking through it, he had found some duplicate names.

Mr. Talcott said he would like to hear from the District Attorney on the subject.

Mr. Church said if it was desired to have the names on the roll checked off, it would be well to allow the Clerk to hire a man to perform the work.

District Attorney Shook then gave his opinion that the roll was to be corrected at the same time and manner that the assessment was equalized.

That settled the matter, so far as the Supervisors were concerned and the resolution was unanimously adopted.

A vote of thanks "for his efficient work was then extended to County Clerk Jordan.

The Board then on motion of Supervisor Church adjourned sine die.

M'LEAN ON FILE.

Alameda's Health Officer Writes a Long Letter to Alger.

Dr. J. T. McLean has sent one more volume to Washington to be added to the mass of archives in re the tidal canal and harbor that is now on the shelves of the War Department.

Alameda's health officer reiterates all his old arguments and sends Secretary Alger a maze of figures that are intended to show that Dr. McLean knows a great deal more about dredging than the government engineers. The doctor does not refer to his agreement with this city or to his pledges to act in harmony with Oakland, but goes over the old ground, in the same old dog-in-the-manger style that has characterized his actions for three years. It is presumed that the War Department will carry out its plans as proposed by its competent engineers and that Dr. McLean's petition will be placed on file.

FOUND IN A CONVENT.

Roy Torres' Bride Was Spirited Away by Her Mother.

After months of fruitless searching, Roy Torres has at last succeeded in finding his bride, whom he married last May against the strong opposition of the girl's parents. Mrs. Lewis was formerly a Miss McCord of Fruitvale.

While riding down Broadway one day, they were seen by the girl's parents. A scene ensued finally resulting in a compromise by which the girl was to go East, to be joined by her husband later.

They never met, however, and it is said that the girl's parents placed her in an Eastern convent.

A few weeks ago, it is said, she escaped and is now on her way to Oakland and is expected to arrive today or tomorrow.

ANTI-SALOON WORK.

Rev. E. S. Chapman Will Probably Be Elected for State President.

The Anti-Saloon League of the State held a breakfast in San Francisco yesterday and afterward transacted some executive work. Rev. R. Whitaker of Fruitvale, Rev. Dr. E. S. Chapman of Oakland, Rev. F. D. Bovard of Alameda and Dr. Hill of this city, were present and it was decided to thoroughly organize the work in this State. It was agreed to appoint Mr. Robinson of Michigan to field work in this State. It is believed that Dr. Chapman of this city will be selected for the office of State Superintendent.

MUST CUT EXPENSES

Mrs. Mamie Bacon Can Live on Her Monthly Legal Allowance.

JUDGE ELLSWORTH'S DECISION

Instructs the Lady to Limit Her Expenditures to Her Income.

WANTED A LOT OF DEBTS PAID

Two Hundred and Fifty Dollars Considered a Good Allowance.

Mrs. Mamie C. Bacon stands a poor show to pay her outstanding debts through an order of the court compelling her husband to give her money for this purpose. Judge Ellsworth believes that with economy she can live on $250 a month until her suit for maintenance is settled.

When the case was called in Judge Ellsworth's Court this morning Mrs. Bacon and her pretty young daughter both modestly clad, occupied seats near Attorney Scrivner who has charge of the plaintiff's interests.

Frank Bacon was seated facing his wife who claims to be deserted and was an attentive listener to all the testimony. Attorneys Dan Campbell and Percy looked after his interests.

Attorney Scrivner made a motion to have the monthly allowance augmented by the sum of $559.15 for the payment of unpaid debts.

To support her claim for the additional money, an affidavit from the plaintiff was introduced.

Mrs. Bacon's affidavit was a lengthy one and embodied many figures of household expenditures. She stated that when the defendant deserted her there was a number of outstanding debts among the tradesmen and that when the allowance of $250 per month was made she was already several hundred dollars in debt. She used the legacy left her by her father-in-law, amounting to $1,671 to pay debts but there were still many bills unpaid. She frequently sold her jewelry and other articles in order to pay for the necessities of life. The first money paid by the defendant under order of the court was used to pay the old bills. She owed bills for medical attendance, for drugs, books, lessons for her children, for coal, for nursing, for dentistry, for plumbing, for vegetables, for laundry and for a hundred and one other things.

Mrs. Bacon went on to state that the defendant had often threatened to put her and her children out to the street and annoyed her continually by having spys watch her and creditors annoy her with bills. She declared that she had to move from the Bacon homestead in Alameda to a smaller rented house to save expenses. The moving expenses she asks to have paid. Her three household servants were discharged, only the cook being retained and Mrs. Bacon herself attended to minor household duties.

In his answer the defendant denies all the charges of the plaintiff. He declares that he did not abandon her during October, November and December 1894 and in fact he paid out $290, $432.20 and $315 during these three months to the plaintiff. He declares he separated from his family July 2, 1895 and that from January, 1896 to July, 1897, he paid $8,477.66 for the support of the plaintiff and his children. During this time he was sued for $3,398.76 by various persons who claimed that they had furnished this amount in necessaries for the plaintiff.

Bacon denied emphatically that he had caused any creditors to bring suit against the plaintiff or that he has any desire to harass her. He declares that Mrs. Bacon deserted the Bacon home in Alameda and moved into a rented house merely for the purpose of annoying him.

Bacon estimates that his property is worth $25,000 but that at present it yields no income and that he has been compelled to borrow $150 every month from his mother and is now indebted to the latter for $8,000.

Judge Ellsworth ruled on the motion and his ruling was a ride shock to the plaintiff.

"If the court grants this amount to the plaintiff," said his honor, "she will continue to run behind in her accounts and will contract debts. There is reason to fear that she will go indefinitely on contracting debt. She must get along on $250 per month until the suit is settled. She can economize.

Mrs. Mamie Bacon was then put on the witness stand and testified concerning household expenses, repeating much of the testimony that her affidavit contained. She withdrew her claim for furniture expenses and then went on to state that expenses contingent upon the renovating, cleaning and repairing the house and yard of the Alameda home. She stated that Bacon had told her that he would like the children educated in the East as he had money enough to afford to send them there.

On cross examination it was shown that the late H. D. Bacon gave her $250 a month for household expenses during her husband's absence.

Attorney Scrivner offered as evidence the records of the probating of the estate of the late H. D. Bacon in order to show the defendant's inability to pay the plaintiff's expenses.

Attorney Percy for the defendant stated that the latter's property consisted of one-sixth of the Bacon Land Company and would file an inventory of this property.

Before the question of property was settled between the attorneys, an adjournment was taken until 2 P. M.

IN HIGH SOCIETY.

When the Bacon suit was called this afternoon, Attorney Scrivner announced that he would call witness to prove that the Bacons moved in the highest class of society.

"We admit that," murmured Attorney Percy.

"What do you mean by the 'highest class of society?'" queried Judge Ellsworth. "Some people think the Methodists are the highest and others think something else."

Attorney Percy explained that in this case the highest circle referred to Oakland's wealthy and exclusive set. Attorney Scrivner wanted to show by this the style of life H. D. Bacon and family were accustomed to but Attorney Percy objected on the grounds that it was irrelevant and the court sustained the objection. Attorney Scrivner tried to introduce some more testimony regarding the social status of the H. D. Bacons but Judge Ellsworth waived it aside.

Frank Bacon was then placed upon the stand by Attorney Scrivner who questioned him concerning his property. Bacon testified that he had made a true inventory of his property. He also said that he was acquainted with the terms of the distribution of his father's estate.

An interruption occurred here by Attorney Campbell asking if it was agreed that the ladies of the Bacon family were not to be placed in the stand.

"No such agreement has been entered into," said Scrivner, "nor will I state that I will not call upon the ladies to testify."

"Do you own an undivided one-sixth interest in the Bacon Land & Loan Company, Mr. Bacon, continued Scrivner addressing the witness.

"We object, the inventory shows all that" said Percy.

After some more wrangling, Attorney Scrivner offered the inventory of the appraisers of the estate as evidence of valuation. Attorney Percy objected on the grounds that the inventory was merely the declaration of certain men of the value of the property as they were not under oath when they made the declaration.

The inventory was made nearly four years ago. This was one of the reasons that induced Judge Ellsworth to refuse to accept the inventory as evidence and to sustain Attorney Percy's objections.

A successful day is anticipated, for an elaborate programme has been prepared under the immediate management of the ladies' lodges, known in the order as the Rathbone Sisters. Among the afternoon attractions on Thursday will be the tambourine duo danced by Miss Emily Ross and Miss Edith Corwin, the triple sailor's hornpipe by Raymond Maloon, Skelton Hall and Celon Higgins, and the delsarte expressions with musical accompaniment by Miss Ida Maloon. Thursday evening a programme of ten numbers will be given.

The G. A. R. will hold their celebration Saturday, and the programme has already been published in the Tribune.

A WAYWARD GIRL.

Emma Helling Paints and Powders and Worries Her Father.

There is a wayward girl over in Alameda who is causing her father and her employer an immense amount of trouble. Emma Helling is 15 years of age, pretty and fond of nice clothes. She was working for Mrs. Mary E. Montell of Park street, Alameda, and the latter has now written to Colonel Dimpfel of the Society for the Prevention of Cruelty to Children to take the girl away. Mrs. Montell says Emma put powder on her fair young face and wore her employer's clothes and generally behaved in an unbecoming manner.

Emma was sullen and morose, and at last Mrs. Montell has decided to let her go. The girl's father, who is a bookkeeper at San Leandro, also desires that the girl be sent to Whittier. Colonel Dimpfel will make an effort to place the girl in the Benlah Home.

Must Show Cause.

John Tisch has secured a citation directing J. Hutchinson to show cause why he should not be removed as executor of the will of the late Frederick M. Fenning, whose estate was appraised at $2,800, one-fourth of which was bequeathed to David Tisch.

TALK OF RESIGNING

Board of Health Declares It Had Better at Once Disband.

HOT WORDS ARE FREELY USED

Failure to Confirm the Milk Ordinance Causes Hard Feeling.

SCIENCE AGAINST POLITICS.

Councilmen and Dairymen do Not Agree With the Doctors.

"Of what use are we?"

"The Council is composed of a crowd of ignorant hoodlums."

"I am too disgusted to express myself."

"There is evidently politics in the milk business."

These are some of the expressions used by members of the Board of Health when they heard the Council vote to lay the milk ordinance over indefinitely.

From the report of the Council proceedings in another part of this paper it will be learned that the ordinance regulating the milk and dairy business has been practically killed.

The reason advanced by Councilman Brosnahan is that the ordinance is oppressive and would work a great hardship on many small milk dealers, and that it was not properly framed. Mr. Cuneo also said it would prove a mine of wealth for the inspector who would be empowered to charge a dollar ahead for testing cattle. Such are the views of the Councilmen that induced them to lay the ordinance over indefinitely.

The views of the Board of Health are widely different. Every member is indignant and believes that the city is just wasting money by paying rent for the Board's headquarters.

"The action of the Council," said Dr. Eaton today, "is an injustice to everybody in this city. It is unjust to children and to parents, and to property owners, who are now suffering because of the high death rate caused by consumption. I never thought that the milk business was in politics but I am now convinced that it is. What are we to do? What good are we? Why should not the Board be at once abolished? We are supposed to be a body of expert scientific men, who are responsible for the sanitary condition of the city. Yet when we do anything that is for the benefit of the public we are blocked by both the Supervisors and the Council. We worked hard to try and find a remedy for what everybody acknowledges as a great evil. We found a remedy and in good faith we ask the Council to put that remedy into effect and we are repulsed. There is nothing more to be done. It has been already shown that we have no power so we might just as well disband."

Health Officer Dunn has nothing to say as to the result of last night's action. "If the members of the Council think it wise to defeat our efforts, I simply bow to their wisdom," said Dr. Dunn this morning.

Dr. Reykfogel has a very definite opinion of the matter. "You may say for me," he said, "that I consider the members of the City Council of the city of Oakland a lot of ignorant hoodlums.

"It is an absurd proposition to have a Board of Health in this city. It is simply a farce. The excuse of the Council that the milk ordinance was not framed properly is simply a subterfuge. They would urge that against every ordinance we brought. If they were sincere in their excuse, why did they not make an effort to amend it, so that it would be 'well-framed.' They all declare that they believe in the tuberculin test, but the next minute they show their inconsistency by voting to prevent the test. It is a case of ignorance and politics against science and a desire to do what is right and unhappily ignorance is on top."

A. C. Fay, president of the Dairymen's Association declares that all the dairymen are in favor of having their cows tested, but says that the ordinance provides for such a lot of other things that it would prove a serious obstacle to a man in business. The charges for testing, the licenses on wagons, the tax on places where milk is kept are all said to be extortionate and unnecessary and Mr. Henneberry's remark that when the Board of Health brought a "common sense ordinance" it would be passed, fairly expresses the feeling of the Council and the dairymen.

STATE BOARD MAY ACT.

Dr. Crowley, of the State Board of Health, in reply to a question this morning, said it is more than likely that the State Board may take a hand in the effort of the local Board of Health to insure purity of milk and healthfulness of cows.

"This matter is a very delicate one," said Dr. Crowley. "All the members of the Council are undoubtedly honest, good fellows and try to do what is right. In this case, however, it is clearly apparent that they have permitted themselves to be advised by their friends. It was very unfortunate that so many were absent at last night's meeting, of the Council. Mr. Filbush was not there, Mr. Girard was away, Mr. Dingle could not attend, and all these men are particularly well informed on the matter and would have favored the ordinance.

"There is one point I would like to have answered. If the committee to whom it was referred did not believe it was in such shape that it could be passed why did they waste money recommending its passage to print. It was surely proper for them to have noted its defects at that time and to have recommended changes. They did not do it, however, and now the ordinance is killed.

"As the city has not seen fit to take care of its own health, it becomes the duty of the State Board to act. The manner in which it will move will be to instruct the local Board as to how far it can go under the State law and to advise that they proceed to act at once. Where it is reasonably apparent to the local Board that a dairy is not healthy, it can be quarantined, and when this is done, the owner will have to obtain a certificate that all his cattle are in good condition before the quarantine will be raised. The Health officer can also test every can of milk brought into the city, and pour out the contents of every can that does not come up to standard. In fact, the State law empowers Health officers to act very autocratically in the matter of public health, should they see fit to do it, and this is what the State Board will advise the Oakland Board of Health."

ORDINANCES ARE FAULTY

The Tuberculin Test Rejected by the City Council.

DISCRIMINATION IS CHARGED.

"All Board of Health and No Dairyman," Says Brosnahan.

HIGH HATS AND SCAVENGERS.

Both Are Relegated to the Days of Lesser Oakland.

The milk ordinance over which there has been so much controversy in both the Board of Health and the Council was killed last evening by being indefinitely postponed in the Council.

There were several failings noted which were pertinent to the inability to the Board of Health in the question of the measure.

When the measure came up Mr Cuvellier moved that the matter be referred back to the committee. He said that the tuberculin test was a failure and that it was a hardship for the health of the community. But he thought there was a little joker in the ordinance which was contemptible. He did not believe in taxing a single wagon $10 and then $2 50 for every additional wagon. It would work a hardship on small dairymen where a poor woman peddled milk. He thought it was an outrage to tax her for each cow. It was in his opinion unjust to charge the laundries and such places which milk were kept. Many farmers.

The charge of $1 a head for cows tested with tuberculin was an item that far from suited Mr Cuvellier. He remarked the Council that the meat market and milk inspector received $100 a month and he thought the $1 a little steep.

It was stating to a statement of the Board of Health he could say that Mr Cuvellier and he said that the inspector had to pay the $2 test fee whereas in Berkeley he was paid by the city.

This measure would go to the Senate and Board of Supervisors and Mr Cuvellier said he thought it might be well to have a committee of conference. It might be necessary to have the ordinance go back to the committee. It might be necessary to have a committee of conference to help matters.

Mr Prosser wanted to know under what power.

Mr Cuvellier said the committee of conference would be appointed by the Council.

Mr Prosser wanted to know if the ordinance was not in the hands of the Board of Supervisors.

Mr Cuvellier said that was the case.

Mr Prosser said that the Board of Supervisors would not like to have the Council step in and take the matter out of their hands.

Mr Cuvellier said that he was not afraid of that.

Mr Prosser said that he was afraid

CHANGE OF MEETING NIGHTS

Owing to Alterations in Rooms Sessions Will Be Held Thursdays.

The Board of Education held its regular meeting last evening. Directors Dodd Knox Clement Powell Rothrock Reddington Evans Ingler Gray and Wilcox were present.

Chairman Reddington of the Committee on Buildings and Grounds presented the committee's report on the advisability of moving the present room to the City Engineer the Board to meet in the Council chamber the report was adopted.

Director Powell informed that he would move to amend the standing regulation by striking out the first and third Thursdays first of November in order not to conflict with the Council meeting.

Salary warrants for June were ordered drawn payable.

The question of the wisdom of printing the report was discussed.

The question of the kind of the material to be used in the High school was then taken up. Director Evans moved that the matter be referred to the Committee on Supplies. The motion was carried. The majority report of the committee on the minority report on the appointment of Miss Kate Wertz. The reports accused Superintendent Dille of Powell street School of favoritism. Dille favored Miss Wertz's appointment. Dille further charged that both reports had been influenced by the report of the Community Club which was accepted. Miss Wertz has been elected by the following vote:

Ayes—Taylor Jones Reddington Russ Rutherford.

Noes—Evans Powell Wilcox Knox and Clement.

The other departments were then filled.

The Board adjourned to meet Friday evening.

A FEMININE NIMROD.

Mrs Thomas Scott of Livermore Supplies the Campers With Game.

Campers in the canyon above Livermore have frequently encountered a young athletic looking woman neatly clad in a hunting suit with rifle slung over her shoulders. None of them have known but the young woman was Mrs. Thomas Scott the wife of one of Livermore's richest ranchers and owner of the famous Scott stock farm which is situated on the plateau stretching beyond the circle of the mountains.

Mrs. Scott is a true sportsman and takes as much pleasure in hunting as any man of this great state can. She is now camping with a party of friends on the plateau and is due to return to-day. It is said that the camper are never without fresh game.

In the early morning the crack of her rifle may be heard echoing in the hills and never cracks when it doesn't bring down a rabbit or some game. Mrs. Scott is considered a truly remarkable shot and her friends truly envy her skill.

She is not a professional sportswoman but there are two things which cause this intrepid woman to hunt and fish. They are trout, mike and abalone. The very mention of these two fish use her cause make Mrs. Scott turn pale and become utterly nervous.

This fearless woman does not shoot for sport but for food. She will not shoot unless she is hungry. Other women who have tried to follow Mrs. Scott's lead have failed utterly and the wife of the Livermore capitalist remains the best sportswoman and the cleverest shot in Alameda county.

FOOLED THE OFFICERS.

W M Watson Mistaken for a Bold Burglar in His Own Store.

Policeman Morse and Special Officer Owen while passing the liquor store of W M Watson & Co on Washington street between Third and Fourth about 2 o'clock last night were attracted by the sound of breaking window in the basement of the store.

They both proceeded to investigate and soon had the mysterious sounds of some one moving about within.

Owen then left Morse with instructions to cover the rear door with his revolver and he entered the store through the basement door. He found the place in darkness and as he was feeling his way along he heard a noise as if some one was coming up the basement stairs.

Owen then drew his revolver and awaited developments. He did not have to wait long before a man appeared at the top of the stairs. Owen covered him with his revolver and ordered him to throw up his hands. The man complied with the request and Owen then recognized him as W M Watson, the proprietor of the store.

Watson explained that he had been awakened by the noise of the burglars breaking in the window and had gone into the basement to turn it off.

MAY SEE THE ANIMATOSCOPE.

A Treat for Oakland's Little Ones Tomorrow Afternoon.

"THE TRIBUNE" TO ENTERTAIN.

An Opportunity Afforded All to View Edison's Masterpiece.

THE ORPHANS ARE DELIGHTED.

They Will Attend the Big Matinee in a Body.

Everything has been finally arranged for the Tribune matinee at the Edison animatoscope.

The matinee will be held tomorrow afternoon from 1 to 5 o'clock and every child in Oakland, Alameda and Berkeley is expected to take advantage of this opportunity to see the workings of one of the most wonderful inventions of the age.

The little orphans from the asylums of the county will attend the matinee, and already they are making great preparations for the performance. These little ones seldom have such an opportunity as is now presented and there is no doubt that what they see at the exhibition will live in their memories for many years to come.

There are animatoscopes and animatoscopes, but there is only one genuine Edison animatoscope on the Pacific Coast and it can only be found at 1155 Washington street, Oakland, and it is to that one that the Tribune has invited its little friends.

Wednesday will be a great day for Oakland's little ones and they have shown their appreciation of the Tribune's generosity by their eagerness in securing papers from which the tickets can be cut. Hardly a day passes that the Tribune does not receive numerous calls from the little tykes each loaded down with endless questions about the animatoscope and the matinee.

Perhaps the most difficult thing of all for the little ones to realize is that they will see the animatoscope which was built at the Edison works, under the great wizard's personal supervision. This is true and it is equally true that all other animatoscopes or so-called animatoscopes are fakes gotten up to deceive the public.

One must witness a performance of the genuine animatoscope before he can realize the vast difference between it and these cheap imitations.

There are a few final instructions to be given to the children. Remember that you will be admitted to the performance absolutely free upon presentation of the ticket or coupon which will be found upon this page of the Tribune. All that is required on your part is the use of a pair of scissors. The Tribune stands the expense. There will be a performance every half hour from 1 to 5 tomorrow and you may attend at any time within those hours that it suits your convenience. You are expected to go to the matinee and enjoy yourself. Every child in Alameda county, under 15 years of age is welcome to the performance.

Twenty pictures will be given at the performance—twenty beautiful moving pictures, colored true to life and life-size. A celebrated artist was secured to color the films of the machine when they came from the Edison works and the result of this artist's labors have been marvelous.

Especially is this noticeable in the picture of "Anabelle" the beautiful dancer. This famous woman received a fabulous sum for dancing before the animatoscope and it was a weighty question with the managers of the instrument just how to have the films colored without spoiling them. Each movement of the dancer gave a different tint to her garments. At length a celebrated New York artist was secured to do the work. After studying the colors for several months, the artist went to work on the films and he has produced so true an imitation of the life tints that one in witnessing the performance finds it difficult to realize that he is sitting before a picture and not before a being of flesh and blood.

So it is with the great "Sunset Limited" scene, when the train comes dashing along within the line of vision at lightning speed. One can "see the engine whistle," as a little boy expressed it.

Everything in the scene is true to life. The swaying of the train as it goes dashing over the tracks, the dust arising from the roadbed and the hogs and sheep that hurry away from the track as the train approaches—everything is intensely real.

Then there is the morning bath, where the splashing water and the shivering of the bather is as plainly discernable as in life. The expression on the faces of the little darkies as they contest in a watermelon eating match is as enjoyable to behold as it is true to nature and the feeding doves and performing elephants are wonderfully life like.

It was a happy thought of the Tribune's in inviting the little ones from the orphan asylums, and they have already expressed their gratitude in more ways than one.

Here is the last letter received in answer to the Tribune's invitations and it is a fair sample of the others. Space forbids the printing of the others. The following letter is from the West Oakland Home:

"Oakland, Cal., July 19 1897. Tribune Publishing Company, Oakland, Cal

"Dear Sirs: Your most kind offer to the children of the West Oakland Home has been received and we shall be most delighted to accept it on their behalf

"Thanking you heartily for your kind remembrance, I am most truly yours,

LIDA A. G LMORE."

Following is a letter from a little cripple, who lives in Berkeley:

"Berkeley, Cal., July 19, 1897.

To the Editor of the Tribune—Dear Sir—I am a little boy only 9 years old I have been crippled ever since I was two years old, when I was hurt in a runaway. Ever since I have heard of the animatoscope I have wished to see it, but I guess I never would have been able to do so if it hadn't been for the Tribune's offer. Thanking you in advance for the pleasure I will receive at the matinee I am your little friend,

"FREDDIE WINKLE."

There are many children in Freddie's predicament. Times are hard and the dimes which are required for admission to the performance are used for the family's daily bread in a great many cases.

The following programme will be rendered:

Performing elephants, feeding the doves, lone fisherman, Sunset Limited, morning bath, burning stable, children's ballet, serpentine dance, sailors' pillow fight, eating watermelon on a wager.

CHARGED WITH ABDUCTION.

An Ex-Circus Performer Runs Away With Another's Children.

By Associated Press to The Tribune.

CHICAGO, July 20.—Mrs. Jennie Cresbe, who disappeared from a steamer at the docks in this city on Saturday with De Witt T. and John, the little sons of Mrs. Annie Brown, of this city, has been arrested at Batavia on the charge of abduction.

The boys, who are 10 and 8 years old respectively, were travel-stained and without shoes or stockings. Their clothing was ragged and they presented a generally forlorn appearance that would indicate they had passed through some very trying experiences.

Mrs. Crosby said that the children had not been abducted but were taken with the consent of the mother, who was anxious to get them away from their father, who whipped them on the slightest provocation. She said the understanding was that Mrs. Brown was to join her at Aurora, where the two women and the boys would live together.

She said she first met Mrs. Brown and the latter's boys at Milwaukee, at the Home for the Friendless, where Mrs. Brown was trying to place her little sons. The superintendent refused to take them, and she and Mrs. Brown began talking about the children. The result was, she said, that it was agreed Mrs. Crosby should take the boys to Aurora, where Mrs. Brown would join them.

On leaving the boat at Chicago she bought tickets for Aurora. Arriving there she went to the police station and secured supper and lodging for the night. The next morning Mrs. Crosby said they started north. Upon arriving at Batavia, having walked all the way, she was arrested. Mrs. Crosby protested her innocence and apparently made no effort to conceal the fact that her charges were the children of Mrs. Brown.

She said her home was at 258 Washington street, Boston, and that she was a circus performer. While showing in San Francisco two years ago, she said she fell from a trapeze bar, and, alighting on her head, received injuries from which she had not recovered. Since the accident she has been subject to epileptic fits.

PRINCES WILL FIGHT A DUEL.

Henry of Orleans May Now Meet a Foe of Blood Royal.

By Associated Press to The Tribune.

NEW YORK, July 20.—The Herald this morning says:

"The Count of Turin, who has challenged Prince Henry of Orleans for the remarks he uttered at the expense of the station officers recently released from captivity in Abyssinia, is a prince of the blood royal, and therefore of Prince Henry's rank.

"Prince Victor Emanuel of the House at Savoy-Aosta, Count of Turin, was born at Turin in 1870, and is therefore 27 years old. He is the son of the late Duke of Aosta, a nephew of King Humbert and major in a cavalry regiment.

"The Count of Turin's challenge created a rather anomalous situation, for the Count, being the brother of the Duke of Aosta, is the brother-in-law of Prince Henry's cousin, Princess Helen, whom the Duke of Aosta married in 1895.

"The Count's mother, Princess Maria Dalphozzo Della Cisterna, who died in 1876, was considered one of the beauties of the day. Her skin was clear and pale, her profusion of hair dark and wavy. She has given to her sons her slightly aquiline cut of features so much admired in Italy. The vicissitudes of her husband's career while on the Spanish throne preyed greatly on the mind of the Princess and she is said to have suffered much from the slights and intrigues of the Spanish court during her husband's short reign.

"Both the late Duke of Aosta and his brother were much beloved in Turin, where they entertained on a scale that was nothing short of royal, doing all in their power to benefit and encourage local industries and efforts in Turin and its neighborhood. Between the Duke of Aosta and his two brothers, the Count of Turin and the Duke of Abruzza, there is a great family likeness. Eight years after the death of his wife the Duke of Oosta married Princess Maria Letitia of the Bonaparte family."

A Syrup Trust.

By Associated Press to The Tribune.

CHICAGO, July 20.—The Tribune says: "The glucose trust will have a little brother one of these days soon. He will probably be called for short the Syrup Trust.'

"Last evening there were assembled at the Commercial Exchange representatives of nearly all the leading makers of syrups and jams—known to the trade as 'Mixers'—in the country. The meeting was held behind closed doors, but it was learned that a committee of three was appointed to confer with C. B. Matthieson, but he was non-committal.

"'Wait until after August 1st,' said he, 'and I will be able to talk with you.'

"He had only just reached Chicago, he explained, and was not yet settled in his new position.

"The meeting adjourned at a late hour to be re-convened in August at the call of the chairman, C. B. Bliss, of Kansas City.

Killed by Lightning.

By Associated Press to The Tribune.

Charles Selter and William Sontag, mechanics, returning from work, were struck down on the street. They may recover. Four men near Radburn, fifteen miles from this city, were killed

PLANTERS IN TROUBLE

Three Wealthy Coffee Men In a Coupter elt Deal.

WORTHLESS COSTA RICA BILLS.

The Principal Conspirator Is Now in a New York Jail.

AN UNWISE ACT OF A WOMAN.

First Bogus Plates Were Made Secretly in San Francisco.

By Associated Press to The Tribune.

NEW YORK, July 20.—Ricardo de Requesas, the principal conspirator in the plot to flood Costa Rica with counterfeit bank bills, who is now in Ludlow street jail awaiting trial, has made a written confession. His confession implicates three wealthy coffee planters in Costa Rica—Jose Campos, Jose Villalobos and Salvador Ecampo of Santa Domingo, Costa Rica—and a nephew of Quires, the present Minister of War of the same name of that republic. Indeed, De Requesas intimates that the Minister had something to do with the counterfeiting business. He confessed in part as follows:

"About July 19, 1894, Senor Jose Campos and Senor Jose Villalobo came to this city from San Francisco Cal., bringing with them two stones already engraved for the printing of $100 bill of the Bank of Costa Rica. Campos showed me in my office a $100 bill of said bank and asked me how much it would cost to print 10,000 of them, making $1,000,000, adding that he had had the stones made in California for $500. I answered that that kind of work could not be done by lithographic presses, but by steel plates. He asked me then how much it would cost to make the steel plates and print the bills. I said $5,000, and I would take the job if he would advance $1,000. He agreed and gave me the money. The following day Campos and Villalos left the city and went to London, expecting that upon their return here the notes would be delivered to them, but I had done nothing and had no intention of doing anything in the matter.

"It was seven months after that in the month of February, 1895, that I became acquainted with Fredico Mora. His visit to my office was in relation to the publication of the pamphlet. When Campos and Villalos returned from London, I got $1,000 more from them, and I let them go to Costa Rica under the impression that I would do the job and send the bills to them. They promised to pay me $3,000 more on delivery of the bills.

"Then Campos came to New York about July, 1895, and urged me to do the work. I promised him to do it if he gave me $1,000 cash to begin at once. He did so and I spent that amount in making proofs on copper plates by photo-engraving process. I showed Campos these plates. He went back to Costa Rica and I never thought of the matter any more. Finally he and Villalobos became dissatisfied and sent Senor Quires here to push the work. Senor Quires was the confidential secretary of Senor Campos and Villalobos. He is a nephew of Senor Jean B. Quires Secretary of War in President Iglesias' Cabinet, which makes me suspect that the Secretary of War had something to do with the counterfeiting business. Senor Quires promised me $1,000 upon the delivery of the notes. This was last November. I had copper plates made by photo-engraving for which I paid about $500. I give the plates to Mr. Dohmer's son, who transferred them to lithographic stones. Mr. Dohmer spent several weeks in doing the work and finished it last February. He made $5,400 by this. Senor Quires saw them and was very much pleased with them.

"Senor Quires left for Costa Rica. Mr. Dohmer and I cut the bank notes at night, and then I took my son which I had in my office since December last, and packed the bills into it and shipped it to Campos, at Port Limon, Costa Rica.

"I arrived in Port Limon with Mrs. R. Reinman under the name of Mr. Reinman. The day after we landed the Chief of Police and the private secretary of President Iglesias came to Limon by special train, and I was advised to leave the country. Before landing Mrs. Reinman concealed under her dress the four packages of bills which we had brought in a catchel from New York and she smuggled them through the Custom House. Noticing that we were closely watched and might be searched, we decided to put the four packages of bills upon a wardrobe. While I was on board, Campos arrived from the Capitol. He and Senor Chacon, one of the witnesses sent here by the Government of Costa Rica, and who acted as a confederate of Campos in Limon, came on board, and I took them both into my cabin, where I delivered to them the bill of lading and Consular invoice. The sofa had arrived in Limon about three weeks before we did. During our interview, I asked Campos for the $4,000 he had promised to pay me. He said he had only $200 in his pocket, and added that if Mrs. Reinman went to San Jose, the Capitol, he would pay her the money in about two weeks. This and the fact that Mrs. Reinman was to receive $1,000 as her share in the transaction explains her trip to the Capitol.

"I had told Mrs. Reinman not to remove the four packages of bills I had left on the wardrobe for Campos, but she thought she could make some money with the four packages of bills by selling them to some one in San Jose and she took them up with her and made arrangements with Wolcott in the Hotel Imperial, where she was stopping, and gave him the four packages, so that he would put them in circulation. She has told me the waiter put in circulation about $20,000 and the balance of $80,000 was found in his possession when he was arrested. It was therefore through Mrs. Reinman's cupidity that the bills were put into circulation."

GIRLS DEFY POLICE OFFICERS.

A Riot in a Denver Home for the Reform of Incorrigible Females.

By Associated Press to The Tribune.

DENVER, July 20.—A minature riot occurred at the State Home for Incorrigible Girls, as a result of which twelve of the inmates are now locked up at the central police station. The trouble arose over the punishment of one of the girls for stealing sugar from the dining room. A mutiny occurred, led by a number of those who had previously had trouble with the matron, and who claim to have been mistreated. There were forty girls in the institution, ranging in age from 14 to 18 years, and when the affair was once started they all took a hand. The first act was to smash the telephone with the purpose of preventing the summoning of help by the attendants. Then they began to throw dishes about the house, break furniture and commit other depredations. Finally the police were notified, and Sergeants McNeill and Hendricks, with five patrolmen, were sent with two patrol wagons to the scene of the trouble. At first the girls resisted, throwing dishes and red pepper at the officers. The leaders of the riot were finally secured and placed in the wagons, while the remainder promised to behave themselves. The trip from the Home to the police station was a noisy one, the girls passing compliments upon every one whom they met.

TIRED OF THE CUBAN WAR.

Spaniards Satisfied at Length That the Island Should Be Free.

By Associated Press to The Tribune.

NEW YORK, July 20.—Among the passengers who arrived in this city by the steamship La Gascogne from Havre were Antonio Bravo, a Cuban provincial deputy, and Leandro G. Alsorta, editor of La Paz, a Madrid newspaper. Both men were political prisoners in Spain, and together they escaped to France, where they boarded the steamer for this city.

Senor Bravo, speaking about public opinion in Spain regarding the Cuban war, said: "The mass of the Spanish people are disgusted with the outlook in Cuba. They begin to realize the uselessness of prolonging a war which has cost the Spanish nation about 50,000 men and over $200,000,000. Public men in Spain begin to voice the popular sentiment. Pi Margall, the venerable leader of the Republicans, and Francisco Silvela, the leader of the Conservatives, were frantically applauded in recent meetings when they pointed to the advisability of letting Cuba go. Those who have contributed a large share of blood and cash in the present struggle long for a conflict with the United States in the hope that that would afford Spain an opportunity to withdraw her troops from Cuba."

FRIENDLY REPUBLICS.

Brazil Now Represented in Both the States of Ecuador and Colombia.

By Associated Press to The Tribune.

NEW YORK, July 20.—Jose de Castro, special minister of Brazil for the establishment of diplomatic relations between his government and the governments of Ecuador and Colombia, arrived here on the Atlas line steamship Altai.

For twenty-seven years Brazil has had no legation at Quito or Bogota. They have at last been established. Minister De Castro is not unknown here, having been Brazilian charge d'affairs at Washington from 1888 to 1891 and secretary of the legation from 1891 to 1895. He expressed himself as well pleased with the friendship that exists between his country and the two sister republics to which diplomatic representatives are now sent.

James Edward Buckley, who has been United States vice-Consul at Bogota, and who went to Colombia in connection with a railroad enterprise, also returned on the Altai. The Presidential campaign, he says, has opened with President Caro and Gen. Reyes, Minister to France, both candidates. They are friends. The election will take place February 2, 1898, but under the laws the President must resign six months before the election, if he is a candidate for re-election. It is expected that President Caro will resign August 2d.

Fees to Be Returned.

An account has been made at the County Clerk's office of the money collected according to the terms of the recent fee bill, which ordered the Clerk to collect one dollar for each $1,000 of the appraised valuation over $3,000. The amount received since the bill went into effect is $4,468.

As a recent decision of the Supreme Court declares the collection of such fees unconstitutional, the money will be returned to the heirs or administrators of the estates in question.

Will Break His Record.

Tom Carroll will try to break his world's record with the twelve, sixteen, eighteen and twenty-one pound hammers at Central Park next Wednesday morning.

The judges will be Prof. W. E. Magee of the University of California, Captain Everett Brown of the U. C. track team, David Brown of the Stanford track team, and representatives from from the Caledonia and Olympic Clubs. The public is invited.

Bessie Timler's Troubles.

The troubles over the guardianship of Bessie Timler, the young girl whose mother recently abducted her from the Beulah Home, will be reopened.

The stipulation whereby Colonel Dimpfel, of the Society for the Prevention of Cruelty to Children, was appointed her guardian has been withdrawn. Judge Ellsworth will hear the contest next week.

LOGAN LIVES IN BRONZE.

A Fine Monument in His Honor to Be Unveiled at Chicago.

The Ceremonies Will Eclipse Any Ever Held in the West.

By Associated Press to The Tribune.

CHICAGO, July 20.—Distinguished guests who are to take part in the Logan monument dedicatory ceremonies, have already arrived. Prominent among them are Secretary of War Alger, who made but a short stop in the city and will return July 22d; Major W. F. Tucker, U. S. A., son-in-law of General Logan; Mrs. Logan Tucker and two sons, Logan and George Edwin Tucker; C. St. Gudens, the designer and sculptor of the monument itself and Assistant Secretary of the Navy Roosevelt. The arrangements for the demonstration are under full headway. The committees and sub-committees, which have assumed charge of the various details of the preliminary work, are holding morning, afternoon and evening sessions and their plans are well advanced, far towards completion.

It was definitely settled last night that President McKinley would not be able to come. W. Beach Taylor, Logan's old private secretary, was in Washington to secure the attendance of the President, but the fact that Congress is just about to pass the tariff bill, requires the presence in the capital of the nation's executive. Mr. Taylor had two interviews with the President yesterday. He was unable to get Mr. McKinley to promise to come to Chicago. Senator Cullom, who has been in constant close communication with William H. Harper, of the committee on arrangements, wired that the Senate would dispose of the tariff measure either Thursday or Friday. Under those circumstances it will be impossible for President McKinley to absent himself from Washington.

Secretary Gage will not be able to attend. The Illinois Congressional delegation will be represented by a committee consisting of Messrs. Mann, Belknap, Foss, Lorimer, Prince, Jett and Campbell.

The enforced absence of the President is a sore disappointment to the Logan Day Committee and it has upset many of their arrangements. Who will take the President's place as the orator of the day is a question. Mr. Harper said that the President undoubtedly would designate some one for the task, but he did not know who would be elected.

The first of the visiting soldiers to reach here, four companies of the Nineteenth United States Infantry, arrived in the city last night on the steamer Manitoba. They came from Fort Brady, at Sault Ste Marie. Other troops will arrive today.

Governor Drake of Iowa will be here tomorrow afternoon.

Governor Mount of Indiana will arrive Thursday morning, accompanied by thirty members of his personal staff and will occupy quarters at the Victoria Hotel. The exact time of the arrival of Governor Schofield of Wisconsin and the Governors of Oklahoma and West Virginia will not be learned until this evening, but it is believed that, like Governor Mount, they will delay coming until the morning of the ceremony. Governor Mount will follow the example set by Governor Tanner in the Grant procession in New York and ride with his staff.

The civic and military features promise to surpass those of any similar demonstration that has ever been held west of the Allegheny mountains. Ten thousand soldiers in arms, 2,000 veterans who followed the lead of the fighting commander whose deeds are to be perpetuated in bronze, 3,000 members of uniformed orders to which General Logan belonged during his lifetime, and a multitude of civilians organized under various names will march in the monster parade which is to be the spectacular feature of the unveiling of the monument in Lake Front Park next Thursday afternoon.

The work of the committee on marine display is nearly completed and the outer harbor will be alive with craft on Thursday. The assemblage of boats on the lake front Thursday afternoon will be the finest thing ever seen on the lake.

The big grand stand which has been built to hold 8,000 persons is ready and crowds visited the Lake Front Park to view he structure.

Mrs Logan and her party will reach here at 9 o'clock Wednesday evening over the Lake Shore road.

HIS RELATIVE WAS KIND.

A Grass Valley Croesus' Novel Test of True Kinship.

A Liberal Bequest Is the Reward to a Poor Eastern Relation.

By Associated Press to The Tribune.

NEW YORK, July 20.—A special to the Journal and Advertiser from Hazelton, Pa., says:

"John McDonald a poor coal miner of Jeansville, a suburb of this city, is now thankful that he extended hospitality to an apparently poor and rugged relative a few days ago. For this act of kindness he is destined to receive by the will of a relative in Grass Valley, California $75,000, with a yearly income of many thousands more.

Arthur McDonald, the deceased relative, was an early settler in this section, and in 1853, tiring of the coal regions, went to California, accompanied by his brother George and a half-sister. From the first he prospered, but all trace of the trio was lost to the Eastern relatives. He became interested in several gold mines and was owner of the Hudson Bay mine, which was a bonanza.

Two years ago, Arthur McDonald, wishing to know whether the relatives in the East were worthy of sharing his wealth in the event of his death, sent his brother George hither, disguised as a poor and helpless beggar soliciting help. He called on John McDonald in Jeansville. Mr. McDonald had a large family to support and was not overburdened with wealth, but he welcomed the relative and gave the best he had in the house. The uncle left shortly afterwards, apparently satisfied that at least one of the relatives was deserving of a share in the legacy.

He left for New York city to visit another nephew, but the reception was of a different character from that received in the coal regions, and he was told to move on. The result is that this one has been cut off in the will with $20. Mr. McDonald has received word of the death of his Uncle Arthur, and also other letters and a copy of the will, the latter now being in the hands of Rev. Mr. Fitzmaurice in this city. The latter was first communicated with by the bishop of the Grass Valley diocese to establish the identity of the Jeansville miner, which is now complete.

THOUSANDS OF MILES AWAY

Some Facts for Those Who Want to Travel to the Yukon.

By Associated Press to The Tribune.

CHICAGO, July 20.—P. B. Weare, vice-president of the North American Trading Company, is receiving hundreds of letters asking information regarding the Alaskan gold fields. He said today:

"The boats which sail from Seattle this month are full—every passage taken. That means that any one who wants to go to Condyke must wait for the August boats. And the journey is 7,000 miles. People talk about it as if it was walking across the street. They don't realize what Alaska is—what the Yukon is. They will need a map to convince them of the truth that the country of the Yukon and its tributaries in Alaska and British America is large as the whole United States east of the Mississippi—that it is longer than a trip to Europe before they reach the Behring sea, and the mouth of the Yukon; that by the time they strike the Yukon, the Alaskan arctic winter will be upon them.

"By September 20th the winter settles down and the Yukon country is frozen solid till next May. The expense of getting from Chicago to Seattle is $60 and from Seattle to the Behring sea $150. There will be thousands of Eastern men who will go, but of course the coast people have everything in their favor. One thing must be remembered, that the Clondyke country is in British domain and will be governed accordingly."

The Tariff Bill

VOL. XXXXIV. OAKLAND, CALIFORNIA, TUESDAY EVENING, JULY 20, 1897. NO. 16.

A HEATED DEBATE IN THE SENATE

The Conference Report on the Tariff Bill Is Presented and Discussed.

JONES TALKS FREQUENTLY

He Demands an Explanation but Is Pacified by Allison.

PETTIGREW VERY BITTER

Accusations Are Made That Some Members Seek Personal Gain.

By Associated Press to The Tribune.

WASHINGTON, July 20.—The tariff struggle was removed to the Senate today, but there was very little evidence of an exciting contest when the session opened. Several of the Senators who have been absent from the city were back again anticipating that every vote might be needed.

The gallery attendance was greater than usual, although there was no crowd. On the desk before Mr. Allison (Iowa), in charge of the tariff bill, was the ponderous manuscript of the tariff conference report.

Immediately after the prayer, a message from the House announced the agreement of that body to the conference report.

Considerable routine business was disposed of before the tariff report was called up.

A resolution by Mr. Morgan (Ala.) was agreed to, asking the President as to what indemnity if any had been asked of the Spanish Government for the arrest and subsequent expulsion of Samuel T. Tolon, an American from Cuba.

Mr. Allison then formally presented the tariff conference report and asked for its consideration, but at the instance of Mr. Berry (Ark.), gave way for the immediate passage of a resolution empowering the President to take steps for the release of Ona Melton and other "Competitor" prisoners. The resolution passed without comment by unanimous vote.

The Vice-President announced, in response to an inquiry by Mr. Allen (Neb.) that the pending Union Pacific resolution was the unfinished business and would come up at 2 P. M. unless displaced.

This drew from Mr. Morgan a statement that it was intended to discuss the tariff report in all its political, financial and historical bearings. Aside from this it was proposed to secure consideration for the Union Pacific resolution, either by itself or during the tariff debate if this became essential.

It was not an orderly practice, but, said Mr. Morgan, when men were tied up and lashed over the back they were not disposed to stand on the nicetles of proceedure. It was more important, he said, to save $50,000,000 by the Union Pacific resolution than to pass the tariff bill.

Mr. Allison suggested that there was no disposition to cut off all reasonable consideration of the report. It was too important, however, to give way to other questions which might be brought forward.

The conference report was then read in detail. When the first clause was read, Mr. Jones (Ark. made an earnest protest against proceeding on the technical report without an intelligent explanation of its meaning.

There had been no opportunity for the Democratic conferees to consider it in committee. It had been rushed through the House in a single day, without time for preparation to discuss it there. It was due to the American people, he declared, that some explanation be given.

The reading of the lengthy conference report then proceeded rapidly. There were frequent inquiries by Mr. Jones and brief explanations from Mr. Allison, but these did not cause material delay. Seven pages of the printed report, covering thirty-eight pages of the bill, were disposed of in the first half hour.

When the item of window glass was reached Mr. Jones read a telegram just received from leading window glass dealers of New York saying the restoration of the McKinley rate would place a duty equivalent to 140 per cent on this article which would be prohibitory and would stop all revenue from this source.

The lumber amendments led to animated debate. Mr. Teller and Mr. Vest contended that the $2 rate on white pine and the retaliatory clause against Canadian logs in effect permitted a double tax.

Mr. Teller declared that the whole thing was conceived in the interest of a few mill men of Michigan, Minnesota and Wisconsin, by which they would be enabled to raise the price of pine $3 to $4 per thousand.

Mr. Pettigrew, South Dakota, severly criticised the conference amendment, making personal reference to the Michigan Senators. He said the $2 was designed to benefit a few men who own what standing pine there is in Michigan, Wisconsin and Minnesota.

One Michigan lumber man was worth $10,000,000 and was prominent in Republican politics. He is the man "who manipulated the election of Senators in Michigan," asserted Mr. Pettigrew.

This condition made the lumber amendment an important one "to the Michigan machine," he said. This lumber man's $10,000,000 counted against the influence and votes of 10,000 men of ordinary means. He said that the conference report ought to be rejected on this lumber item, but it was full of tricks.

Commenting on a newspaper clipping as to a gathering of lumber men in Mr. Burrow's room, Mr. Pettigrew said it showed that the pine amendment would take over $6,000,000 out of the pockets of the people and put it in the pockets of "this little group of lumber-men gathered in Burrow's room." While the bill was full of such tricks, Mr. Pettigrew asserted that the lumber rate was one of the worst and most barefaced tricks of the whole bill.

THE PRESIDENT'S CURRENCY BILL.

It Will Be Sent to Congress When Tariff Matters Are Decided.

By Associated Press to The Tribune.

WASHINGTON, July 20.—It is semi-officially announced today that President McKinley will withhold his currency message until after the conference report on the tariff bill has been adopted by the Senate.

The Republican leaders in the Senate do not desire to have any new question thrown into the Senate while the debate is on, lest it may lead to complications and delay.

It is in deference to their opinions and wishes that the President has postponed sending the message to Congress. He is, of course, as anxious as any of them can be to have the bill become a law at the earliest possible moment.

As soon as the tariff bill is out of the way, the currency message will be sent to Congress.

TROUBLE OVER APPOINTING POWDERLY.

The Immigration Committee Is Unable to Decide the Matter.

By Associated Press to The Tribune.

WASHINGTON, July 20.—The Senate Committee on Immigration attempted to secure a meeting today to consider the nomination of Hon. T. V. Powderly to be Commissioner of Immigration, failed to obtain a quorum.

The meeting developed the fact that confirmation will be opposed by some Senators on the ground that Powderly's appointment is distasteful to the labor element. Another attempt will be made to take up the nomination tomorrow.

Nicaragua Commissioners.

By Associated Press to The Tribune.

WASHINGTON, July 20.—The Secretary of War has designated Captain O. M. Carter of the army corps of engineers, and Rear Admiral John G. Walker, retired, as members of the Nicaragua Canal Commission, provided for by sundry civil act approved June 4, 1897.

He has also detailed Major W. C. Raymond, engineer officer in the army, as a member of the deep water ways commission, provided for in the same act.

The other members of both those commissions are likely to be designated within the next day or two.

FUNDS IN DISPUTE

A Lively Interchange of Views Between Three County Supervisors.

CLAREMONT WANTS MONEY.

Piedmont Also in a Bad State Because of Its Lack of Means.

CHARGE OF OUTLAWED CLAIMS.

The Allegation Set at Naught by the County Expert's Report.

One of the hottest wars of words which has ever taken place in the county Board of Supervisors occurred today and continued for nearly an hour. It was brought about by a speech which Supervisor Roeth made and a couple of resolutions which he introduced regarding the appropriation of funds to his own road districts and those under the supervision of other members of the Board.

He first introduced a resolution transferring $200 from the general road fund to the Claremont road fund. He followed this up by saying that the money was required because of a deficit and there was also a deficit in the Piedmont road district which he wanted to help out.

The deficit was occasioned by the recent annexation on the strength of the anticipation of which many of the residents refused to pay their road taxes. It was now an impossibility to collect the taxes.

When there should have been $500 collected, the collector had been able to gather only $68.

Roeth then spoke about the money that had been transferred to Dublin road district and this brought Supervisor Wells to his feet.

"When I took Dublin district there was not a dollar in it," he said. "It was bankrupt. Now (to Roeth) how much did you have in your district? I ask you now to tell us how much money you had in your district."

Roeth started to reply. Wells kept the floor and voiciferated:

"This is all out of order."

Chairman Talcott ruled in accordance with Wells' views.

Roeth then said: "I would like to make a statement. I do not know the cause, but during my absence, it may be because of my absence, as I was away fifteen days, an appropriation of the funds was made to the several districts. It had been agreed to make the appropriation prior to that date, but was not until during my absence that it was made. Other districts had claims against them for two years, and these were illegally cleared up."

At this point Chairman Talcott spoke up. "Two years you say? Will you please name some of the districts?"

Then an interesting dialogue followed.

Roeth—The first district I can recall was Alvarado.

Talcott—I think the gentleman is in error. I know of no claims over one year old against any district. If you have information you should show it up.

Roeth—The resolution of the clerk will show it and show up some of the claims. I refer to the claim of E. B. Stone.

Church—I request that the clerk find the resolution and read it.

Roeth—I refer to fiscal years.

Talcott—In my judgment this gentleman, or no other gentleman can point to any claim that is an overdue claim that has been allowed because the law specifically states that no claim beyond a year can be allowed in the year in which it did not occur.

Roeth—I hold that it is not fair for you to transfer $500 to Dublin district and to Castro valley, and $400 to the Peralta road fund and leave other districts without needed money.

At this point the chairman's gavel descended with a crack like the report of a pistol shot.

Talcott—The gentleman is out of order and will take his seat.

Roeth—I want to say——

Talcott—Will you take your seat?

Mr. Roeth continued to remark as regards alleged claims which had been allowed out of the years in which they had been created, and finally again rose and handed to the Clerk another resolution appropriating $200 from the General Road Fund to the Claremont Road District Fund.

Talcott—The chair is of the opinion that that is the same resolution which you presented twenty minutes ago.

Roeth, naturally florid as to complexion, became as red as a peony when thus addressed by the chair, and he immediately replied:

"I beg your pardon. It is not the same motion, but I'll take my medicine if you want to cut me off."

Mr. Talcott then requested Roeth to remain quiet for a moment, stating that he had been informed by the Clerk that the last resolution on Claremont was identical with that which Roeth had handed in earlier.

Roeth denied that he had read another resolution regarding Claremont, whereupon Clerk Jordan read the first resolution which had been introduced on the Claremont district. The similarity was apparent, whereupon Mr. Wells rose and said:

Wells (facing Roeth)—If that is not the same resolution which you read before, I'm mistaken.

Roeth—I didn't read the resolution. I simply handed it in. I desire to have the resolution adopted. My reasons for this are the same that are entertained with respect to resolutions for other districts. Why should not the road district of Claremont receive the same consideration as Dublin? Why should not the Claremont district receive the same consideration as Alvarado, which according to the County Expert's representations, was considered short? The assistance in those districts would have to come out of the County General Fund, and the expert said it would be necessary for me to go slow. The deficit in the Alvarado road district from the first day I was here to a month ago was $800.

The Clerk here read a resolution providing for the payment of a claim of E. B. Stone for $1,900, which was for work in Mr. Talcott's district.

After the reading had been finished the chair took a hand.

Talcott—I understand you to say that it was in the Alvarado district that you said the overdrawing took place. I feel that I will have to object myself. You misled me by your remarks. Did I understand that the Alvarado matter which was behind more than a year was liquidated?

Roeth—Yes.

Talcott—When was it done?

Roeth—The Clerk can tell.

Talcott—Do you say that anything wrong was done?

Roeth—There was a transfer to that fund from the County General Fund.

Talcott—The chair is of the opinion that the gentleman is very much mistaken. There has never been a transfer of that kind to the Fruitvale Fund.

Wells—It is my opinion (to Roeth) that you ought to acquaint yourself with matters before you get up to talk about things that you know nothing about.

Roeth—I have investigated——

Wells—You are making assertions which you can't prove.

Talcott—The Board will bear me out that no money for the purpose mentioned has been taken out of the County General Fund, but out of the General Road Fund.

Roeth—The General Road Fund is what I am talking about.

Talcott and Wells then spoke up, claiming that Roeth all along had been talking about a fund his charges against which were entirely unfounded.

Then Supervisor Church, for the first time, took a hand in the dispute.

Church—Charges have been made by a gentleman on my left that the Board of Supervisors have audited and paid bills of two years' standing. I will call on the County Expert to refer back for two years in his books and see if we have violated the law in auditing any claim that has been outlawed. The law requires that all claims shall be paid in the fiscal year in which they arise, and makes us responsible for any act of ours which should be in violation of that provision. I demand that the expert examine and report back to this Board as soon as possible. If there has been any violation of the law, we are responsible. If we have violated the law, I want it to be known.

Talcott—If there is no objection, it will be understood that the expert will report as desired.

Wells—I know that such is the case from experience. I overlooked a bill and put it in in the wrong year. I lost eight dollars and six bits. I never got it.

Expert Fred Davis then made his appearance, and there was a consultation between him and Supervisor Church.

Church—Our expert keeps up with the facts and figures of the Board and is able to report in half an hour.

Clerk Jordan—He is able to report now.

Talcott—Will the report be in writing or verbal?

Church—A written report.

A recess of half an hour was then declared, whereupon Mr. Davis presented the following, which was read by Clerk Jordan:

THE EXPERT'S REPORT.

"To the Honorable Board of Supervisors Gentlemen: The question has been put to me and a report requested thereon whether or not any bills have been passed and allowed by this Board that were more than two years old, and after examination I submit the following report:

"In accordance with section 11 of the county government act of 1893, a claim to be passed upon by the Board of Supervisors must be filed with the Clerk of the Board within a year after the last item of the account accrued, and our law further requires that the expenses incurred in one fiscal year must be paid out of the funds of that fiscal year. The revenue and claim book, as kept by both the Treasurer and the Auditor, the claims paid against the different funds of the fiscal years are charged against in the said books to the fiscal year to which they belong, so that the Auditor and Treasurer have both an exact account of the claims allowed by the Board of Supervisors at various times against the fiscal years. The Auditor is particularly careful of issuing warrants on an outlawed claim, as the fiscal years of the Auditor and Treasurer must balance to a cent.

"In this respect, however, I would state that a bill that was more than two years old was allowed and passed by the Board of Supervisors on August 31st, 1896, being the claim of Oliver Lindsey for jury fees amounting to $3.40, service being rendered by said claimant November 11, 1892. The warrant for this claim was written by the Auditor in favor of said Oliver Lindsey, but now remains in his office with notice written thereon: 'Do not issue, as this is an outlawed claim.' The reason of the passage of this claim by the Finance Committee and the Board of Supervisors was that the District Attorney rendered a verbal opinion that if the Board desired to take advantage of the law, that this claim was outlawed, they could do so, but it was simply a question as to what they thought would be right and just in the matter, but, as aforesaid, the Auditor refused to issue the warrant. This was the only claim passed by the Board of Supervisors which was over two years old in the last two years.

"All bills allowed by the Board of Supervisors for the last two years have, in accordance with my examinations of said bills, been legally allowed by this Board of Supervisors. Respectfully submitted,

"FRED A. DAVIS,
"County Expert."

The report was ordered filed and the Board adjourned until Friday morning.

ST. LOUIS, Mo., July 20—Having succeeded in getting the miners at O'Fallon, Illinois, to go out, the army of strikers that have been marching from town to town persuading men at different points to quit work, left this afternoon for Belleville, which they will reach about sundown.

Trouble is feared at Belleville as the miners at work there have declared their intention of not stopping work, while the marching strikers say they will force them to do so.

Debs Believes That the Strike Will Be a Conditional Success.

By Associated Press to The Tribune.

FAIRMONT, W. Va., July 20.—Fifty of the strikers at the Monagah went into the mines again today and ten at Clark followed their example.

This move is very encouraging to the agitators, headed by Mr. Debs, but a meeting will be held at Riversville this afternoon, after which they expect some encouragement.

This morning twenty-five men at the O'Donnell mines came out for the second time, but their action is not one of much moment.

This morning the men went to work earlier than usual as a sign of good faith.

Debs says he expects a good meeting at Riversville this afternoon. If the men at Watson will come out he says the success of the greatest strike in the history of mining will be insured.

TRIBUTE OF DR. McKENZIE.

Numerous Floral Offerings Sent by the Sorrowing Railroad Men.

(Special to the Tribune.)

SAN FRANCISCO, July 20.—The funeral of the late Charles F. Crocker was held today at the First Congregational Church in San Francisco. The ceremonies were conducted under the auspices of California Lodge, No. 1, F. and A. M. The special train from San Mateo arrived at noon, and was met by a delegation of Masonic bodies, which escorted the remains to the church. California Commandery, No. 1, Knights Templars and the Grand Consistory of California comprising Scottish Rite Masons, were represented in the funeral cortege. They were met at the church by California Lodge, No. 1, F. and A. M. The Masonic funeral service was conducted by W. Franklin Pierce. Rev. Dr. Mackenzie of the First Presbyterian Church made a brief address.

Preceding the impressive ceremonies in San Francisco were the simple services at the Crocker mansion, Uplands at San Mateo. There Dr. Mackenzie made a very brief address, followed by prayer and hymns, in which the family joined. The casket was placed in the gold parlor of the Crocker mansion, in the midst of a wealth of floral offerings.

The pall bearers were as follows: Henry T. Scott, W. E. Bond and Russell J. Wilson, representing the personal friends of Mr. Crocker; H. E. Huntington, J. Kruttschnitt, J. C. Stubbs, J. A. Fillmore and N. T. Smith, representing the Southern Pacific Company; Chas. Holbrook, representing the Market Street Railway Company; Mayor James Phelan, H. B. Houghton and George T. Marye, representing the Regents of the University of California; Reuben H. Lloyd, representing the Grand Encampment, Knights Templar; Thomas H. Caswell, representing the Supreme Council, Scottish Rite Masons; Judge F. E. Spencer and Dr. Edward R. Taylor, representing the trustees of Leland Stanford Jr. University; Charles L. Patton and Edward Peabody, representing the California Lodge of Masons; George D. Clark and William H. Miller, representing the Native Sons of the Golden West; Irving M. Scott and E. J. Molera, representing the Academy of Sciences.

The floral offering were elaborate and beautiful. The floral tributes of the railroad men formed a monument of blossoms, one of the most unique and largest floral displays ever seen in San Francisco.

The general offices of the company were closed today out of respect to the dead vice-president and many flags floated at half-mast during the day.

THE VACANCY IN THE BOARD OF REGENTS.

W. R. Davis May Be Appointed to Succeed the Late Colonel Crocker.

By the death of the late Charles F. Crocker, a vacancy occurs in the Board of Regents of the State University. His term will expire March 1, 1904. Speculation concerning his successors includes the names of Ex-Mayor William R. Davis, president of the Alumni Association of the State University, also that of George Boyd of San Francisco.

Mr. Crocker served on the Committees of Internal Administration, Grounds and Buildings and the Lick Observatory.

The term of J. West Martin of this city expires next March.

SALT LAKE, Utah, July 20.—The city is crowded with visitors to witness the first day's proceedings of the Pioneer jubilee. The incoming rush began yesterday morning and up to last night the railroads had brought in ten thousand visitors.

People were arriving all night and during the early morning by trains and every other means of transportation. Large additions were made to the decorations during the night and this morning the city presents a gala appearance.

The exercises of the day opened according to the programme.

By 10 o'clock thousands of people had congregated in the vicinity of the Brigham Young monument to witness the unveiling exercises. A temporary platform had been erected for the speakers.

A prayer written by President Woodruff (who is slightly indisposed) was delivered by Bishop Whitney.

Brigham Young, a son of the famous Mormon apostle, spoke and when the monument was unveiled a great shout broke forth from the assembled multitude. This was followed by a salute of twenty guns by the Nauvoo Legion.

Several Thefts.

J. A. Martin of 1010 Market street left his bicycle standing in front of Sig Richardson's saloon on Washington street, between Ninth and Tenth streets last evening. When he returned for it the wheel was gone. He has asked the police to recover it for him.

Fifty feet of garden hose was stolen from the yard of Roy Mauvais yesterday and Detective Shorey has been detailed to recover it.

THE END OF ITS CAREER

Webster Street Bridge Will Soon Be Given a Rest.

THE VACATING OF A FRANCHISE

Railroad Company Is Ready to Remove Its Tracks.

PIEDMONT SCHOOL DISTRICT.

It Has Been Annexed to This City for Educational Purposes.

At the meeting of the Supervisors, all of whom were present this morning, an important letter bearing on the intention of the Central Pacific Railroad to do all it can to expedite the reconstruction of the Webster street bridge, was read from General Manager Kruttschnitt, by assistant District Attorney Church.

It was read with the preface that the reader had desired to ascertain from the Central Pacific Railroad Company whether or not the company would relinquish its franchise over the Webster street bridge in order to enable, at the proper time, the reconstruction of that structure to be carried out.

The letter is as follows:

"SAN FRANCISCO, July 13, 1897.

L. S. Church, Chief Deputy District Attorney—Dear Sir: I have your letter of July 8th and in the press of Christian Endeavor business and constant interruptions due to receiving visitors an answer has been delayed. We will take up the question of right of way for our narrow gauge track and as soon as we shall have progressed a little further, will let you and the Board of Supervisors know just what can be done to meet their wishes to abandon the use of the Webster street bridge in order to facilitate its reconstruction.

"I will add that we, of course are willing to do everything in our power within reason to facilitate the work for the county. Yours truly,

"J. KRUTTSCHNITT."

ANNEXED TO OAKLAND.

A resolution by Supervisor Mitchell was then adopted annexing to the city of Oakland for school purposes the territory known and designated as the Piedmont School District and all of that portion of the Piedmont School District lying outside the corporate limits of Oakland.

This action was to have been taken three weeks hence, but owing to the fact that the schools are to open on next Monday, the action setting the date for consideration so far away was reconsidered and the matter was settled so as to enable the children to avail themselves of the schools under the recent annexation.

The petition in favor of this move was signed by the heads of thirty families and the authenticity of the petition was vouched for by Superintendent Garlick.

The request of Superintendent of Schools Garlick that he be permitted to have printed school registers because of the failure to make an appropriation for the State Printing Office for that work, was denied on the representation of the District Attorney that the money should come out of the State School Fund, and with that fund the Board of Supervisors had nothing to do. The motion to deny was made by Supervisor Church and supported by all the members of the Board.

Mr. Garlick said that he understood some firm in the printing business proposed to get out registers on its own responsibility.

APPLICATIONS FOR RELIEF

The application for relief of H. A. Van Arken of No. 730 Center street which was made by Rev. Mr. Beatty, was referred to Supervisor Mitchell.

The application of Charles J. Brick for relief was referred to Supervisor Talcott.

Frank Francis of Centerville filed an application for permission to run a saloon at that place. His bondsmen were Manuel Silveria and M. F. Silva, each in the sum of $2,000. The application was referred to the Judiciary Committee.

The report of the Home for the Feeble Minded was referred to the County Expert, Fred Davis.

Levi P. Downing made application to be issued a free license to peddle as an old soldier. The application was seconded by Supervisor Booth.

Supervisor Talcott thought that it would be necessary for Downing to present a certificate showing physical disability.

The statutes were looked into, and it was found that the certificate of disability had been eliminated at the last session of the Legislature.

Contract bonds for supplies to be furnished to the county were filed as follows:

E. P. Taylor, stationery. F. S. Osgood and E. G. Buswell bondsmen.

Joseph Herrscher, groceries, etc. Bond not signed.

W. M. Watson, liquors. G. L. Fish and W. A. Rouse bondsmen.

William S. Sagehorn, middlings. Philip Rader and Henry Meyers bondsmen.

A. L. Salinger, dry goods. R. R. Munro and M. Salinger bondsmen.

COUNTY SCHOOL CENSUS.

Superintendent of Schools Garlick presented his report for the school year ending June 30, 1897. It showed that the number of white boys in the county schools is 14,758, white girls 14,662, colored boys 119, girls 123. The total number of census children is 29,710.

Charles Robinson and William Schwartz asked and were allowed credits for good conduct in the County Jail.

Andrew Carlsen made an application for a liquor license with Tony Marks, Mendosa and George Adams as bondsmen. The matter was referred to the Judiciary Committee.

Justice Clift was permitted to purchase necessary legal books.

A communication was received from the State Board of Trade giving the names of reliable firms in various parts of Germany. The communication was filed.

KILLED A DESPERATE INDIAN MURDERER.

An American Single-Handed Runs the Fugitive to Earth

By Associated Press to The Tribune.

KINGMAN, Arizona, July 20.—Information received from Riceville, Nevada, at the mouth of the Virgin river, says that Mouse, the Pahute murderer, was killed at Muddy Creek, in Lincoln county, Nevada, by a posse of pursuers.

Mouse is the Indian who killed Stearns and Davis on the Colorado river last winter near White Hills. A reward of $250 was offered for him, dead or alive, and a constant search has been made for four months.

No trace, however, was struck till a week ago. He was then located in the Charleston mountains north of Vanderbilt.

Sheriff Potts wired William Miller of Vanderbilt to take trailers and go out. Miller found the trail and followed it within ten miles of Muddy settlement.

The Indian trailers then turned back, being afraid of the Indians on the Muddy. Miller followed alone and finally ran down Mouse, who was shot five times before he gave up.

SUED A SWELL EASTERN CLUB MAN.

Claims Are Made That He Stole Another's Wife.

By Associated Press to The Tribune.

KANSAS CITY Mo., July 20.—Albert S. Nichols, an employe in a hat store, has instituted two sensational suits. The first is against his wife, Pearl E. Nichols, for divorce, naming Ben C. Burgess as corespondent.

The ink making this record in the court docket was not dry when Nichols filed the second suit against Mr. Burgess for $10,000 for alienating his wife's affections.

Probably no one among the swell club sets is better known than is Burgess. Almost since the organization of the Kansas City Club he has been a moving and energetic spirit in that organization. He is the Kansas City agent of Sweet, Demster & Co., and is reputed to be a man of considerable means. He came here seventeen years ago from Cleveland, Ohio.

Burgess declares that the suit is an attempt at blackmail.

Mrs. Nichols is visiting in Chicago.

FLOCKING IN SCORES TO THE GOLD FIELDS.

Prospective Miners Are Hurrying Madly Toward the Clondyke.

By Associated Press to The Tribune.

VICTORIA, B. C., July 20.—This city is full of prospective miners waiting for steamers to take them north; in short, the gold fever has struck the town, and scores of men are throwing up good position in order to seek their fortunes in the Clondye gold fields.

John Piercy, a wholesale merchant, has made a somewhat novel proposition to the Dominion government. He has offered to pay $50,000 per annum for a period of five or ten years for the privilege of collecting duty on goods going into the Canadian section of the Yukon country.

To his telegram to this effect the Federal authorities have not as yet vouchsafed an answer, but it is believed that customs officers will be sent up there to collect duty on American goods which are being taken into the country immediately.

AUTONOMY URGED FOR LITTLE CUBA.

A Spanish Liberal Declares It to Be an Absolute Necessity

By Associated Press to The Tribune.

MADRID, July 20.—Senor Morety Prendergast, the Liberal leader, and former Minister, delivered a brilliant speech at Saragossa last night on the Cuban question.

He violently attacked the policy of the government, especially its methods of campaigning in Cuba, and declared that autonomy must be proclaimed.

"Autonomy for Cuba," he said, "is as much a necessity of Spain as of Cuba."

He dwelt impressively upon the dangers to which the monarchy is exposed if it does not obey the force of public opinion.

RESCUED THE TREASURER.

British Troops Run Down the Borneo Rebel Chief.

Associated Press to The Tribune.

LABUAN, British Borneo, July 20.—The British resident who on the 12th inst started in pursuit of the rebel chief, Matsalley, who had attacked and burned the government station at Gayaa, the previous day, looting the town, sacking the treasury and carrying off the treasurer and about $20,000 on deposit, has returned from the Punitive expedition, having rescued the treasurer.

The British force arrived at Matsalley's headquarters last Friday and immediately opened a cannonade, but it was found that the rebels had fled. A number of the rebel villages were burned by the expedition.

Demands a Big Indemnity.

By Associated Press to The Tribune.

PARIS, July 20.—The Figaro says that a month or two ago Dr. Cornelius Herz of Panama canal fame, wrote to M. Faure, demanding an indemnity of a million francs from the French government for false accusation brought against him by French officials and members of the French Parliament.

In the course of the letter he laid stress upon his American citizenship, and asserted that he expected his claim would be energetically supported by the United States.

Returned to Work

By Associated Press to The Tribune.

WASHINGTON, Pa., July 20.—Work was resumed at the Boone and Allison mines at Cannonsburg today. All but the same be forwarded at once to our grand secretary and treasurer Brother L. F. Arnold, who will immediately receipt for same and forward to the proper officer designated to receive contributions on behalf of the United Mine Workers.

"Let your contributions be as liberal as your means will permit and your returns prompt, that we may at once render some substantial assistance to our brothers in distress.

'Quoting the language of President Ratchford of the United Mine Workers Association in his official communication to me, 'The prayers of an enslaved class will forever bless you, your association and your posterity.'

"In sending contributions state that they are for the mine workers.

"Fraternally yours,

MORROSCA IN SERIOUS TROUBLE.

The Gay Colonel Disturbs a Pretty Woman's Peace.

He Was Jealous of the Fair Name of His Lady Love.

Colonel F. W. G. Morrosca, the advertising man, is in a rather serious position. There is a warrant out for his arrest on a charge of disturbing the peace of a vivacious little brunette and there is an irate husband on his tracks, who says there will be a very sick colonel in town when their meeting is over.

The lady who swore out the warrant is Mrs. Olive T. Black, who lives with her husband at 476 Twelfth street. She may prefer another charge of using vulgar language against the colonel.

The trouble occurred on Washington street, near Ninth street, early this morning and it was all over another woman.

According to Mrs. Black's story, she was standing on the street talking to a lady friend, when Colonel Morrosca and a lady passed them. The lady with the colonel was a Miss Cunningham of East Oakland and it has been rumored that the two will soon be married.

However, that may be, Colonel Morrosca is very jealous of Miss Cunningham's reputation and as they passed Mrs. Black and her friend and the conversation of two latter naturally turned to the rumored coming nuptials.

"Who is that with Colonel Morrosca?"

"Why that is Miss Cunningham of East Oakland," answered Mrs. Black. "I understand they are soon to be married."

That was all that was said on the subject, if Mrs Black's story is correct.

The colonel, however, thought that more was said, and after taking Miss Cunningham further down the street, where he left her, returned to the two women.

"My back was toward Mr. Morrosca when he approached," said Mrs. Black to a Tribune man shortly afterward, "and he caught me by the sleeve, nearly jerking me off my feet. I was thrown around facing him and then he called me some of the vilest names in the English language—names that I could not repeat to my husband. I tried to induce him to go across the street, where my husband works and repeat the names before him, but he would not do it. Then I sent my friend over after my husband and tried to hold Mr. Morrosca but he was too strong for me and before my husband arrived he had broken away from me and had fled around the corner.

"My husband has looked for him all over town, but Mr. Morrosca cannot be found. When I saw my husband could not find him I swore out the warrant in the hope that the police might have better success.

"Before Mr. Morrosca gets through with me he will find that I am the biggest little woman he ever ran across. I have said nothing about Miss Cunningham, but I will say now that I have heard a lot about her and I have heard very little to her credit.

"As for Mr. Morrosca he is nobody. He was fired out of my husband's lodge of Odd Fellows."

Colonel Morrosca has an office at 563 Thirteenth street. He was not in when a call was made there this afternoon.

TROUBLE IS FEARED.

(Continued from page 1.)

the strike movement. The meetings will be followed by a general appeal for aid.

A private telegram from Columbus to the miners' officials states that one of the most important questions considered by the Executive Committee at the meeting yesterday was that of granting permits for the men to work at the mines where operators are willing to pay the advance demanded.

The committee refused to take the responsibility of deciding the question, and it will be referred to a general vote of the strikers. This will take four weeks, and meantime the strike will go on at all the mines.

A Dunbar Penna., dispatch says the operators are shipping coal to Pittsburg and are paying a higher rate than the strikers demanded. Organizers are at work among the men, but it is not likely that they will come out. West Virginia operators are at Dunbar trying to secure men to take the places of the strikers, but are meeting with little success.

LOCOMOTIVE FIREMEN HELP THE STRIKERS.

All Lodges Are Called Upon to Furnish Some Support.

By Associated Press to The Tribune.

PEORIA, Ill., July 20.—The following circular has just been made public.

"Grand Lodge of the Brotherhood of Locomotive Firemen:

"Special circular, No. 1, 1897-98, Peoria, Ill., July 19, 1897.

Sirs and Brothers:—There is at the present time a contest being waged between labor and corporate capital that is attracting the attention of the people of the whole country, regardless of station or condition, the strike of the bituminous coal miners under the direction of the United Mine Workers of America, in the States of Ohio, Pennsylvania, West Virginia, Illinois and Indiana, etc.

"We are confident there is not a member of the Brotherhood but who is in sympathy with these toilers who are required to delve in the bowels of the earth for the fuel used on the locomotives upon which our membership earn their daily wage, and as our laws do not permit us as an organization to actively engage with these, our brother wage workers, in their struggle for what is justly due them as workingmen, it is our privilege, if we so will it, to give them financial aid which will substantially assist them in maintaining themselves and families during the time they are contesting for justice, and believing that every member who is financially situated so as to contribute to the support of our fellow workmen in this, their hour of conflict, will gladly avail themselves of an opportunity.

"We respectfully petition each of our subordinate lodges to immediately, by voluntary contributions from individual members, or in any manner deemed advisable, donate such an amount as

STILL WORKING FOR UNIFORMITY.

The Leaders Are Not Meeting With Great Success, However.

By Associated Press to The Tribune.

PITTSBURG, Pa., July 20.—Great interest is manifested in the return to this city of the members of the Inter-State Arbitration Board tomorrow, as "true uniformity" is largely dependant upon the success attained by the members of the Board in their efforts to enlist the support of the operators of their various States.

General Little wires from Philadelphia that he has had difficulty in seeing the representatives of the Western coal companies in regard to the agreement, owing to their absence from the city.

L. P. McCormick of Indiana sent word that he had seen President Ratchford of the mine workers and after a talk, the latter expressed himself favorably toward the uniformity agreement in the Pittsburg district. Mr. McCormick also saw W. J. Smith Tally, president of the Indiana Coal Association, at Indianapolis and secured his consent to come to Pittsburg and do what he can for uniformity.

Representatives of the McConnellsville region say that very little coal is being shipped from that region. Miners there have been receiving better pay for six years than any similar class of labor in the United States.

The situation in the Central Pennsylvania bituminous mining district, according to a telegram from Phillipsburg, is dependent upon the outcome of the strike in West Virginia and Maryland. If the strike becomes general there, it is thought that it will extend to the Central Pennsylvania field. Otherwise there will be no suspension of work.

At Barnesboro and Gallitz the miners are out on a strike for higher wages. The operators there fear that there will be little to do for months following the strike, owing to the large stocks being laid in.

ENFORCED THE ORDER WITH SIX-SHOOTERS.

Marching Miners Kept Away From the Virginia Fields.

By Associated Press to The Tribune.

COLUMBUS, O., July 20.—Organizers Green and Wallace notified headquarters this afternoon that they were compelled to leave Pocahontas, Va., at the point of six shooters. They did not offer resistance.

They, however, remained in the neighborhood with the intention of doing missionary work among the miners. One thousand workers in the Simons mine have gone out, said Secretary Pearce today.

WORKERS STONE THE AGITATORS.

One Is Seriously Injured and Others Forced to Flee

By Associated Press to The Tribune.

BLUEFIELD, W. Va., July 20.—The Mayor refused to allow Grand Master Workman Sovereign to speak at Pocahontas last night.

Today W. J. Friedman, an agitator, was seriously injured by being struck by a stone, and four other agitators were forced to flee.

WOODMEN COMPETE.

A Large Audience Attends the Degree Work Last Night.

A very large and enthusiastic meeting of Woodmen of the World was held last evening in Loring Hall. The occasion was the exemplification of the competitive degree work of the order.

Camps represented were: Spruce Camp, No. 133, of Alameda; Cypress Camp, No. 142, of Haywards, besides large delegations from the fourteen camps in Alameda county, and the campers in San Francisco, aggregating 400 in all. The hall was crowded to the doors. It was the largest meeting of Woodmen ever held in the State.

The hosts of the evening were members of Oakland Camp, No. 94. After a close contest, the team representing Cypress Camp, Haywards, were declared victors.

As a trophy from the battlefield they carried off a very handsome rosewood bottle, bearing an appropriate inscription in silver.

At the close of the contest, a luncheon was served by the Oakland Camp.

DARING ROBBERS CLEVERLY FOILED.

They Tried to Stand Up a Bank but Met Pistols.

Finally Caught After a Hard Chase Through Corn Brakes.

By Associated Press to The Tribune.

ODELL, Ill., July 20.—Two men entered McWilliams' Bank this morning, and, placing revolvers at the head of Cashier Van Buskirk, ordered him to throw up his hands and pass over the cash. Van Buskirk was ready to meet just such an emergency, as he had weapons at his command, which he used to shoot at the intruders. The robbers fled.

The cashier at once ran out of the door and gave the alarm. People on bicycles, horses, wagons, buggies and afoot followed the would-be robbers, who ran to the East out of the town where they jumped in a buggy driven by two boys.

They drove the horses hard until they saw that the pursuers were gaining on them, when they leaped out of the buggy and made for the cornfields.

Hundreds of people surrounded the fields, and after several desperate attempts to get away the miscreants were caught.

Numerous shots were fired, but no one was hurt.

The robbers were brought to town and lodged in jail to await the action of the Grand Jury.

As a preliminary examination they gave the names of Frank W. Jackson and Harry Howard, both hailing from New York. It is supposed that they are the same persons who made two attempts to wreck the Wabash pay car between Fairbury and Forest last Saturday.

SUGAR STILL GOING UP.

Wheat Also Rises and the Stock Market Is Booming.

By Associated Press to The Tribune.

NEW YORK, July 20.—Within fifteen minutes of opening of business on the Stock Exchange, 13,100 shares of American Sugar Refining Company stock had changed hands at prices ranging from $1.43½ to $1.44½.

In a short time the record of dealings of twenty-four hours ago was beaten.

Sugar was sold yesterday as high as $1.44½ and today the price had risen to $1.46⅝. By noon 30,000 shares of the stock were sold.

Shortly after the high notch was reached a slight reaction took place, and sugar went off a point or two, finally reaching $1.43.

It was soon held again at a higher figure, and $1.45 was about an average quotation around noon. Sales of 100 shares were the exception, most of them being in large amounts.

SAN FRANCISCO, July 20.—There was considerable excitement and an unusual amount of business at the local produce exchange today, the continued foreign demand for wheat sending the price of that staple booming.

To begin with, Liverpool options showed a marked advance, and Chicago reports only served to increase the excitement. December wheat, which has risen from $1.21 on July 1st, opened at $1.35, rose to $1.36 and closed at $1.35½.

An hour later it shot up to $1.38, closing at $1.37⅞. May opened at $1.38 and closed at $1.41, while December steadily rose to $1.39, and closed strong at $1.38¾.

Since very little of the new crop has yet passed out of the hands of the California farmer, there is much jubilation at the existing state of affairs, as he will derive most of the benefit of the rise.

CHICAGO, July 20.—The heaviest cash wheat business done for export at Chicago in one day for years was reported today. It amounts to within 10,000 bushels of a total of 800,000 bushels, the greater part No. 2 Kansas hard, and chiefly for the first half of August shipment.

NEW YORK, July 20.—The bulls took hold of the market with considerable vigor after 11 o'clock and advanced prices to the best figures of the morning. Sugar was marked up to $1.46¼, a jump from $1.45 on a purchase of 1,000 shares. The top level invited extensive realizations and the stock receded to $1.44⅝.

A TRAIN WRECK AT SACRAMENTO.

Tourist Cars Overturn and the Passengers Are Injured.

By Associated Press to The Tribune.

SACRAMENTO, Cal., July 20.—At 2:30 o'clock this morning a tourist car attached to the north-bound Oregon express train was derailed at Sheridan, Placer county. The train was turning into a switch to allow the passage of the south-bound express, when the tourist car turned over. It is thought the accident was caused by a defective journal.

A. L. Paxton suffered a sprained ankle and his wife had an arm bruised. They were transferred to another car and proceeded upon their journey toward Portland, Oregon.

The wrecked train was delayed for six hours. The wrecking train was sent from Sacramento to clear away the debris.

BAXLEY ACQUITTED.

The Charges Against Him Proven to Be Evidence of Injustice.

Justice Lawrence discharged George Baxley this morning. Oscar Heaton had brought suit against Baxley charging him with burglary.

Baxley is a druggist and recently certain articles were attached by Constable Welden on Heaton's complaint.

No notice was served, and Baxley, unconscious of the levying of the assessment, removed the goods. Heaton immediately filed the complaint which was dismissed this morning.

The offense, if committed knowingly, is only a misdemeanor, and Heaton made it a felony charge.

Attorney Pulcifer, who represents Baxley, has signified his intention of drawing up a complaint charging Heaton with malicious prosecution.

From appearances he would certainly be justified in such a course, for burglary is a serious charge, and Baxley is one of Oakland's most highly respected young men.

POLICE PICKINGS.

A Lazy Celestial Causes Trouble in a Chinese Mission.

Mrs. Allen, superintendent of a Franklin-street Chinese mission, has caused the arrest of a Celestial named Wong Quong, whom she charges with being a vagrant. Wong has been living at the mission, but his laggard ways soon caused the other inmates to become disgusted with him. They tried to get rid of Wong, but he staid on at the mission and it was only when he commenced smoking opium in the house that the arrest was made. He will be tried tomorrow.

James Armstrong, who disturbed his wife's peace, has been discharged.

Judgment has been suspended in the case of Mabel Clark, who was arrested for vagrancy. Mabel has promised to leave the city.

Quong Hung, arrested for battery, will be tried August 6th before a jury.

William Newman, the colored tiltapper, has pleaded not guilty to petit larceny. The case went over till tomorrow to be set.

A. Briggs, scavenger, arrested for violating the bicycle ordinance has been discharged.

The second trial of Fred Timler, for vagrancy, has resulted in an acquittal. A jury found Timler guilty last week but Judge Allen set aside the verdict and granted the defendant a new trial. The trial this time was before the court and Timler was discharged.

In giving his decision Judge Allen stated that Timler was charged with being a lewd and dissolute character and the testimony had not shown him to be such.

As soon as Timler was released he was arrested again on a new complaint, charging him with living in a disreputable house.

LEON EVERS KILLED BY HIS BOSOM FRIEND

An Unhappy Accident at Judge Hall's Ranch Near Felton.

Whipple Hall Played With a Gun Not Knowing That It Was Loaded.

Leon S. Evers, son of Henry Evers, the well known undertaker and ex-Coroner of Alameda county, was accidentally shot at Felton shortly after 4 o'clock yesterday afternoon. In an hour the boy was dead.

The weapon which inflicted the fatal wound was in the hands of Whipple Hall, son of Judge S. P. Hall and bosom friend of young Evers.

Both the Hall and Evers families are grief stricken, and Whipple Hall is inconsolable.

Leon Evers is but 15 years of age. He had been visiting at the Hall ranch near Felton for the last three weeks, and he and Whipple Hall were inseparable companions.

Yesterday Evers was feeling badly and was lying on a lounge on the front porch of the ranch house. Young Hall was near by, handling his shot gun. Suddenly he put the gun to his shoulder and aiming it at Evers said jokingly:

"You have been miserable for several days. Let me end your sufferings."

"All right; go ahead," was the bantering answer.

Then there was a sudden report, a scream, and when the smoke had cleared away Evers was found writhing in agony upon the lounge. In an hour he died, before the medical attendance which had been hastily summoned, could arrive.

Young Hall had accidentally touched the trigger of the gun. It was supposed by both boys when they commenced fooling that the gun was not loaded.

Word was immediately telegraphed to Henry Evers of the accident to his son, and Mr. Evers left for Felton last evening.

When the sad news was broken to Mrs. Evers, she became hysterical and fears that her mind would give way under the strain were entertained for a time. She is not yet out of danger.

Judge Hall feels the accident very keenly. It was at his invitation that young Evers went down to the ranch. The lads were to have returned in a couple of days ready for the opening of school.

MRS. EVERS' CONDITION.

This afternoon the condition of Mrs. Evers had not improved. She is suffering from nervous prostration, and it will be some time before she will be out of danger. Nothing definite can be ascertained as to her condition till after the shock is over.

The remains of Leon Evers arrived from Felton this morning and the funeral will be held from the family residence, 1418 San Pablo avenue, Thursday afternoon.

FUN AT THE THEATRES.

The Frohman Company Comes to the Macdonough Next Week.

Ulrich's Celestial Maiden Continues to Draw at the Oakland.

Mary Mannering, the new leading lady of Daniel Frohman's Lyceum Theater Stock Company will be seen in this city for the first time on Monday, July 26th, when that powerful organization will commence an engagement for three nights, opening in that picturesque and idyllic play, "The Mayflower," a love story which involves characters and events peculiar to the period of the early Pilgrims; and presenting other recent Lyceum Theater successes.

Miss Mannering immediately won much praise in San Francisco, and was accorded an unusually kind reception there. She is an actress of more than usual ability, and is said to excel in emotional roles of the juvenile order. Miss Mannering distinguished herself in Golden Gate Park by her superior equestrian ability, especially in stopping a runaway.

Just prior to the closing of the four weeks' engagement of the Lyceum Theater Company at the Baldwin, Miss Mannering was riding with an escort in the park, when a cry of alarm suddenly broke on her ear. Turning her head, she saw a carriage containing two ladies and a child dashing towards her at a furious pace. Realizing that the horse had broken from under control, Miss Mannering waited until the infuriated beast was abreast of her and reaching forward caught the reins in her left hand. The suddenness of the shock almost dragged Miss Mannering from her seat, but with deliberateness she straightened herself in her saddle and trotted alongside the carriage until the horse was under control. The occupants of the carriage were profuse in their thanks, but Miss Mannering modestly rode away without even ascertaining who she had rescued. The occupants of the carriage were well known as the wife and daughters of a prominent merchant of San Francisco, who sent Miss Mannering a beautiful basket of flowers with a note of sincere thanks.

OAKLAND THEATER.

"The Celestial Maiden" inaugurated the second week of its run last evening at the Oakland Theater with a crowded house.

The play is an exceptionally strong one dramatically, and is interspersed with sufficient high class comedy to relieve the powerful strain upon the audience. Divest the play entirely of the Chinese character and you still have a production that in dramatic and literary merit would be a success on any stage. But the Chinese

It is to be hoped that Andree will find the Pole strong enough to hitch his balloon to so that he can stretch his legs.

Modesto is a Democratic town, yet they handled the news regarding the visit of Bryan there with the caption of "Wandering Willie."

If the King of Siam does not hurry back home he may find himself without such a place to go. The Cambodians are making things lively around the capital.

What with the Peary Polar expedition, the Andree balloon trip and the Clondyke rush the far North is engaging a good percentage of the public attention nowadays.

Our State University is certainly destined to in time rival the great colleges of the East. The plans for its beautification as outlined by Regent Reinstein will bring it to the attention of the whole world.

A Berkeleyan has been sent to the asylum because he had the mania that he had a big hole in his head Judging by the capacious smiles some of the residents out there are capable of he may not have missed the mark by very much after all.

Here is a little news item for the consideration of those who are figuring on making the trip to the Clondyke "Three mail carriers were frozen to death in Alaska in trying to carry the mail from Sunrise City across the glacier to Prince William Sound, July 9th." Ugh! Frozen to death in the middle of summer.

Chicago's new women are evidently not of the Christian Endeavor pattern. Mr. Girard of that town wants a divorce because his wife hid his trousers and cut the buttons off his vest to prevent his going to Sunday School. It is of course barely possible that a good-looking Sunday School teacher was somewhere in the background of the drama.

The death of millionaire Creede in Los Angeles is described in the local papers there as having been the occasion for a fight over his remains by two undertakers, each anxious to secure the funeral with its attendant large profits. While one was obtaining an order for the body the other one quietly carted it to his parlors and refused to surrender it. What with the fight over his body and the one over his estate, Mr. Creede will not need any wake

Congratulations over our California climate are again in order. Here is an idea of what the Easterners have been recently enduring, the item being from the Cleveland Plain Dealer: "The heat was intense and pitiless. Everyone in the great city has suffered From the time the sun shot up over the horizon, a great ball of red, until it sank in the western sky, a seething, molten mass of yellow, there was no cessation in its fierce rays. From morning until night its heat was fearful. A singular characteristic of the day was the breeze which came in great gusts of hot air There was nothing cooling about the breeze. On the whole it made one hotter than ever."

LAST CENTURY IDEAS.

It is not surprising that the progressive European and American elements in the Transvaal was at heart thoroughly in sympathy with the Jameson raid, for evidences are continually coming to hand of the stupidity and boorishness of the local government. The latest and most striking example is in the announcement that the Boers have refused to permit the use of electricity on the street cars of Johannesburg on the ground that it would deprive the farmers of a market for their fodder.

This is a return to medieval methods with a vengeance—the same sort of policy that frowned at the printing press and every other stroke of inventive genius that could benefit mankind and advance the scope of civilization. No wonder the progressive spirit of the age is rebellious at these stupid last-century-ideas Dutchmen. Although the methods that were attempted to bring them to their senses are doubtful even from the standpoint of political morality one must certainly applaud the efforts made to throw off such a retrogressive yoke. The world is in too much of a hurry nowadays to allow barriers of this description to remain up long and although the Commissioners that have just been investigating the Jameson raid in England have condemned the advances made on the Boer territory, it is a pretty safe proposition to say that within five years, or ten at the most, the Uitlanders will have forced the government to terms that will at least permit of the use of modern methods, or else will have destroyed the Boer organization altogether.

COL. CROCKER'S DEMISE.

The career of Colonel Charles F. Crocker furnishes a good object lesson for the young man of today. The inheritor of millions, which came to him at an age when temptation is the strongest, he never faltered from the path of rectitude in which he had started, and though he lived well and generously, he never indulged in the dissipations and extravagancies so easily within his reach.

His father was a man of the sturdy pioneer type. He had made his fortune by hard work and he did not want it to be frittered away or misused after he had gone. Thus it was that Charles F. Crocker was given the practical business training that served him in such good stead in after years for he was made to give his apprenticeship with the clerks at the desks and was only permitted to ascend the ladder to deserved promotion.

Colonel Crocker had it in his power of late years to cause serious disruptions in the corporation of which he was vice president, owing to the clash between the Huntington and anti-Huntington interests and in taking up the neutral portion he did and thereby pacifying the troubled waters he showed his shrewd, good sense for he not only avoided a conflict that might have led to his own undoing but aided instead of hampering the successful financial policy inaugurated by the president of the road He was careful and scrupulously attentive to the business at his command and he bore the respect and esteem of every official of the company from the highest to the lowest grade.

With the public Colonel Crocker was always popular The fact that he was a native son endeared him to the present generation and the old-timers liked him for his father's sake as well as his own. He was a liberal patron of the sciences, as witness his recently paying all the expenses of an astronomical expedition and he was as popular in social circles as he was respected in business life That he was a true Californian and had every confidence in the future of the State is shown by the fact that all the investment of his inheritance were made here. He was in every sense a representative man and that this was recognized, was proved by his being selected by the last Republican State Convention as a delegate to the national assembly. He will be long missed in the circles in which he moved and the State generally will deplore the passing of a good man

The favorable conference report on sugar is giving the brokers lots to do. The stock moved up 6⅝ points yesterday, reaching $1.42⅝, the highest in its history. Almost every security is on the upgrade as a result of the tariff legislation.

The New York Sun has gathered conclusive proof that the long predicted wave of prosperity has arrived. It prints dispatches from all over the country on the industrial and financial situation and in every instance the most favorable conditions are reported.

New York has taken up the health crusade that was started on this coast some months ago. Official surveillance is being rigidly kept over probable breeding places for disease and the germists have succeeded in passing a law preventing meat from being exposed for sale in public places on the ground that the dust may contaminate it with tubercular germs.

San Francisco is setting Oakland a good example in the line of sanitation. The Folsom street prison over there was recently reported as unwholesome and unfit for prisoners and it has been abandoned and a new jail is to go up. For the past six years Oakland's City Prison has been reported as unfit for human habitation but no steps are ever taken to remedy the evil.

If Joaquin Miller doesn't succeed in locating a good claim at Clondyke he ought to push on to the North Pole. That will give him lots of opportunities for notoriety.

FASHION'S FRIVOLITIES.

Ribbon belts made of two lengths of ribbon folded and crossed on the hips so that they form points back and front are a useful accessory of dress, since they are boned and hooked in front, and, consequently, are always in place.

If two pairs of shoes are kept in use together, wearing them alternately, the shoes will give more service and last longer than two pairs worn one after the other. Shoes, like many other things, become tired, and require an occasional rest to do good work.

The pinched bodice is a prevailing element of fashion, and the latest is the one which overhangs the belt in the back as well as the front. This whim is said to encourage the habit of tight lacing again, since the effect of having the waist small adds so much to the beauty of this particular mode

There has been a steady demand this season for fancy mohairs, and these the manufacturers have produced in a very attractive variety of patterns. Some of the designs have narrow stripes in open work effects, and these are made up over silk whose contrasting colors show effectively through the fancy meshes.

Girdles and belts, with sash ends all made of ribbon, costing from $5 to $15, are shown in the shops in great variety. Ruffles of lace edging, set on two or three inches apart, across the ends for the entire length, are one mode of decoration, others are of fancy striped ribbon, without the lace, arranged in deep jointed girdles, boned to keep them in place.

The latest sleeve is cut in one piece, small gigot shape. Two plaits are folded at the elbow on the under side, and the seam is arranged well under the arm, while plaits in front at the top thrown up a little fullness which forms the puff. Another fancy is a sleeve tucked on the entire length of the sleeve.

Frank Guild Arrested.

Frank Guild, a painter, living at 653 Seventh street this city, was arrested yesterday on a warrant sworn to by Mrs. C. H. Hawley of Napa. Guild has been painting the Napa Hotel, which is conducted by Mrs. Hawley. He was charged with defrauding Mrs Hawley of $9.50, which was due on a board bill. Guild claims that he left Napa only for a day, his intention being to return after securing some supplies in this city. The lady, he says, owes him $175 on the painting Guild was released last night on $50 bail furnished by C. M. Verrill.

Escaped From Agnews.

The police have been advised that Harry Nichols, an ex-convict, who was sent to Agnews Asylum from this city, has escaped from that institution.

FUN FOR SOLDIERS

The Boys in Blue by the Seashore Have Lively Times.

BRYAN IS IN THEIR RANKS.

He Is Court-Marshalled and Tossed in a Blanket.

OAKLANDERS AT SANTA CRUZ.

A Large Number Are on Hand by the Sad Sea Waves.

CAMP SHAFTER, Santa Cruz, Cal., July 19.—This morning at reveillie all the boys in blue coats turned out with alacrity to begin the first day of regular duty. Everybody seemed to be in good spirits as was amply attested by the way in which breakfast was attacked.

At 8 o'clock the entire regiment marched out to the field for drill.

Major John F. Hayes of Oakland took command of the first battalion The guardsmen were put through skirmish drill and for two hours the boys were kept at work in a lively manner The Oakland militia men and the members of G Company of Alameda performed the various evolutions in a very thorough manner.

The Fifth Regiment is composed of companies from Petaluma, Santa Rosa, Napa, and San Jose and as it can only get together once a year on the occasion of the annual encampment, brilliant work cannot be expected at first. Camp Shafter is a notable exception, however, and it is a source of much gratification to the regimental officers at the proficiency displayed in the various companies.

The present camp site seems to offer more advantages than old Tripe Hill, the Gettysburg of California

While at drill the warriors are kept in a cool condition by the balmy breezes which waft from the mighty ocean close at hand. With the aid of the large campaign hats now in use the boys will be better able to repulse the unerring aim of Old Sol.

The drummers of Company A, have one of the neatest tents in camp. They have tent No. 3 and the occupants are F. W. Peterson, James Burgener, L McKillican and last, but not least, the canary-voiced (?) Meyer Hermann The manipulators of the drums are hard worked men in camp, but nevertheless, they succeed in making fun for all in their immediate vicinity

Coporal Jumper of Company A has constructed a mammoth canvass to the sides of which are riveted great leather handles. The Corporal is pleased to term the affair a blanket

The principal use of the "blanket" is to toss up unsuspecting blue coats, which is generally done with a vengeance. The height to which some of the light weights are sent skyward is enough to class them as involuntary meteors.

Camp Shafter presents a very interesting place for the people of the seaside city. All day long visitors are moving up and down the various company streets. The brass buttons have won the hearts of the fair ones and the ordinary civilian finds out to his discomfort that he is not in demand.

Among the high privates of Company A is a hero named Bryan. He claims relationship to the silver orator and as a result, Bryan of Oakland is a most widely known man both in and out of camp. When off duty it has been the habit of this celebrated soldier to doff his uniform of uncertain fit and put on a civilian's suit of latest design

This morning after his customary change of clothes he was speedily arrested and dragged before a high court convened around the big brass drum. The judge, Sergeant Chas. Brier, after hearing testimony found the defendant guilty of bad conduct He thereupon sentenced the erring Bryan to be clothed in a bathing suit and to be most thoroughly tossed in the "blanket" That being over he was taken to the beach and rudely introduced to the brakers.

Tomorrow Captain Chas. Poulter of Company A will be officer of the day

Corporal Frank Moore and Musicians McKillican and Johnson of Company A give an entertainment at the beach tomorrow afternoon

The fourth division of the Naval Battalion, which is stationed in Santa Cruz, has a detail of men at Camp Shafter to fire their three-inch breech loading rifle

The firing takes place at reveille and at sun down

This morning Adjutant-General Barrett of the National Guard paid a visit to Camp Shafter He was accorded the salute of eleven guns

Sergeant Dickerson of Company A has a mascot in the shape of a thoroughbred canine. He has been christened "Tuberculosis" and answers all calls with a much alacrity as the men.

Mrs. Captain Poulter has come down from Oakland to join her husband, the popular commander of Company A.

Residents of Oakland enjoying life at Santa Cruz are Mr. and Mrs. J. Morse, Miss and Mrs. Muldoon, Wm. Neary, Dr O. D. Hamlin and J. J. Hanifin Jr, J. M. Sabin and A. H. Walker of the Southern Pacific.

JUMPED ON HIS FACE.

Ruffians Badly Maltreat Michael Donnelly in Pleasanton Last Night.

Michael Donnelly, Ex-Town Marshal of Pleasanton was jumped upon last evening and stamped into insensibility by a crowd of Portuguese. Donnelly had a disagreement with a contractor named Johnson and finally the two came to blows.

As they were fighting in front of a saloon, three men came out and pitched into Donnelly, who was badly battered by them before some citizens rushed up and frightened the assailants away.

No one knew the three men and Johnson and Donnelly are both mystified by the strange attack Donnelly is confined to his bed as a result of his injuries.

IN THE SUBURBS.

The Gold Fever Has Struck Berkeley's Classic Shades.

ALASKA'S TREASURES SOUGHT.

A Party of Young Men Ready to Seek Yukon Fields.

STABBED BY AN ANGRY CHINESE

An Alameda Lad Stepped on Him While He Slept.

BERKELEY, July 20.—The gold fever has struck the college town, and a party is now being organized to go to the Clondyke gold fields in search of fortunes.

Several University men are interested in the proposed expedition. Hansford Griffith, a graduate of the University of Virginia, and at present a student at Berkeley, is at the head of the scheme. He wants each member of the party to put up $500 to defray traveling expenses and to provide for a year's provisions and outfitting.

The party will go by way of Juneau and will leave as soon as the party is complete and transportation can be secured. The members will remain in Alaska two years, and during this time expect to amass a fortune.

Those who are strongly considering the proposition made by Griffith are J. C Berry of the tailoring firm of Milkeesen & Berry. Charles Graham and A. B Quackenbush, all of whom are well known in business.

All of those mentioned are young men and are accustomed to roughing it. Two of them will leave wives and families.

H T. Gilbert leaves today on the Walla Walla for the Treadwell mine.

Football Captain Haskell of the State University and his chum, Theodore Barnes, one of the University crack sprinters, are spending the summer at Alaska and are said to be inoculated with the gold fever and their return is doubtful.

T. B. Weller of Mariposa, St. Louis, is lying dangerously ill at his home. He was stricken with paralysis Sunday morning and his right side is perfectly helpless, nor is he able to articulate. As he is 76 years of age, the attending physicians declare that there is no hope of recovery.

Weller is a former associate of C. P. Huntington and the late Senator Stanford in railroad enterprises. A native of Ohio, he came to California in 1879 and engaged in mining. Later he went into the mercantile business at Sacramento, Coloma and Truckee, and made and lost several fortunes.

Harry Santon fell out of a tall tree at Onuda Park yesterday and nearly killed himself. A wire broke his fall and thus saved him. His shoulder and wrist were broken and his face badly mangled Santon is the 18-year-old nephew of General Theodore Wagner.

The foundation for the new psychological laboratory at the State University has been laid and work on the superstructure commenced The building will be constructed in the Grecian style and will cost about $9,000. There are to be two stories and a basement to the building, which will contain thirteen rooms. On the first floor will be a large lecture room, two class rooms and a library On the floor above will be chambers for experimental work in psychology. There will be, among others, a "silent room," a research room, an apparatus room, a demonstration hall, workshop, study and registration room.

There is a proposal on foot to move the Town Hall from West Berkeley to East Berkeley. The town officials are in favor of the move, if the expense of moving can be met by private subscription The cost of moving and laying new foundations would be about $500 and the town would save considerably by the change as East Berkeley officials could then have offices in the Town Hall and there would be no rent to be paid.

ALAMEDA NEWS.

ALAMEDA, July 20.—Dr. Thomas Carpenter has just returned from an inspection tour of the dairies in Livermore Valley. He was accompanied by Rowley Houston of the General Houston Rancho near Mills College The two men traveled 175 miles in a week, and inspected 2,000 cows. Dr. Carpenter is well satisfied with the results of his trip, finding the cattle in an excellent condition.

In fact, with the exception of the elderly Franz Josef of Austria and Leopold II of Belgium, all the other royal rulers of the continent are the Prince of Wales' juniors in years. Even King Umberto of Italy is nearly three years younger. Emperor Wilhelm II of Germany is more than seventeen years younger than Albert Erward, and Czar Nicholas II more than twenty-seven years younger. The Prince of Wales was 7 years old when Josef was crowned, 24 when Leopold ascended the throne, 37 when Umberto became King, nearly 47 when the young German Kaiser began his rule, and 53 when the youthful Czar was proclaimed autocrat of all the Russias.

TO CALL A ROOSTER AN EAGLE

Does not make him one. To claim a dollar article is worth two dollars, does not make it so. Many merchants exaggerate the value of an advertised article in order to make it appear a bargain when offered for its probable worth. We never mis-state the value nor misrepresent the quality of anything we advertise. The items mentioned here are real bargains and worth every cent we claim.

ALL WANT M'KINLEY.

Organized Efforts Being Made to Secure a Visit From the President.

California is now imbued with the desire to have President McKinley make a visit to this coast. A largely-attended meeting, presided over by Mayor Phelan was held last night in San Francisco and the following resolution was passed:

"Resolved, That in addition to the general invitation to be extended to President McKinley by the central citizens' committee already existing to visit San Francisco and the Pacific Coast the following named organizations of San Francisco be requested to extend individual invitations to the President to make such visit as supplemented to the invitation of said committee, to wit: The Grand Army of the Republic, the Chamber of Commerce, Board of Trade, Board of Supervisors and the various labor organizations.

"Resolved, That the citizens of San Francisco, in mass meeting assembled, hereby pledge their support and cordial co-operation with the general committee now working to induce the President to visit this city, and we heartily approve of the action of the committee in inviting the President to come to San Francisco, and we congratulate the officers and members of the committee on invitation upon the energy, foresight and public interest manifested by them."

The Oakland Exposition was also included in the list of organizations.

THE GRADY AT SEA.

First Sternwheeler to Make a Trip Out in the Pacific Ocean.

The stern-wheeler H. C. Grady is now on her way from Astoria to Oakland and opinion is about equally divided as to her chances of ever arriving.

The Grady crossed the bar at Astoria last Saturday morning and should, if all goes well, arrive here tomorrow. While passing the lightship near the bar the steamer rolled very heavily and took several big seas on board, but she steamed away to the south, making good speed and has not been reported en route.

This is the first steamer with a stern wheel that has ever essayed to make a trip on the Pacific ocean and as the Grady is fifteen years old the risk is great. The steamer is 244 tons burden and after her arrival she will be put on the Sacramento river produce trade.

The Murphy Will.

Victor H. Metcalf has filed an objection to the protest of the will of the late Mary M. Isabella Murphy, which purports to bequeath the fortune of the deceased to Rev. Mr. Smullen. Mr. Metcalf says the document cannot be considered by this court, as it has not been filed here but is still in England. As a matter of precaution, however, he avers that he must be appointed executor under the will, if it be admitted to probate, as he is therein nominated to that position.

THE WORK IS DONE

Supervisors Have at Length Finished Equalizing Assessments.

THE LAST PROLONGED SESSION

Nearly One Hundred Cases Carefully Inquired Into.

MUCH LABOR FOR THE CLERK.

Applications Denied After Very Much Careful Consideration.

The County Board of Equalization brought its labors to a close last night at 11:30 o'clock after an almost continuous session yesterday, of twelve hours.

The Board has been theoretically in session since the 6th of this month, but it has been actively engaged in the work prescribed for it by the statutes for the past two weeks.

The work accomplished in that time was, by, far, the most burdensome ever accomplished by a Board of the same kind in this county.

It considered nearly one hundred applications for the reduction of assessments and in every instance, went conscientiously into the merits of the case. Books were delved into, testimony was taken and, in fact, everything was done which would enable the members to act in an intelligent and legal manner.

As a consequence, the minutes of the proceedings which were recorded in a most capable and accurate manner by County Clerk Jordan, covered more than a hundred pages of closely written matter.

Thousands of motions were made and to every one of them, with the names of the members of the Board who voted for or against them, the attention due it was given by Mr. Jordan

The Board saw fit to make a number of reductions and at the same time to deny the application of some petitioners. They differed no less radically from taxpayers at times than they did with Mr. Dalton.

They are all glad that they have got through their work and will now take a rest to which their efforts entitle them.

The Closing Work.

After the close of the Tribune's report of the Board of Equalization yesterday afternoon, the first franchise acted on was that for electric lighting which had been assessed at $75,000. Mr. Britton thought that $40,000 would be a fare valuation of the franchise.

Mr. Church moved that the amount be reduced from $75,000 to $65,000. The motion was seconded by Mr. Wells and prevailed by the votes of Messrs. Church, Mitchell and Wells, Roeth and Talcott voting in the negative.

In answer to a number of questions, Mr. Britton said that any persons so disposed, under the Constitution, could lay pipes to supply gas in Oakland for that it could not be done in the matter of electric lighting. Before a company could occupy the streets for the purpose of giving electric lighting a franchise from the Council would have to be obtained.

The assessed valuation of the Company's plant, he said, was $100,000, and to that no exception was taken The request made as regards the franchises was the first made by the company in years. There had been 50,000 shares of stock issued and the market value per share was $53.

Mr. Church moved to deny the application of the Alameda Water Company.

In supporting Mr. Church's motion, Mr. Mitchell said that, on the showing made by the Assessor, the company had sworn to a valuation of $883,000 before the trustees of Berkeley and he would vote in favor of the motion because the assessment showed less than $200,000.

The total assessment was $2,29,975 and the Company wanted the same reduced to $82,112.

CENTRAL CONSOLIDATED ROAD.

Receiver Rudolph of the Central Consolidated road testified that nobody had obtained any money out of the road except himself and out of 10,000 shares there were 4,375 shares held by stockholders, the owners of the others having quit paying assessments. The last assessment was $2.50 per share. The witness said that the company did not pay expenses last year. Its receipts were $27,763 and the expenditures were $21,-187.34, and beside this outlay, there were interest and overdrafts of more than $1,000, making the loss for the year something over $500

The application for the reduction on the assessment of the road from Twelfth and Broadway, from $10,000 to $8,500 was denied.

The application for the reduction on the Sixteenth street line from $2,325 to $175 was also denied.

The assessment of the cars was reduced from $5 500 to $1,500

The application for reduction of the franchise from $10,000 to $5,000 was denied.

The Highland Park Road was next acted on.

The assessment on the line from Eleventh street and Broadway was reduced to $1,700 on motion of Mr. Mitchell and the votes of Church, Mitchell and Talcott.

The value of the franchise on the same line from $5,000 was reduced to $2,500 instead of $10 by the vote of the same Supervisors.

The reduction of the assessment of the line in Fruitvale from $6,750 to $1,-000 was denied, on motion of Supervisor Roeth.

The Hopkins street assessment was reduced from $2,250 to $1,600 on the vote of Messrs. Church, Mitchell and Talcott.

Another franchise near Hopkins street was reduced from $1,500 to $750 on motion of Supervisor Mitchell. The original request had been for a reduction to $10.

The franchise on the same street which was sought to be reduced from $500 to $10 was allowed to stand, Talcott's being the only vote in the negative.

The application of J. Wahlfrom for a reduction in block 170 was denied.

The application of S. H. Morse was granted to the extent of $150, the assessment was $2,250 and Morse wanted it reduced to $750.

Dr. Burchard wanted the valuation of the Oakland General Hospital reduced from $8 000 to $6,000. The valuation of the improvements was reduced from $2,000 to $1,500.

Joseph Harris asked for a reduction on lots 24, 25, 26, and 27, block 170, from $6,000 to $5,000 The motion was denied.

The First Hebrew Congregation asked, through Joseph Harris, for a reduction of its property at Twelfth and Castro streets from $10,150 to $7,000. Mr. Dalton said that there had been a mistake of $1,000 in computing the total. The assessment was reduced to $8,000.

Jacob Hoeck's request was for a reduction from $1,500 to $900 on property on Railroad avenue. On motion of Mr. Roeth the sum was reduced to $1,200.

Mr. J. Kerwin asked for a reduction of the assessment on C. J. Mathew's property, near Fitchburg. The tract contains 230 acres

Another request by Kerwin for Kate A. Mathews covered an assessment of $24,900 which he wished reduced to $15,-000. The property adjoins the property of P. J. Mathews.

Still another request by the same person, in favor of Sarah A. Mathews in Eden Township, was made on property assessed at $86,000, which it was claimed was worth only $25 000. The tract comprised 127 acres.

These three applications were taken under advisement.

The Alice Kerwin application was then taken up. The property was assessed at $1,250 and was worth only $500. There were sixteen acres in the tract.

Another tract belonging to Alice Kerwin, it was also claimed, was erroneously assessed at $2,350 when it was worth only $1,800.

All the Kerwin and Mathews applications were denied.

The request of W. J. Taylor for a reduction of the assessment from $9,450 to $8,109 on lots in Vernon tract was denied.

SESSION'S BASIN.

The assessment of the Session's Basin property the contract for the purchase of which is held by the California Improvement Company, was reduced from $68,800 to $50,000.

The assessment of $4,000 on a house of F. G. Eastman, New Brodway and Booth street was reduced to $2,250.

The assessment against H. C. Alexander on a stock of shoes for $3,000 was reduced to $1 because it was a double assessment.

At 5:40 P. M. o'clock the Board took a recess until 9 o'clock last night.

THE FINALE.

At the night session, all the members were present.

Clerk Jordan read the minutes of the day's session, which were approved.

The application of John Hampton was denied because of the non-appearance of the applicant.

The same disposition, and for the same reason, was made of the application of A. J. Mills.

Supervisor Church then said, in a pleasant manner, that the senior member of the Board, (Mr. Wells), had requested the other members of the Board to retain their seats during the session of the Board, stating that they would thus expedite the transaction of business. He further said that the senior member was the only one who had lived up the idea and he (Church) moved that a vote of thanks be tendered to Mr. Wells.

Mr Wells said he objected to the motion because as he had only done his duty he didn't think he deserved thanks from his associates. Those other men, he said, (pleasantly) had not done their duty by not keeping their seats and, therefore, he did not think that they were deserving of thanks.

These remarks caused quite a hearty laugh among those present.

The vote of thanks, however, were extended unanimously to Mr. Wells.

A vote of thanks suggested by Mr. Wells was then tendered to Mr. District Attorney Snook for his attention at the meetings and at the assistance which he had rendered the members

THE MILITARY ROLL.

A resolution was then introduced to the effect that the military roll had been examined by the Board and that it appeared to be correct.

Mr. Roeth wanted to know whether or not it was expected that the Board should examine the roll. He said, in looking through it, he had found some duplicate names.

Mr. Talcott said he would like to hear from the District Attorney on the subject.

Mr. Church said if it was desired to have the names on the roll checked off, it would be well to allow the Clerk to hire a man to perform the work.

District Attorney Snook then gave his opinion that the roll was to be corrected at the same time and manner that the assessment was equalized.

That settled the matter, so far as the Supervisors were concerned and the resolution was unanimously adopted.

A vote of thanks for his efficient work was then extended to County Clerk Jordan.

The Board then on motion of Supervisor Church adjourned sine die.

M'LEAN ON FILE.

Alameda's Health Officer Writes a Long Letter to Alger.

Dr. J. T. McLean has sent one more volume to Washington to be added to the mass of archives in re the tidal canal and harbor that is now on the shelves of the War Department.

Alameda's health officer reiterates all his old arguments and sends Secretary Alger a maze of figures that are intended to show that Dr. McLean knows a great deal more about dredging than the government engineers. The doctor does not refer to his agreement with this city or to his pledges to act in harmony with Oakland, but goes over the old ground, in the same old dog-in-the-manger style that has characterized his actions for three years. It is presumed that the War Department will carry out its plans as proposed by its competent engineers and that Dr. McLean's petition will be placed on file.

FOUND IN A CONVENT.

Roy Torres' Bride Was Spirited Away by Her Mother.

After months of fruitless searching, Roy Torres has at last succeeded in finding his bride, whom he married last May against the strong opposition of the girl's parents. Mrs. Lewis was formerly a Miss McCord of Fruitvale.

While riding down Broadway one day, they were seen by the girl's parents. A scene ensued finally resulting in a compromise by which the girl was to go East, to be joined by her husband later.

They never met, however, and it is said that the girl's parents placed her in an Eastern convent.

A few weeks ago, it is said, she escaped and is now on her way to Oakland and is expected to arrive today or tomorrow.

ANTI-SALOON WORK.

Rev. E S. Chapman Will Probably Be Elected for State President.

The Anti-Saloon League of the State held a breakfast in San Francisco yesterday and afterward transacted some executive work. Rev. R. Whitaker of Fruitvale, Rev. Dr. E. S. Chapman of Oakland, Rev. F. D. Bovard of Alameda and Dr. Hill of this city, were present and it was decided to thoroughly organize the work in this State. It was agreed to appoint Mr. Robinson of Michigan to field work in this State. It is believed that Dr. Chapman of this city will be selected for the office of State Superintendent.

MUST CUT EXPENSES

Mrs. Mamie Bacon Can Live on Her Monthly Legal Allowance.

JUDGE ELLSWORTH'S DECISION

Instructs the Lady to Limit Her Expenditures to Her Income.

WANTED A LOT OF DEBTS PAID

Two Hundred and Fifty Dollars Considered a Good Allowance.

Mrs. Mamie C. Bacon stands a poor show to pay her outstanding debts through an order of the court compelling her husband to give her money for this purpose. Judge Ellsworth believes that with economy she can live on $250 a month until her suit for maintenance is settled.

When the case was called in Judge Ellsworth's Court this morning Mrs. Bacon and her pretty young daughter both modestly clad, occupied seats near Attorney Scrivner who has charge of the plaintiff's interests.

Frank Bacon was seated facing his wife who claims to be deserted and was an attentive listener to all the testimony. Attorneys Don Campbell and Percy looked after his interests.

Attorney Scrivner made a motion to have the monthly alimony augmented by the sum of $559.15 for the payment of unpaid debts.

To support her claim for the additional money, an affidavit from the plaintiff was introduced.

Mrs. Bacon's affidavit was a lengthy one and embodied many figures of household expenditures. She stated that when the defendant deserted her there was a number of outstanding debts among the tradesmen and that when the allowance of $250 per month was made she was already several hundred dollars in debt. She used the legacy left her by her father-in-law, amounting to $1,671 to pay debts but there were still many bills unpaid She frequently sold her jewelry and other articles in order to pay for the necessities of life. The first money paid by the defendant under order of the court was used to pay the old bills She owed bills for medical attendance, for drugs, books, lessons for her children, for coal, for nursing, for dentistry, for plumbing, for vegetables, for laundry and for a hundred and one other things.

Mrs. Bacon went on to state that the defendant had often threatened to put her and her children into the street and annoyed her continually by having spys watch her and creditors annoy her with bills. She declared that she had to move from the Bacon homestead in Alameda to a smaller rented house to save expenses. The moving expenses she asks to have paid. Her three household servants were discharged, only the cook being retained and Mrs. Bacon herself attended to minor household duties.

In his answer the defendant denies all the charges of the plaintiff. He declares that he did not abandon her during October, November and December 1894 and in fact he paid out $290, $432.20 and $315 during these three months to the plaintiff. He declares he separated from his family July 22, 1895 and that from January, 1895 to July, 1897, he paid $8,471 66 for the support of the plaintiff and his children. During this time he was sued for $3,398.76 by various persons who claimed that they had furnished this amount in necessaries for the plaintiff.

Bacon denied emphatically that he had caused any creditors to bring suit against the plaintiff or that he has any desire to harass her. He declares that Mrs. Bacon deserted the Bacon home in Alameda and moved into a rented house merely for the purpose of annoying him.

Bacon estimates that his property is worth $25,000 but that at present it yields no income and that he has been compelled to borrow $250 every month from his mother and is now indebted to the latter for $8,000.

Judge Ellsworth ruled on the motion and his ruling was a rude shock to the plaintiff.

"If the court grants this amount to the plaintiff," said his honor, "she will continue to run behind in her accounts and will contract debts. There is reason to fear that she will go indefinitely on contracting debts. She must get along on $250 per month until the suit is settled. She can economize.

Mrs. Mamie Bacon was then put on the witness stand and testified concerning household expenses, repeating much of the testimony that her affidavit contained. She withdrew her claim for furniture expenses and then went on to state the expenses contingent upon the renovating, cleaning and repairing the house and yard of the Alameda home. She stated that Bacon had told her that he would like the children educated in the East as he had money enough to afford to send them there.

On cross examination it was shown that the late H. D. Bacon gave her $250 a month for household expenses during her husband's absence.

Attorney Scrivner offered as evidence the records of the probating of the estate of the late H. D. Bacon in order to show the defendant's ability to pay the plaintiff's expenses.

Attorney Percy for the defendant stated that the latter's property consisted of one-sixth of the Bacon Land Company and would file an inventory of this property.

Before the question of property was settled between the attorneys, an adjournment was taken until 2 P. M.

IN HIGH SOCIETY.

When the Bacon suit was called this afternoon, Attorney Scrivner announced that he would call witness to prove that the Bacons moved in the highest class of society.

"We admit that," murmured Attorney Percy.

"What do you mean by the 'highest class of society?'" queried Judge Ellsworth. "Some people think the Methodists are the highest and others think something else."

Attorney Percy explained that in this case the highest circle referred to Oakland's wealthy and exclusive set. Attorney Scrivner wanted to show by this the style of life H. D. Bacon and family were accustomed to but Attorney Percy objected on the grounds that it was irrelevant and the court sustained the objection. Attorney Scrivner tried to introduce some more testimony regarding the social status of the H. D. Bacons but Judge Ellsworth waived it aside.

Frank Bacon was then placed upon the stand by Attorney Scrivner who questioned him concerning his property. Bacon testified that he had made a true inventory of his property. He also said that he was acquainted with the terms of the distribution of his father's estate.

An interruption occurred here by Attorney Campbell asking if it was agreed that the ladies of the Bacon family were not to be placed in the stand.

"No such agreement has been entered into," said Scrivner, "nor will I state that I will not call upon the ladies to testify."

"Do you own an undivided one-sixth interest in the Bacon Land & Loan Company, Mr. Bacon, continued Scrivner addressing the witness.

"We object, the inventory shows all that" said Percy.

After some more wrangling, Attorney Scrivner offered the inventory of the appraisers of the estate as evidence of valuation. Attorney Percy objected on the grounds that the inventory was merely the declaration of certain men of the value of the property as they were not under oath when they made the declaration.

The inventory was made nearly four years ago. This was one of the reasons that induced Judge Ellsworth to refuse to accept the inventory as evidence and to sustain Attorney Percy's objections.

ORDINANCES ARE FAULTY

The Tuberculin Test Rejected by the City Council.

DISCRIMINATION IS CHARGED.

"All Board of Health and No Dairyman," Says Brosnahan.

HIGH HATS AND SCAVENGERS.

Both Are Relegated to the Days of Lesser Oakland.

The milk ordinance, over which there has been so much controversy in both the Board of Health and in the Council, was killed last evening by being indefinitely postponed in the Council.

There were several things said which were not entirely complimentary to the Board of Health during the discussion of the measure.

When the measure was read Mr. Cuvellier moved that the matter be referred back to the committee. He said that the tuberculin test was a beautiful thing and that it was a great thing for the health of the community, but he thought there was a little joker in the ordinance which was not entirely beautiful. He did not believe in taxing a single wagon $10 and adding a $6 tax for every additional wagon That would work a hardship, he said. And where a poor woman owned a cow and peddled milk by hand in her neighborhood it was an outrage to tax her $1 for each cow It was likewise wrong and unjust to charge the bakeries and such places where milk was kept, $4 a year tax.

The charge of $1 a head for cows tested with tuberculin was another thing that far from suited Mr. Cuvellier. He reminded the Council that the meat, market and milk inspector received $100 a month anyway, and he thought the $1 a little steep.

"I was talking to a member of the Board of Health the other day," said Mr. Cuvellier, "and he said that the inspector had to pay the expressage on the tuberculin. I wonder if he gets it by the ton.

"This means $4,000 a year to the inspector. Suppose, now, that Alameda and Berkeley should pass similar ordinances. A dairy man might be compelled to have his cows tested three times before he could peddle milk in the cities.

"This all comes from the rapid committee meetings we have. If needs be, we should spend a whole evening on this matter in committee. I think that not more than one or two committees should meet in a night. I have been elected as Councilman now and I am going to make the best of it. As long as I have the job I am willing to come here four or five times a week. It is not right to ask the clerks to come here every night, of course, but we can appoint a committee clerk—create the position."

Mr. Brosnahan wanted the ordinance indefinitely postponed.

"I believe the tuberculin test is a good thing," said he, "but I don't think this ordinance is a very good one. I have seen several milkmen and they are all in favor of the tuberculin test, but they don't like this ordinance. It's all Board of Health and no dairyman. If any man on God's earth earns his money it is the dairyman.

"Now, nothing is said in that ordinance about creameries. They haven't taken creameries into account. It seems to me that the creamery men are all in favor of the ordinance. You see, if the milk can't be peddled on the streets the chances are that the creamery man can get it cheaper.

"Probably the Board of Health didn't think of a small matter like this. The chances are they don't eat any butter. It doesn't make [illegible] whether I eat my tuberculosis in butter or drink it in milk."

Mr. Henneberry said that when the Board of Health brought a common sense ordinance it might be passed. He seconded Mr. Brosnahan's motion to indefinitely postpone the matter.

Mr. Upton also spoke in favor of an indefinite postponement.

Then Mr. Watkinson had something to say on the subject. He said that if you vaccinated a child every month he would be sick all the time and not have smallpox either. That is what they intended doing with the cows.

"San Francisco, Berkeley and the whole shooting match are going after the cows and they are trying to do it here," said he. "For my part, I will say that I saw a cow killed and her heart and lungs were in fine condition. I heard later, however, that she had tuberculosis."

Mr. Cuvellier then withdrew his motion to refer back and the ordinance was indefinitely postponed by a unanimous vote.

The ordinance giving the inspector a fee of $1 for every cow inspected suffered a like fate.

HIGH HATS

Mr. Watkinson's ordinance prohibiting the wearing of high hats in theaters was finally passed.

The amendment to the ordinance giving the Oakland Crematory and Odorless Reduction Works the exclusive right to gather and dispose of garbage in the city limits was again discussed.

Attorney C G. Dodge spoke against the amendment, which provides a fine by others for gathering the garbage, a provision which was left out of the original ordinance. Mr. Dodge held that the ordinance created a monopoly and was therefore unconstitutional.

Mr. Spear appeared for the county and said that the passage of the amendment would give the courts a chance to decide on the constitutionality of the ordinance.

The ordinance was passed by the following vote:

Ayes—Brosnahan, Cuvellier, Earl, Heitmann, Henneberry, Rowe, Watkinson—7.

Noes—Upton—1.

Absent—Fibush, Girard, Pringle—3.

The matter of recurbing and remacadamizing Fourteenth street from Myrtle to Peralta was referred back to the street committee. Mr. Cuvellier spoke in favor of the action and read the following letter from Albert Miller:

"SAN FFRANCISCO, July 12, 1897.

"E. C. Cuvellier, Esq.—Dear Sir: I understand that some members of the City Council propose to order the curb on Fourteenth street, from Myrtle street westwardly, reset, and that this would practically mean not only a new curb, but also macadamizing four feet [illegible] walk would be eventually reduced to fourteen feet, I have laid my cement sidewalk with reference to that width, but it is, in my opinion, a hardship upon me and the other property owners to subject them to that extra expense at the present time.

"That the times are hard generally, and especially for real estate owners, must be well known to you, and you would therefore much oblige me by presenting this view to the Council and endeavoring to have said action postponed till a more prosperous time.

"As you are residing near Fourteenth street, you are well acquainted with the conditions of Fourteenth street and I suppose that you will snare the views of properly owners, that with redressing between the present curbs the street will be in a satisfactory condition and together with Sixteenth street amply sufficient for the present traffic. Yours very truly.

"ALBERT MILLER."

C. Krister put in a bill for $6 65 for assisting in the city clerk's office on the 14th and 15th of June. Referred to Finance Committee.

With the coming of night women are careful to bar the doors of their homes against the intrusion of robbers and assassins. There are more dangerous enemies than either the burglar or murderer against which few women take proper precautions. A woman may own the most magnificent jewels and the costliest plate, but after all is said and done, her health is her most precious possession.

It is this that she fails to guard against the dangers of weakness and disease of the distinctly womanly organism. Nearly every complaint from which women suffer has its inception in troubles of this nature, and is continually aggravated by them.

An unfailing remedy for all weakness and disease of the organs distinctly feminine, and the multitude of ills that follow in this train is found in Dr. Pierce's Favorite Prescription. It acts directly on these organs and makes them strong and healthy. It prepares for happy, healthy wifehood and capable, almost painless motherhood. Over 90,000 women have testified to its wonderful merits. No honest druggist will offer something else as "just as good."

"While I was living at Eagle Rock, Botetourt Co., Va.," writes Miss G. A. Connor of Alleghany Spring, Montgomery Co., Va., "a lady friend came to me and said. 'My daughter, aged 15 years, has repeated hemorrhages at the nose, and she has never the necessary indispositions of womanhood.' I advised her to get Dr Pierce's Favorite Prescription. The lady purchased one bottle and it cured her daughter. She was well and happy when I left there."

Dr. Pierce's Common Sense Medical Adviser is a physician that is always in the house, ready to give advice and assistance any moment, day or night It contains 1,008 pages, 500 illustrations and several chapters devoted to the reproductive physiology of women. BROKE UP THE ASSOCIATION.

National Jewelers Fail to Hold Their Annual Convention.

A New Organization Springs From the Ashes of the Old One.

By Associated Press to The Tribune.

DETROIT, Mich., July 20.—After an existence of five years, the National Retail Jewelers' Association ended its career today. The fifth convention of the organization began in the Hotel Cadillac yesterday. Today twenty-two delegates from several States were on hand, but neither the president, Richard O'Neill, of Lincoln, Nebraska, nor the secretary, F. O. Hannis, of York, Nebraska, appeared and neither sent his address or report.

There was a warm executive session, during which it was charged that the non-appearance of the officers was chargeable to the influence of the manufacturers and jobbers The Missouri delegation, which represents a strong State organization, formally resigned and this precipitated a wind-up of the association.

The meeting at once took steps to form a new organization of the same name, except that the word "retail" is eliminated. The jobbers and manufacturers will be asked to join.

Officers were elected as follows: President, Richard Pinkstone, Philadelphia; vice-president, D. A. Curtis, Knoxville, Ia.; secretary, Chas. H. Hamer, Philadelphia; treasurer, Asa Collier.

A committee was appointed to draft a constitution and report at a meeting to be called later. The point of difference between the jewelry men has been over rebates allowed the jobbr by the manufacturer.

TRIED HARD TO DIE

A Crazy Man Cuts His Throat and Jumps From a Train.

By Associated Press to The Tribune.

ST. PAUL, July 20—A Missoula, Mont., special to the Dispatch says:

M Cary, an east-bound Northern Pacific passenger from San Francisco to Butte, Mont., went insane while the train was crossing the Flathead Indain reservation.

Before several passengers he cut his throat from ear to ear. This seemed to make him a raving maniac. With his knife he slashed his head right and left. Then he plunged the knife into his breast and jumped off the train which was running at full speed.

The train was stopped and Cary was picked up bleeding from wounds from his own hands and from additional cuts and bruises by the fall from the train.

He fought like a demon, but was finally lodged in the baggage car, where a physician aboard bandaged his wounds, only to have the bandages torn off.

Arriving at Missoula he was taken to St. Patrick's Hospital.

Owing to the terrible cuts about his neck it was unsafe to administed chloroform and the county physician was compelled to sew up the cuts while Cary was held down by a number of men, making a revolting spectacle.

Cary is still alive and is bound in irons.

WELDON'S TRIAL.

By Associated Press to The Tribune.

SAN FRANCISCO, July 20.—O. M. Welborn, the deposed Collector of Internal Revenue, again appeared before Commissioner Hoadcock for examination upon the second of the many counts of embezzlement against him, but the proceedings were simply a repetition of those of yesterday, except that another salary check was offered in evidence.

City Officials Return

City Attorney Dow and Superintendent of Streets Miller have just returned from a week's outing in Mendocino and Humboldt Counties.

They intended to be gone several days longer, but changed their minds. They report having had some excellent hunting and fishing.

Death of Chester Johnson.

The inquest on the remains of little Wilhelm Hansen who was run over and killed by a sprinkling wagon yesterday, will be held at 8 o'clock this evening.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A Stranger Induces Her to Part With Ten Dollars in Gold.

Mrs. De Lon of 831 Harrison street is mourning the loss of $10 which was buncoed from her in a rather odd manner.

Yesterday a man called at her house and engaged a room and board for his little boy, whose mother, he said, had recently died The man said his name was Davis and that he was an engineer on the narrow guage railroad.

As he was about to leave he stated that his baggage was at the narrow guage depot and borrowed $10 from his prospective landlady.

Mrs. De Lon has seen neither Davis nor the money since. She has furnished an accurate description of the man and the police think they can easily apprehend him.

Will Try to Collect.

City Attorney Dow will begin suit immediately to collect the taxes on the Seventh street local road. When the road was first assessed by County Assessor Dalton, City Assessor Snow also placed the road on the assesment rolls, but as it was not collected Mr. Snow has not assessed it since. The reason of this is that the matter had not been decided in the courts and Mr. Snow did not wish to complicate matters by having the books show an amount which was not in the treasury.

The Craven Case.

By Associated Press to The Tribune.

SAN FRANCISCO, July 20.—When the Angus-Craven case was taken up again this morning, Mrs. Craven was further examined by Attorney Wheeler, but after many legal arguments as to the admissibility of the evidence sought to be introduced, she was excused, and Theodore Kytka, the expert, was called for the purpose of identifying an opal print of the certificate attached to the Sansome street deed in controversy.

A Delinquent Sale.

Superintendent of Streets Miller conducted the delinquent sale of the property assessed in the opening of Cemetery Creek avenue. This morning he was enjoined from selling the Dingee, Henshaw and Union Saving Bank properties. The whole property was assessed at $9,450. Of this $8,000 was collected and the sale this morning netted $415.09.

PRINCIPALS ASSIGNED

Heads of Departments Chosen by the Board of Education.

MISS WERTZ WINS HER FIGHT

She Will Preside Over High School Mathematics Hereafter.

CHANGE OF MEETING NIGHTS

Owing to Alterations in Rooms Sessions Will Be Held Thursdays.

The Board of Education held its regular meeting last evening. Directors Todd, Knox, Clement, Powell, Rutherford, Russ, Redington, Evans, Ingler, Gray and Wilcox were present.

Chairman Redington of the Committee on Rules and Regulations reported that the committee endorsed the following amendment to the rules proposed by Director Powell:

"Principals shall report to the Superintendent at least ten days before the end of each quarter upon a blank form to be provided by the Superintendent, as to the efficiency as an instructor of each teacher under him, the order and attention maintained in each class and the condition of each class room. A single neglect of any principal in the department to make such report shall subject such principal to suspension."

The report was adopted by a unanimous vote.

The Committee on Classification recommended the following named teachers for assignment as principals of the following schools: Central school, P. M. Fisher; Clawson school, Julia E. Colby; Cole school, G. W. Frick; Durant school, S. G. S. Dunbar; Franklin school, J. F. Chandler; Garfield school, Ellen Gibbs; Grant school, Elizabeth Powell; Grove school, Mrs. N. D. Standeford; Harrison school, Miss H. M. Mullen; Lafayette school, Miss A. F. Aldrich; Lincoln school, T. O. Crawford; Prescott school, C. F. Gulick; Swett school, J. H. Sumner; Tompkins school, C. E. Markham; Central evening school, C. E. Merwin.

The committee further recommended that all teachers employed in the department last year and regularly assigned should report at the same school at the opening term. Both reports were adopted.

Chairman Gray of the Classification Committee reported on the assignment of new teachers. The report occasioned considerable discussion, as Secretary McClymonds declared that more teachers were assigned than there were vacancies. The committee's report assigned three permanent teachers and five teachers for six months.

Secretary McClymonds stated that there were only two vacancies among the regular teachers. If more were assigned when Miss Elizabeth Sherman returned from Europe, there would be two permanent teachers for one place, as Miss Marshall, who filled Miss Sherman's place, was also a permanent teacher. It was finally decided to leave the entire matter to the Classification Committee, so as to straighten out Gray's ideas.

Chairman Powell of the Judiciary Committee made the following report:

"In the matter of uniting Oakland and Emeryville school districts, your committee respectfully report that while the law permits two or more school districts lying contiguous to be united, it does not appear to have been contemplated that two municipalities could be so united. We can find no provision directing which School Board should assume the management of the district so united. The committee recommends that no steps be taken at present to unite the two districts, and that the matter of accommodating children from Emeryville at the Bay school, and from Oakland at the Emeryville school, be referred to the Classification Committee and the Superintendent with power to act."

The report was adopted by a unanimous vote.

Gray of the Classification Committee recommended that several books of volume 4 "Hearts of Oak" series be purchased for use in the department. The recommendation was adopted.

H. K. Snow, secretary of the Health Department, called the attention of the Board to the unsanitary condition of the Prescott, Durant and Clawson schools, and in the annexed districts, the Peralta and Temescal schools. The communication was referred to the Committee on School Houses and Sites.

W. H. Fair of the Fire Department asked to be allowed to use the Durant school gas engine and to repair it.

Director Powell moved that the request be granted, and Director Knox seconded the motion.

"I don't believe we ought to let them use our engines," said Director Clement. "The Fire Department will use the engines, and will thus be economical at our expense. I think we ought to sell the engines."

Director Powell said it was all for the city, anyway, and that the Directors were as interested in economizing the city's expenditures as any one. Secretary McClymonds stated that the engines were merely wearing out with rust now. The motion was carried with only one dissenting vote, and that from Director Clement.

George H. Carleton, Superintendent of the Fire Alarm and Police Telegraph Department, requested to be permitted to remove the gas engine in the Harrison school to the repair shop of the company. The request was granted.

Misses L. E. Bentley and F. C. Sutherland, who are now at Monroe, Wis., asked that their leave of absence be extended six months from July 1st. The request was granted.

Mrs. Bertha C. Said of Golden Gate filed an application for a position in the department.

The following teachers filed notice that they would take advantage of the teachers' annuity act: E. L. Thompson, Clara L. Abbott, Annie M. Johnson, Mrs. H. B. Shorkey, Florence E. Branch.

George Hall resigned as assistant janitor of the High school. His resignation was accepted.

Morgan's plans for the closet system of the Prescott school were adopted.

The repairing of the cement walk on the Fifteenth street side of the Franklin school was requested by Director Evans, who said that the work had been done so poorly in the first place that he hoped the Board of Public Works would never make another contract with the same company. The request was referred to the Committee on School Houses and Sites with power.

The question of what salaries the teachers in the newly elected district should receive occasioned considerable discussion. There is considerable discrepancy in the salaries given, and the salaries are much lower than in Oakland. It was finally decided to let the matter drop for the present.

The special committee appointed to meet with a committee from the City Council in regard to a proposed change of rooms, favored the surrender of the present room to the City Engineer, the Board to meet in the Council chamber. The report was adopted.

Director Powell announced that he would move to amend section 3, making the regular night of meeting the first and third Thursdays instead of Mondays, in order not to conflict with the Council meeting.

Salary warrants for June were ordered drawn and paid.

The observatory was ordered painted.

The appointment of the head of the mathematical department of the High school was at Director Evans' request next considered. The majority report favored Professor Biedenbach as head. Director Knox in the minority report of the committee favored the appointment of Miss Kate Wertz. The reports aroused considerable comment. Director Powell stated that Principal McChesney favored Biedenbach's appointment. Director Clement wanted to table both reports, but upon a vote the report of the minority committee was accepted. Miss Wertz being elected by the following vote:

Ayes—Ingler, Knox, Redington, Russ, Rutherford, Todd.

Noes—Evans, Gray, Powell, Wilcox.

The heads of the other departments were retained.

The Board adjourned to meet Friday evening.

A FEMININE NIMROD.

Mrs. Thomas Scott of Livermore Supplies the Campers With Game.

Campers in the canyon above Livermore have frequently encountered a young athletic-looking woman neatly clad in a hunting suit with a rifle slung over her shoulders. Not many of them have known that the young woman was Mrs. Thomas Scott, the wife of one of Livermore's richest men, and a nimrod whose reputation as a first class shot is widely extending beyond the circle of her intimate friends.

Mrs. Scott is a true sportsman and takes the keenest pleasure in bagging game. She is now camping with a crowd in one of the picturesque canyons near Livermore and it is due to her efforts that the campers are never in need of fresh game.

In the early morning the crack of her rifle may be heard echoing in the hills, and it never "cracks" when it doesn't bring down a bird or a rabbit or some game. Mrs. Scott is considered a truly remarkable shot, and her aim is rarely if ever at fault.

She is a fearless sportswoman, but there are two things which cause this intrepid woman to turn and fly. They are a rattlesnake and a bear. The very mention of these two bugbears of her existence make Mrs. Scott turn pale and become utterly nerveless.

This feminine nimrod wears a most fetching costume while out shooting, and to see her posed for to shoot is to behold a bewitching bit of femininity. Other women who have tried to follow Mrs. Scott's lead have failed utterly, and the wife of the Livermore capitalist remains the keenest sportswoman and the cleverest nimrod in Alameda county.

FOOLED THE OFFICERS.

W. M. Watson Mistaken for a Bold Burglar in His Own Store.

Policeman Hynes and Special Officer Goodwin, while passing the liquor store of W. M. Watson & Co. on Washington street, between Tenth and Eleventh, about 12 o'clock last night, were attracted by the sound of running water in the basement of the store.

The officers began investigating and soon heard the unmistakable sounds of some one moving about in the store.

Goodwin stood guard with a drawn revolver at the grating, and Hynes forced an entrance into the store through the front door. The officers were rather disgusted when they found that the intruder was Mr. Watson himself, who had heard the running water and had gone into the basement to turn it off.

NOTICE OF STREET WORK.

Notice is hereby given, that on the 6th day of July, A. D. 1897, the City Council of the city of Oakland passed Resolution of Intention No. 23,094 to order the following street work to be done, viz:

That Fifteenth street in said city, from the eastern curb line of Wood street to the western line of Campbell street, excepting therefrom the intersection of Willow street, be regraded to the official line and grade and macadamized with class "C" macadam, also that gutters three feet in width of broken rock and grouted be constructed thereon.

For further particulars, reference is hereby made to said Resolution and specifications for street work on file in the office of the City Clerk of the city of Oakland. This notice shall be published for six days in the Oakland Tribune, being the newspaper designated by said City Council for such publication.

Oakland, July 16th, 1897.

M. K. MILLER,
Superintendent of Streets of the city of Oakland.

ORDINANCE NO.—An Ordinance creating the position of Sergeant of Police, declaring the necessity therefor, and authorizing the Board of Police and Fire Commissioners to appoint persons thereto, upon the recommendation of the Chief of Police, and fixing their compensation.

Be it ordained by the Council of the city of Oakland as follows:

SECTION I.

A necessity existing therefor, the position of Sergeant of Police is hereby created, and the Board of Police and Fire Commissioners is hereby authorized and empowered to appoint three police officers, recommended by the Chief of Police, from the present police force, to be such Sergeants of Police, at a salary of one hundred dollars per month each, the duties of said Sergeants of Police to be such as may be prescribed by the rules and regulations of said department.

SECTION II.

MAY SEE THE ANIMATOSCOPE.

A Treat for Oakland's Little Ones Tomorrow Afternoon.

"THE TRIBUNE" TO ENTERTAIN.

An Opportunity Afforded All to View Edison's Masterpiece.

THE ORPHANS ARE DELIGHTED.

They Will Attend the Big Matinee in a Body.

Everything has been finally arranged for the Tribune matinee at the Edison animatoscope

The matinee will be held tomorrow afternoon from 1 to 5 o clock and every child in Oakland Alameda and Berkeley is expected to take advan age of this opportunity to see the workings of one of the most wonderful inventions of the age.

The little orphans from the asylums of the county will attend the matinee, and already they are making great preparations for the performance These little ones seldom have such an opportunity as is now presented and there is no doubt that what they see at the exhibition will live in their memories for many years to come

There are animatoscopes and animatoscopes, but there is only one genuine Edison animatoscope on the Pacific Coast and that one is to be found at 1155 Washington street Oakland and it is to that one that the Tribune has invited its little friends

Wednesday will be a great day for Oakland's little ones and they have shown their appreciation of the Tribune's generosity by their eagerness in securing papers from which the tickets can be cut Hardly a day passes that the Tribune does not receive numerous calls from the little tykes each loaded down with endless questions about the animatoscope and the matinee

Perhaps the most difficult thing of all for the little ones to realize is that they will see the animatoscope which was built at the Edison works under the great wizard's personal supervision This is true and it is equally true that all other animatoscopes or so called animatoscopes are fakes gotten up to deceive the public

One must witness a performance of the genuine animatoscope before he can realize the vast difference between it and these cheap imitations

There are a few final instructions to be given to the children Remember that you will be admitted to the performance absolutely free upon presentation of the ticket or coupon which will be found upon this page of the Tribune All that is required on your part is the use of a pair of shears The Tribune stands the expense There will be a performance every half hour from 1 to 5 tomorrow and you may attend at any time within those hours that it suits your convenience You are expected to go to the matinee and enjoy yourself Every child in Alameda county, under 15 years of age is welcome to the performance

Twenty pictures will be given at the performance—twenty beautiful moving pictures, colored true to life and life-size A celebrated artist was secured to color the films of the machine when they came from the Edison works and the result of this artists labors have been marvelous

Especially is this noticeable in the picture of 'Anabelle' the beautiful dancer This famous woman received a fabulous sum for dancing before the animatoscope and it was a weighty question with the managers of the instrument just how to have the films colored without spoiling them Each movement of the dancer gave a different tint to her garments At length a celebrated New York artist was secured to do the work After studying the colors for several months the artist went to work on the films and he has produced so true an imitation of the life tints that one in witnessing the performance finds it difficult to realize that he is sitting before a picture and not before a being of flesh and blood

So it is with the great Sunset Limited' scene when the train comes dashing along within the line of vision at lightning speed One can see the engine whistle,' as a little boy expressed it

Everything in the scene is true to life The swaying of the train as it goes dashing over the tracks the dust arising from the roadbed and the hogs and sheep that hurry away from the track as the train approaches—everything is intensely real

Then there is the morning bath where the splashing water and the shivering of the bather is as plainly discernable as in life The expression on the faces of the little darkies as they contest in a watermelon eating match is as enjoyable to behold as it is true to nature and the feeding doves and performing elephants are wonderfully life like

It was a happy thought of the Tribunes in inviting the little ones from the orphan asylums and they have already expressed their gratitude in more ways than one

Here is the last letter received in answer to the Tribune's invitations and it is a fair sample of the others Space forbids the printing of the others The following letter is from the West Oakland Home

Oakland Cal July 19 1897 Tribune Publishing Company Oakland Cal

Dear Sirs Your most kind offer to the children of the West Oakland Home has been received and we shall be most delighted to accept it on their behalf

Thanking you heartily for your kind remembrance I am most truly yours

LIDA A GILMORE

Following is a letter from a little cripple who lives in Berkeley

Berkeley Cal July 19 1897

To the Editor of the Tribune—Dear Sir—I am a little boy only 9 years old I have been crippled ever since I was two years old when I was hurt in a runaway Ever since I have heard of the animatoscope I have wished to see it but I guess I never would have been able to do so if it hadn't been for the Tribune's offer Thanking you in advance for the pleasure I will receive at the matinee I am your little friend

FREDDIE WINKLE

There are many children in Freddie's predicament Times are hard and the dimes which are required for admission to the performance are used for the family's daily bread in a great many cases

The following programme will be rendered

Performing elephants feeding the doves lone fisherman Sunset Limited, morning bath burning stable children's toilet serpentine dance girls pillow fight eating watermelon on a wager

CHARGED WITH ABDUCTION.

An Ex-Circus Performer Runs Away With Another's Children.

By Associated Press to The Tribune

CHICAGO July 20—Mrs Jennie Crosby who disappeared from a steamer at the docks in this city on Saturday with De Witt T and John the little sons of Mrs Annie Brown of this city, has been arrested at Batavia on the charge of abduction

The boys who are 10 and 8 years old respectively were brave-stained and without shoes or stockings Their clothing was ragged and they presented a generally forlorn appearance that would indicate they had passed through some very trying experiences

Mrs Crosby said that the children had not been abducted but were taken with the consent of the mother, who was anxious to get them away from their father who whipped them on the slightest provocation She said the understanding was that Mrs Brown was to join her at Aurora where the two women and the boys would live together

She said she first met Mrs Brown and the latter's boys at Milwaukee at the Home for the Friendless where Mrs Brown was trying to place her little sons The superintendent refused to take them and she and Mrs Brown began talking about the children The result was she said that it was agreed Mrs Crosby should take the boys to Aurora, where Mrs Brown would join them

On leaving the boat at Chicago she bought tickets for Aurora. Arriving there she went to the police station and secured supper and lodging for the night The next morning Mrs Crosby said they started north Upon arriving at Batavia, having walked all the way, she was arrested Mrs Crosby protested her innocence and apparently made no effort to conceal the fact that her charges were the children of Mrs. Brown

She said her home was at 258 Washington street Boston and that she was a circus performer While showing in San Francisco two years ago she said she fell from a trapeze bar and, alighting on her head received injuries from which she had not recovered Since the accident she has been subject to epileptic fits.

PRINCES WILL FIGHT A DUEL

Henry of Orleans May Now Meet a Son of Blood Royal

By Associated Press to The Tribune

NEW YORK July 20—The Herald this morning says

'The Count of Turin who has challenged Prince Henry of Orleans for the remarks he uttered at the expense of the station officers recently released from captivity in Abyssinia is a prince of the blood royal and therefore of Prince Henry's rank

Prince Victor Emanuel of the House at Savoy Aosta Count of Turin was born at Turin in 1870 and is therefore 27 years old He is the son of the late Duke of Aosta a nephew of King Humbert and major in a cavalry regiment

The Count of Turin's challenge created a rather anomalous situation for the Count being the brother of the Duke of Aosta is the brother-in-law of Prince Henry's cousin Princess Helen, whom the Duke of Aosta married in 1895

The Count's mother Princess Maria Dalphozzo Della Cisterna who died in 1876 was considered one of the beauties of the day Her skin was clear and pale her profusion of hair dark and wavy She has given to her sons her slightly aquiline cut of features so much admired in Italy The vicissitudes of her husband's career while on the Spanish throne preyed greatly on the mind of the Princess and she is said to have suffered much from the slights and intrigues of the Spanish court during her husband's short reign

Both the late Duke of Aosta and his brother were much beloved in Turin where they entertained on a scale that was nothing short of royal doing all in their power to benefit and encourage local industries and efforts in Turin and its neighborhood Between the Duke of Aosta and his two brothers the Count of Turin and the Duke of Abruzza there is a great family likeness Eight years after the death of his wife the Duke of Oosta married Princess Maria Letitia of the Bonaparte family

Three Wealthy Coffee Men In a Counterfeit Deal.

WORTHLESS COSTA RICA BILLS.

The Principal Conspirator Is Now in a New York Jail.

AN UNWISE ACT OF A WOMAN.

First Bogus Plates Were Made Secretly In San Francisco.

By Associated Press to The Tribune

NEW YORK July 20—Ricardo de Requesas the principal conspirator in the plot to flood Costa Rica with counterfeit bank bills, who is now in Ludlow street jail awaiting trial, has made a written confession His confession implicates three wealthy coffee planters in Costa Rica—Jose Campos Jose Villalobos and Salvador Ecampo of Santa Domingo Costa Rica—and a nephew of Quires the present Minister of War of the same name of that republic Indeed De Requesas intimates that the Minister had something to do with the counterfeiting business He confessed in part as follows

About July 19 1894 Senor Jose Campos and Senor Jose Villalobos came to this city from San Francisco Cal bringing with them two bonos already engraved for the printing of $100 bills of the Bank of Costa Rica Campos showed me in my office a $100 bill of said bank and asked me how much it would cost to print 10 000 of them making $1 0.0 000 adding that he had had the stones made in California for $500 I answered that that kind of work could not be done by lithographic presses, but by steel plates He asked me then how much it would cost to make the steel plates and print the bills I said $5 000 and I would take the job if he would advance $1 000 He agreed and gave me the money The following day Campos and Villalobos left the city and went to London expecting that upon their return here the notes would be delivered to them but I had done nothing and had no intention of doing anything in the matter

It was seven months after that in the month of February 1895 that I became acquainted with Fredico Mora His visit to my office was in relation to the publication of the pamphlet When Campos and Villalobos returned from London I got $1 000 more from them and I let them go to Costa Rica under the impression that I would do the job and send the bills to them They promised to pay me $3 000 more on delivery of the bills

'Then Campos came to New York about July 1895 and urged me to do the work I promised him to do it if he gave me $1 000 cash to begin at once He did so and I spent that amount in making proofs on copper plates by photo-engraving process I showed Campos these plates He went back to Costa Rica and I never thought of the matter any more Finally he and Villalobos became disgusted and sent Senor Quires here to push the work Senor Quires was the confidential secretary of Senor Campos and Villalobos He is a nephew of Senor Jean B Quires Secretary of War in President Iglesias Cabinet which makes me suspect that the Secretary of War had something to do with the counterfeiting business Senor Quires promised me $1 000 upon the delivery of the notes This was last November I had copper plates made by photo-engraving for which I paid about $500 I gave the plates to Mr Dohmer's son who transferred them to lithographic stones Mr Dohmer spent several weeks in doing the work and finished it last February He made $6 400 by this Senor Quires saw them and was very much pleased with them

Senor Quires left for Costa Rica Mr Dohmer and I cut the bank notes at night and then I took my sofa which I had in my office since December last and packed the bills into it and shipped it to Campos at Port Limon Costa Rica

I arrived in Port Limon with Mrs R Reinman under the name of Mr Reinman The day after we landed the Chief of Police and the private secretary of President Iglesias came to Limon by special train and I was advised to leave the country Before landing Mrs Reinman concealed under her dress the four packages of bills which we had brought in a satchel from New York and she smuggled them through the Custom House Noticing that we were closely watched and might be searched we decided to put the four packages of bills upon a wardrobe While I was on board Campos arrived from the Capitol He and Senor Chacon one of the witnesses sent here by the Government of Costa Rica and who acted as a confederate of Campos in Limon came on board and I took them both into my cabin where I delivered to them the bill of lading and Consular invoice The sofa had arrived in Limon about three weeks before we did During our interview I asked Campos for the $4 000 he had promised to pay me He said he had only $200 in his pocket and added that if Mrs Reinman went to San Jose the Capitol he would pay her the money in about two weeks This and the fact that Mrs Reinman was to receive $3 000 as her share in the transaction explains her trip to the Capitol

'I had told Mrs Reinman not to remove the four packages of bills I had left on the wardrobe for Campos but she thought she could make some money with the four packages of bills by selling them to some one in San Jose and she took them up with her and made arrangements with Wolcott in the Hotel Imperial, where she was stopping, and gave him the four packages so that he would put them in circulation She has told me the waiter put in circulation about $20 000 and the balance of $50,000 was found in his possession when he was arrested. It was therefore through Mrs Reinman's cupidity that the bills were put into circulation'

GIRLS DEFY POLICE OFFICERS.

A Riot in a Denver Home for the Reform of Incorrigible Females.

By Associated Press to The Tribune.

DENVER, July 20—A minature riot occurred at the State Home for Incorrigible Girls as a result of which twelve of the inmates are now locked up at the central police station The trouble arose over the punishment of one of the girls for stealing sugar from the dining room A mutiny occurred led by a number of those who had previously had trouble with the matron, and who claim to have been mistreated There were forty girls in the institution, ranging in age from 14 to 18 years, and when the affair was once started they all took a hand The first act was to smash the telephone with the purpose of preventing the summoning of help by the attendants Then they began to throw dishes about the house, break furniture and commit other depredations Finally the police were notified and Sergeants McNeill and Hendricks, with five patrolmen, were sent with two patrol wagons to the scene of the trouble At first the girls resisted, throwing dishes and red pepper at the officers The leaders of the riot were finally secured and placed in the wagons, while the remainder promised to behave themselves The trip from the Home to the police station was a noisy one, the girls passing compliments upon every one whom they met.

TIRED OF THE CUBAN WAR.

Spaniards Satisfied at Length That the Island Should Be Free.

By Associated Press to The Tribune

NEW YORK July 20—Among the passengers who arrived in this city by the steamship La Gascogne from Havre were Antonio Bravo a Cuban provincial deputy and Leandro G Alsoita, editor of La Paz a Madrid newspaper. Both men were political prisoners in Spain, and together they escaped to France where they boarded the steamer for this city

Senor Bravo, speaking about public opinion in Spain regarding the Cuban war said The mass of the Spanish people are disgusted with the outlook in Cuba. They begin to realize the uselessness of prolonging a war which has cost the Spanish nation about 50,000 men and over $200 000 000 Public men in Spain begin to voice the popular sentiment. Pi Margall the venerable leader of the Republicans and Francisco Silvela the leader of the Conservatives, were frantically applauded in recent meetings when they pointed to the advisability of letting Cuba go Those who have contributed a large share of blood and cash in the present struggle long for a conflict with the United States in the hope that that would afford Spain an opportunity to withdraw her troops from Cuba."

FRIENDLY REPUBLICS.

Brazil Now Represented in Both the States of Ecuador and Colombia

By Associated Press to The Tribune

NEW YORK, July 20—Jose de Castro special minister of Brazil for the establishment of diplomatic relations between his government and the governments of Ecuador and Colombia, arrived here on the Atlas line steamship Altai

For twenty-seven years Brazil has had no legation at Quito or Bogota. They have at last been established Minister De Castro is not unknown here having been Brazilian charge d affairs at Washington from 1888 to 1891 and secretary of the legation from 1891 to 1895 He expressed himself as well pleased with the friendship that exists between his country and the two sister republics to which diplomatic representatives are now sent

James Edward Buckley who has been United States vice-Consul at Bogota, and who went to Colombia in connection with a railroad enterprise, also returned on the Altai The Presidential campaign he says has opened with President Caro and Gen Reyes, Minister to France, both candidates They are friends The election will take place February 2 1898 but under the laws the President must resign six months before the election if he is a candidate for re-election It is expected that President Caro will resign August 2d

LOGAN LIVES IN BRONZE.

A Fine Monument In His Honor to Be Unveiled at Chicago.

The Ceremonies Will Eclipse Any Ever Held in the West.

By Associated Press to The Tribune.

CHICAGO July 20—Distinguished guests who are to take part in the Logan monument dedicatory ceremonies have already arrived Prominent among them are Secretary of War Alger, who made but a short stop in the city and will return July 22d Major W F Tucker, U S A, son-in-law of General Logan, Mrs Logan Tucker and two sons Logan and George Edwin Tucker, C St Gudens, the designer and sculptor of the monument itself and Assistant Secretary of the Navy Roosevelt The arrangements for the demonstration are under full headway The committees and sub-committees which have assumed charge of the various details of the preliminary work are holding morning afternoon and evening sessions and their plans are well advanced, far towards completion

It was definitely settled last night that President McKinley would not be able to come W Beach Taylor, Logan's old private secretary, was in Washington to secure the attendance of the President but the fact that Congress is just about to pass the tariff bill requires the presence in the capital of the nation's executive Mr Taylor had two interviews with the President yesterday He was unable to get Mr McKinley to promise to come to Chicago Senator Cullom who has been in constant close communication with William H Harper of the committee on arrangements, wired that the Senate would dispose of the tariff measure either Thursday or Friday Under those circumstances it will be impossible for President McKinley to absent himself from Washington

Secretary Gage will not be able to attend The Illinois Congressional delegation will be represented by a committee consisting of Messrs Mann Belknap Foss, Lorimer, Prince, Jett and Campbell

The enforced absence of the President is a sore disappointment to the Logan Day Committee and it has upset many of their arrangements Who will take the President's place as the orator of the day is a question Mr Harper said that the President undoubtedly would designate some one for the task but he did not know who would be elected

The first of the visiting soldiers to reach here four companies of the Nineteenth United States Infantry, arrived in the city last night on the steamer Manitoba They came from Fort Brady, at Saut Ste Marie Other troops will arrive today

Governor Drake of Iowa will be here tomorrow afternoon

Governor Mount of Indiana will arrive Thursday morning accompanied by thirty members of his personal staff and will occupy quarters at the Victoria Hotel The exact time of the arrival of Governor Schofield of Wisconsin and the Governors of Oklahoma and West Virginia will not be learned until this evening, but it is believed that like Governor Mount they will delay coming until the morning of the ceremony Governor Mount will follow the example set by Governor Tanner in the Giant procession in New York and ride with his staff

The civic and military features promise to surpass those of any similar demonstration that has ever been held west of the Allegheny mountains Ten thousand soldiers in arms 2 000 veterans who followed the lead of the fighting commander whose deeds are to be perpetuated in bronze, 3 000 members of uniformed orders to which General Logan belonged during his lifetime, and a multitude of civilians organized under various names will march in the monster parade which is to be the spectacular feature of the unveiling of the monument in Lake Front Park next Thursday afternoon

The work of the committee on marine display is nearly completed and the outer harbor will be alive with craft on Thursday The assemblage of boats on the lake front Thursday afternoon will be the finest thing ever seen on the lake

The big grand stand which has been built to hold 8 000 persons is ready and crowds visited the Lake Front Park to view the structure

Mrs Logan and her party will reach here at 9 o'clock Wednesday evening over the Lake Shore road

HIS RELATIVE WAS KIND.

A Grass Valley Croesus' Novel Test of True Kinship.

A Liberal Bequest Is the Reward to a Poor Eastern Relation.

By Associated Press to The Tribune.

NEW YORK, July 20—A special to the Journal and Advertiser from Hazelton Pa., says

'John McDonald, a poor coal miner of Jeansville, a suburb of this city, is now thankful that he extended hospitality to an apparently poor and ragged relative a few days ago For this act of kindness he is destined to receive by the will of a relative in Grass Valley, California, $75,000, with a yearly income of many thousands more

Arthur McDonald, the deceased relative was an early settler in this section, and in 1852, tiring of the coal regions, went to California, accompanied by his brother George and a half-sister. From the first he prospered, but all trace of the trio was lost to the Eastern relatives He became interested in several gold mines and was owner of the Hudson Bay mine, which was a bonanza.

Two years ago, Arthur McDonald, wishing to know whether the relatives in the East were worthy of sharing his wealth in the event of his death, sent his brother George hither, disguised as a poor and helpless beggar soliciting help He called on John McDonald in Jeansville Mr McDonald had a large family to support, and was not overburdened with wealth, but he welcomed the relative and gave the best he had in the house The uncle left shortly afterwards, apparently satisfied that at least one of the relatives was deserving of a share in the legacy

He left for New York city to visit another nephew but the reception was of a different character from that received in the coal regions and he was told to move on The result is that this one has been cut off in the will with $20 Mr McDonald has received word of the death of his Uncle Arthur and also other letters and a copy of the will, the latter now being in the hands of Rev Mr Fitzmaurice in this city The latter was first communicated with by the bishop of the Grass Valley diocese to establish the identity of the Jeansville miner which is now complete

THOUSANDS OF MILES AWAY

Some Facts for Those Who Want to Travel to the Yukon.

By Associated Press to The Tribune

CHICAGO, July 20—P B Weare, vice president of the North American Trading Company, is receiving hundreds of letters asking information regarding the Alaskan gold fields. He said today

The boats which sail from Seattle this month are full—every passage taken That means that any one who wants to go to Clondyke must wait for the August boats And the journey is 7 000 miles People talk about it as if it was walking across the street They don't realize what Alaska is—what the Yukon is They will need a map to convince them of the truth that the country of the Yukon and its tributaries in Alaska and British America is large as the whole United States east of the Mississippi—that it is longer than a trip to Europe before they reach the Behring sea, and the mouth of the Yukon, that by the time they strike the Yukon the Alaskan arctic winter will be upon them

By September 20th the winter settles down and the Yukon country is frozen solid till next May The expense of getting from Chicago to Seattle is $60 and from Seattle to the Behring sea $150 There will be thousands of Eastern men who will go, but of course the coast people have everything in their favor One thing must be remembered, that the Clondyke country is in British domain and will be governed accordingly."
